*Recruiting a Multi-racial Police Force* Simon Holdaway, 1991-01-01 At the beginning of 1990 there were 1306 officers from minority ethnic groups in the police forces of England and Wales just one percent of police strength Concern about under representation of the ethnic minorities in the police service has led to a number of police recruitment initiatives in recent years with varying emphasis on the reasons behind the problem and the strategies that might be undertaken to combat it This report describes an 18 month research project which looked at specific police initiatives and general policies to recruit members of ethnic minorities The findings show that ethnic minority recruitment is an issue which touches on a very broad range of police policies and practices and will be of interest to everyone concerned with formulating and implementing policies that recognize the multi racial nature of our society and create equal opportunities within it

## **Resigners? The Experience of Black and Asian Police Officers** Anne-Marie Barron, Simon Holdaway, 2016-07-27

Based on interviews with black Asian and white resigners from the police this book analyses the ways in which mundane features of employment within constabularies racialize the work of officers and leads to a decision to resign It is argued that the occupational culture of policing remains a key context for the racialization of relationships between officers from majority and minority ethnic groups This book adds to sociological and criminological research by grounding racialized relations within the reality of day to day work

*Ethnicity And Crime: A Reader* Spalek, Basia, 2008-07-01 Basia Spalek has compiled an excellent reader about a much researched and highly sensitive subject Crucially she contextualises ethnicity and crime within broadly defined social and intellectual contexts avoiding the limitation of all too frequently repeated research based solely on statistical measures and policy evaluations Simon Holdaway Professor of Criminology and Sociology Sheffield University Issues in relation to race and ethnicity have generated substantial and ever growing interest from and within a multitude of academic research and policy contexts This book brings together important material in race and ethnic studies and provides different ways of thinking about race and ethnicity in relation to crime and the criminal justice system *Ethnicity and Crime A Reader* consists of a collection of works that capture the main themes that arise from within this vast area of work It is divided into five sections Race and crime racial discrimination and criminal justice The racialisation of crime Social political and cultural contexts Race ethnicity and victimisation Self and discipline reflexivity Ethnic identities and crime Ethnic identities institutional reflexivity and crime Each section contains recurring and overlapping themes and includes many different ways of thinking about race and ethnicity in relation to crime It spans theoretical approaches that might be labelled as positivist critical race analyses left realist approaches feminist as well as post modern perspectives This is the first title in the new series Readings in Criminology and Criminal Justice and follows the series format of thematic sections together with an editor s introduction to the complete volume and an introduction to each section

**Racism and Public Policy** Y. Bangura, R. Stavenhagen, 2005-04-05 In a time when racism is on the rise as a source of conflict and social justice

has been increasingly demanded by the civic society this collection stands as a timely reminder that to ignore the racial factor in the globalization forces is as mistaken as eliminating class analysis The essays published here supplement the literature of comparative race relations from the standpoint of the theory of institutional racism and its effect on public policies such as immigration citizenship security and policing      *Policing beyond Macpherson* Mike Rowe,2013-06-17 The book will explore the impact of the Lawrence Report since it was published in 1999 Upon publication Home Secretary Jack Straw promised that the Macpherson Inquiry would lead to real change in the policing of minority ethnic communities in Britain Several senior police officers made similar pledges and insisted that the benchmark against which their commitment should be judged should be the extent to which progress was made on the ground In the aftermath of the report a host of initiatives have addressed issues ranging from police liaison with victims first aid training to stop and search procedures and police complaints As well as exploring the many ways in which the Lawrence Report has impacted on the police service and on society more widely this collection assesses the extent to which in retrospect the Macpherson Inquiry has led to significant changes to policing and highlights areas where future efforts ought to be concentrated      **Recruiting a Multi-racial Police Force: a Research Study** Great Britain. Home Office,1991      **The Racialisation of British Policing** Simon Holdaway,1996-03-06 Drawing extensively on his own and others research Simon Holdaway argues that to understand manifestations of race within and outside the police we need to analyse processes of racialisation previously ignored by the untheoretical emphases of much of criminology Importantly he analyses how race is manifested within the organisational and cultural contexts of British policing Laced with quotations from research contemporary policy documents and other sources this is a graphic and compelling account of racialised relations within police work which will appeal to students on a very wide range of social science degrees from sociology to police studies      **Urban Crime Prevention, Surveillance, and Restorative Justice** Paul Knepper,Jonathan Doak,Joanna Shapland,2017-09-20 Crime prevention surveillance and restorative justice have transformed the response to crime in recent years Each has had a significant impact on policy introducing new concepts and reassessing traditional aims and priorities While such efforts attract a great deal of criminological interest they tend to be discussed within separate and disc      **Racism in the Criminal Justice System** University of Toronto. Centre of Criminology,1995      *Anti-Racist Probation Practice* Lena Dominelli,2017-03-02 The probation service has committed itself to anti racist initiatives and those promoting equal opportunities for some time However the experiences of black people whether as workers or clients indicates that the realities of day to day practice are far removed from this Moreover the picture is just as bleak if not even more so in other parts of the criminal justice system including the judiciary and the prison service Anti Racist Probation Practice addresses this conundrum and drawing on the experiences of black people makes practical proposals for moving forward in non tokenistic ways These include core areas of practice for example court reports monitoring systems resource allocation and working relations Arguing that process

procedures and outcomes in the work done must be taken together if individual institutional and cultural racism are to be eradicated the book shows that anti racist probation practice must be taken seriously by both black and white people if it is to materialise

*Crime and Deviance* Tony Lawson,Tim Heaton,2009-11-27 What do sociologists mean when they talk about crime and deviance Can we use theory to explain why individuals break the law And how do we measure criminal behaviour in modern society This book uses key concepts and essential theory to explore these questions and explain their answers The second edition of this student focused text continues to offer clear and structured guidance on the sociology of crime and deviance With basic definitions and clear analysis of theory and statistics this book gives its reader the tools to build their knowledge and understanding of the topic In particular this text Explores and critiques essential sociological theory including functionalist feminist and postmodernist debates Examines how criminal justice data and crime statistics are compiled Questions the reliability of social patterns of crime in terms of gender class age and ethnicity Looks at new types of crime from surveillance to terrorism and green crime to state crime As part of the Skills Based Sociology series this new edition of Crime and Deviance is packed with a variety of tasks activities and exam practice questions These encourage students to take an active role in their learning whilst promoting critical thinking alongside skill development This book is the perfect starting point for students keen to understand the sociology of crime and deviance as well as an excellent source for revision
