## Red 2006 Calendar:

**The Russian Orthodox Community in Hong Kong** Loretta E. Kim, Chengyi Zhou, 2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People's Republic of China. A hub of interregional and international migration it has been the temporary and long term home of people belonging to many racial, ethnic and cultural groups. This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church. This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul (OPASPP) at the turn of the twenty-first century. This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers. The community formed by and around the OPASPP is important to foster Sino-Russian relations based on individual to individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints. **AsianArtNews**, 2006 *Golden Gate National Recreation Area (N.R.A.), Dog Management Plan*, 2011 Red Medicine Patrisia Gonzales, 2012-05-01 Patrisia Gonzales addresses Red Medicine as a system of healing that includes birthing practices, dreaming and purification rites to re-establish personal and social equilibrium. The book explores Indigenous medicine across North America with a special emphasis on how Indigenous knowledge has endured and persisted among peoples with a legacy to Mexico. Gonzales combines her lived experience in Red Medicine as an herbalist and traditional birth attendant with in-depth research into oral traditions, storytelling and the meanings of symbols to uncover how Indigenous knowledge endures over time. And she shows how this knowledge is now being reclaimed by Chicanos, Mexican Americans and Mexican Indigenous peoples. For Gonzales, a central guiding force in Red Medicine is the principle of regeneration as it is manifested in Spiderwoman. Dating to Pre-Columbian times, the Mesoamerican Weaver Spiderwoman, the guardian of birth, medicine and purification rites such as the Nahuatl sweat bath, exemplifies the interconnected process of rebalancing that transpires throughout life in mental, spiritual and physical manifestations. Gonzales also explains how dreaming is a form of diagnosing in traditional Indigenous medicine and how Indigenous concepts of the body provide insight into healing various kinds of trauma. Gonzales links pre-Columbian thought to contemporary healing practices by examining ancient symbols and their relation to current curative knowledges among Indigenous peoples. Red Medicine suggests that Indigenous healing systems can usefully point contemporary people back to ancestral teachings and help them reconnect to the dynamics of the natural world. **Red** Paul Kane, **Internal Revenue Cumulative Bulletin** United States.
