Red Horizons Chronicles Of A Communist Spy Chief:

Red Horizons Ion Mihai Pacepa,1987 A former chief of Romania's foreign intelligence service reveals the extraordinary corruption of the Nicolae Ceausescu government of Romania its brutal machinery of oppression and its Machiavellian relationship with the West An inside story of how Communist Party leaders really live *Red Horizons* Ion Mihai Pacepa,1987 The Journal of Intelligence History , **Red Horizons** Ion Mihai Pacepa,1987 *Democratic Revolutions* Mark K. Thompson,2003-11-20 Thompson examines the neglected concept of democratic revolutions spontaneous popular uprisings which topple unyielding dictators and begin a transition process that eventually results in the consolidation of democracy **The Counterintelligence Chronology** Edward Mickolus,2015-08-13 Spying in the United States began during the Revolutionary War with George Washington as the first director of American intelligence and Benedict Arnold as the first turncoat The history of American espionage is full of intrigue failures and triumphs and motives honorable and corrupt Several notorious spies became household names Aldrich Ames Robert Hanssen the Walkers the Rosenbergs and were the subjects of major motion pictures and television series Many others have received less attention This book summarizes hundreds of cases of espionage for and against U S interests and offers suggestions for further reading Milestones in the history of American counterintelligence are noted Charts describe the motivations of traitors American targets of foreign intelligence services and American traitors and their foreign handlers A former member of the U S intelligence community the author discusses trends in intelligence gathering and what the future may hold An annotated bibliography is provided written by Hayden Peake curator of the Historical Intelligence Collection of the Central Intelligence Agency The Russian Factor Simona Pipko,2011-03-18 We are at war in WWII for many decades now We have been systematically targeted on different fronts and locations Alas my beloved America has not recognized it yet This nonfiction work chronicles the development of world politics in the 21st century Discover the single driving force behind today's threat of global terrorism Learn why the 9 11 attack was just one link in a long chain of battles against Western civilization and how Islam and oil are being used as weapons by a very determined enemy The author sets the stage with several first hand narratives from her unique experience as a prominent attorney in Russia Then she demonstrates how a global war set in motion nearly a century ago continues to pose the largest and most imminent threat to the world Decide for yourself ones you have seen Ms Pipko's evidence from Russia's quickly growing intelligence apparatus to infiltrations of the CIA and UN The Russian Factor brings Cold War suspicions into sharp focus With Simona Pipko's heartfelt voice this book is also an intriguing retelling of a life lived purposefully **The Remote Borderland** Laszlo Kurti,2001-07-19 Explores how Transylvania figures in the Hungarian imagination and how this border region functions in the creation of national identity Studies in Intelligence ,2004 **Modern Roots** Alain Dieckhoff,Natividad Gutiérrez,2017-07-05 Interest in the study of national identity as a collective phenomenon is a growing concern among the social and political sciences This book

addresses the scholarly interest in examining the origins of ideologies and social practices that give historical meaning cohesion and uniqueness to modern national communities It focuses on the various routes taken towards the construction of cultural authenticity as an inspirational purpose of nation building and reveals the diversity of the themes practices and symbols used to encourage self identification and communality Among the techniques explored are the dramatization of suffering and tragedy the exaltation of heroes and deeds the evocation of landscape nature and the arts and the delimitation of collective values to be pursued during reconstruction in post war periods Stalinism for All Seasons Vladimir Tismaneanu,2003-10-15 This history of the Romanian Communist Party RCP traces its origins as a tiny clandestine revolutionary organization in the 1920s to its years in national power from 1944 to 1989 and to the post 1989 metamorphoses *1989 in Central Europe: A Counterrevolution* Paweł Ukielski,2024-08-09 The literature on the fall of communism contains numerous interpretations of the changes that took place in Central and Eastern Europe in 1989 while debates about how best to characterize the fall of the communist regimes have raged for many years Researchers continue to ponder and argue over how revolutionary as opposed to evolutionary or reformatory these changes were In this new study author Pawe Ukielski proposes the term counterrevolution to describe the historical process that took place and uses it as an analytical construct to better understand the crisis of Soviet communism and the subsequent transitions that took place

Eastern Christianity and the Cold War, 1945-91 Lucian Leustean,2010-01-21 Despite widespread persecution Orthodox churches not only survived the Cold War period but levels of religiosity in Orthodox countries remained significant This book examines the often surprising relations between Orthodox churches and political regimes It provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the Second World War to the fall of communism covering 40 Orthodox churches including diasporic churches in Africa Asia America and Australia Based on research from recently opened archives and publications in a wide range of European languages it analyses church state relations on both sides of the Iron Curtain It discusses the following key themes the relationship between Orthodox churches and political power religious resistance to communism the political control of churches religion and propaganda monasticism and theological publications religious diplomacy within the Orthodox commonwealth and religious contacts between East and West Lethal Politics R. J. Rummel,2017-07-05 While there are estimates of the number of people killed by Soviet authorities during particular episodes or campaigns until now no one has tried to calculate the complete human toll of Soviet genocides and mass murders since the revolution of 1917 Here R J Rummel lists and analyzes hundreds of published estimates presenting them in the historical context in which they occurred His shocking conclusion is that conservatively calculated 61 911 000 people were systematically killed by the Communist regime from 1917 to 1987 Rummel divides the published estimates on which he bases his conclusions into eight historical periods such as the Civil War collectivization and World War II The estimates are further divided into agents of death such as terrorism deportations and

famine Using statistical principles developed from more than 25 years of quantitative research on nations he analyzes the estimates In the collectivization period for example about 11 440 000 people were murdered During World War II while the Soviet Union had lost almost 20 000 000 in the war the Party was killing even more of its citizens and foreigners probably an additional 13 053 000 For each period he defines counts and totals the sources of death He shows that Soviet forced labor camps were the major engine of death probably killing 39 464 000 prisoners overall To give meaning and depth to these figures Rummel compares them to the death toll from major wars world disasters global genocide deaths from cancer and other diseases and the like In these and other ways Rummel goes well beyond the bare bones of statistical analysis and tries to provide understanding of this incredible toll of human lives Why were these people killed What was the political and social context How can we understand it These and other questions are addressed in a compelling historical narrative This definitive book will be of interest to Soviet experts those inte

The Adventure George C. Klein, 2007 Born from Professor George C Klein s adoption of two Romanian babies in 1990 this work is a personal and analytical autobiography Compiling data from the 1989 Romanian revolution the oppression that led to the overthrow of Communism and his personal experiences in Romania The Adventure is primarily a description of the torturous process he and his wife endured in order to adopt two babies from a Romanian orphanage It is also an examination of Romanian society from an institutional national and global perspective The author analyzes individual issues such as forced pregnancies neglect in orphanages and economic deprivation Professor Klein examines how the Romanian Communist Party held power in that era and explores the collapse of Communism in Eastern Europe His adept study discusses the various socio economic and political factors that led to the collapse of Communism and ultimately to the successful adoption of his Romanian children BOOK JACKET Press,

Propaganda and Politics Rubén Jarazo Álvarez, Andrada Fatu-Tutoveanu, 2014-08-11 This collective work aims to compare media and in particular cultural press in Francoist Spain and Communist Romania placing the two opposing paradigms in a common approach with the intention of identifying shared patterns and intricate connections between them but at the same time without ignoring their radical differences This comparison is performed both explicitly through several chapters focusing on the general methodological implications of such a comparison between Francoist Spain and Communist Romania in the development of totalitarian dictatorial propagandistic systems and implicitly by offering the academic frame to a series of case studies from both regimes The contributors to this volume Spanish Anglo Saxon and Romanian scholars approach several aspects of media in relation to politics propaganda historical or social aspects in the two regimes based on their academic backgrounds history cultural studies media and literature The volume intends to suggest through its collection of general comparative or analytic chapters as well as through a new approach on two political and cultural phenomena otherwise studied as opposing paradigms the need for a larger debate on the potential of the approach to these phenomena in a common framework

Death of the Father John Borneman, 2004 Death of the Father is a comparative examination of

the crises in symbolic identification and national traumas that have resulted from the defeat and or implosion of regimes in Fascist Italy Nazi Germany Imperial Japan and Communist Eastern Europe Residual Uncertainty Roy Pateman,2003 Intelligence networks will forever be with us and surely there will always be an appropriate role for the intelligence community There are still important but hard to learn facts about targets including the intentions and capabilities of rogue states and terrorists the proliferation of unconventional weapons and the disposition of potentially hostile military forces that can only be identified monitored and measured through dedicated intelligence assets In Residual Uncertainty Roy Pateman gives numerous examples of where security has been breached and networks severely even irreparably compromised and explains how the consequences of intelligence failure will surely be graver in the future Pateman pinpoints the causes of failures in intelligence and policy in today s world and offers solutions that will drastically overhaul and improve our intelligence networks *Dirty Tricks or Trump Cards* Roy Godson,2018-02-06 Contrary to popular misconceptions and public branding as dirty tricks covert action and counterintelligence can have considerable value Democracies while wary of these instruments have benefited significantly from their use saving lives treasure and gaining strategic advantage As liberal democracies confront the post Cold War mix of rogue states and non state actors such as criminals and terrorists and weapons of mass destruction and mass disruption these clandestine arts may prove to be important tools of statecraft and perhaps trump cards in the twenty first century Godson defines covert action as influencing events in other parts of the world without attribution and counterintelligence as identifying neutralizing and exploiting the secret activities of others Together they provide the capability to resist manipulation and control others to advantage Counterintelligence protects U S military technological and diplomatic secrets and turns adversary intelligence to U S advantage Covert action enables the United States to weaken adversaries and to assist allies who may be hampered by open acknowledgment of foreign support Drawing on contemporary and historical literature broad ranging contacts with senior intelligence officials in many countries as well as his own research and experience as a longtime consultant to the U S government Godson traces the history of U S covert action and counterintelligence since 1945 showing that covert action works well when it is part of a well coordinated policy and when policy makers are committed to succeeding in the long term Godson argues that the best counterintelligence is an offensive defense His exposition of the essential theoretical foundations of both covert action and counterintelligence supported by historical examples lays out the ideal conditions for their use as well as demonstrating why they are so difficult to attain This book will be of interest to students and general readers interested in political science national security foreign policy and military policy **Philosophical Perspective on Cinema** Pedro Blas González,2022-05-17 The main premise of Philosophical Perspective on Cinema is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to

itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence
