Red Lake Revisited:

Red Lake Revisited Avrum B. Organick, 2002 The story of a man and his family living in two worlds Jack Berkowitz and his Navajo wife Ida spend time and share the joys and tragedies of Ida's extended Navajo family **Limnology of the Red Lake, Romania** Gheorghe Romanescu, Cristian Constantin Stoleriu, Andrei Enea, 2013-05-23 The Red Lake is a natural barrier lake at the foot of the Hasmasu Mare Mountains in the Eastern Carpathian Range in Romania It was formed when the Bicaz River was blocked by a natural dam resulting from two landslides during an extreme heavy storm in 1837 This book presents an interdisciplinary and comprehensive study on the physical chemical geographical and ecological aspects of Red Lake Lacu Rosu The first three chapters cover the formation and geological setting and its relationship with the Bicaz Gorges Haghimas national park Subsequent chapters present the sedimentological morphological and hydrological evolution of this unique natural laboratory and climatological setting The final chapters deal with ecological aspects of Red Lake waters and adjacent ecosystems such as wetlands and water resource management issues **Wyoming Revisited** Michael A. Amundson, 2014-05-15 Showcases this little known creature thriving the rugged mountains of North America *Ayodhya Revisited* Kunal Kishore, 2016-01-01 This work of monumental research is a treatise on Ayodhya with utmost authenticity and absolute accuracy Based on original sources and scientific investigation it propounds a new thesis which demolishes many popular perceptions It exonerates the intrepid warrior Babur from the charge of demolishing a temple on the birthplace of Rama and constructing the mosque which has been a source of contention and dissension for long It further shows how inscriptions in the mosque were factitious and Mir Baqi of inscriptions is a fictitious person different from Baqi Tashkindi Shegawal of the Baburnama The book produces incontrovertible evidence which indubitably proves that there existed a Rama temple on the Ramajanamabhumis The exact birthplace of Rama was earmarked by a rectangular Bedi measuring 18.9 in length and 15 in width and was located in the inner portion of the disputed shrine The demolition of the temple and the construction of the mosque did not take place in 1528 A.D. but in c. 1660 A.D. when Fedai Khan was the Governor of Aurangzeb at Ayodhya It is a historical fact that until the British takeover of Awadh administration in 1858 both the Hindus and Muslims used to perform puja and offer Namaz respectively inside it All Mughal Emperors from Babur to Shah Jahan were magnanimous and liberal rulers and the Bairagis of Ayodhya enjoyed patronage of the first four Nawabs of Awadh However during the long rule of Aurangzeb the country was engulfed in the fire of fanaticism It has been shown in this book how an absolutely unfounded rumour in 1855 A.D. that the Hanumangarhi temple was constructed on the site of a mosque created cleavage between the two communities and the resultant festering wounds have not healed despite best efforts by saner elements of both the communities The book exposes many eminent historians hypocrisy and their lack of objectivity in writing history and it may be said that their presentation of contrived history on Ayodhya has caused irreparable damage to the cause of harmonizing communal relations in the country In contrast this text earnestly tries to take away the toxin from the polluted body of Indian

politics For the first time a number of unexplored documents have been incorporated in this book as evidence and it may be proclaimed with pride that this book contains much more information on Ayodhya than available hitherto Justice G B Patnaik a former Chief Justice of India after going through the manuscript has endorsed the author's thesis in his Foreword It is hoped that the book will put a quietus to the long standing dispute
