Cross-Cultural Perspectives on Couples with Mixed HIV Status: Beyond Positive/Negative Asha Persson, Shana D. Hughes, 2016-10-24 This edited volume presents a detailed portrait of couples living with mixed HIV status where one partner is HIV positive and the other negative. Readers will come to understand the various and complex ways in which these mixed status or serodiscordant couples build a life together within the shadow of HIV related stigma. Spanning the globe, coverage explores serodiscordance as a negotiated practice and process inseparable from the social context in which it is situated. The book shows how couples draw on diverse and sometimes contradictory cultural discourses of medicine, romance, and normality to make sense of and manage their mixed HIV status and any perceived risks, not uncommonly in ways that depart from prevailing HIV prevention messages. Throughout, compelling personal stories accompany the empirical research, sharing the firsthand experiences of men and women in serodiscordant relationships. Bringing together research from diverse disciplines and geographical regions, this book contributes important insights for future HIV health promotion as well as offers new knowledge to scholarship on the cultural intersections of illness and intimacy. It will appeal to a broad audience working across the fields of HIV health, gender, sexuality, development, and human rights. *The Best Science Fiction and Fantasy of the Year* Jonathan Strahan, 2011-03-01 Strahan's fifth anthology contains 29 wide-ranging tales. Neil Gaiman's *The Truth Is a Cave in the Black Mountains* is a deceptively simple folktale-styled story of the price one may pay for gold. *The Sultan of the Clouds* by Geoffrey Landis untangles a complex knot of childish power. Sarah Rees Brennan's *The Spy Who Never Grew Up* gives a beloved childhood icon a sinister update. Diana Peterfreund's *The Care and Feeding of Your Baby Killer Unicorn* turns unicorn lore on its head, and Rachel Swirsky's *The Lady Who Plucked Red Flowers Beneath the Queen's Window* puts a fantasy spin on the temporal culture shock of immortality. This year, the fantasy tales outdo the SF in depth of storytelling and characterization, though all the inclusions are strong, with few ideas left by the wayside. **Cloak of Red** Isabel Jolie, 2023-08-31 In the past, he was paid to protect me. Now, he's being paid to marry me. My first operation in the field, the marriage is a cover. Damian Fisher is a CIA legend with a shaggy beard, chocolate curls, and deep blue eyes. As a teen, my girlfriends swooned in his presence. I never expected to work with him as an equal. I'd bet he never expected it either. But my overprotective father is a powerful man, and I wouldn't put it past him to pull a stunt like this to protect his baby girl. Requesting my old bodyguard and his close friend to work by my side is right down Daddy Dearest's alley. But I no longer need protection. I worked hard to overcome the effects of the abduction. Someone played me like a pawn on a chessboard, and I'm dedicating my career to unveiling the players, calling the shots. Only lines blur when our relationship becomes all too real. Secrets from my past unfurl. Chaos erupts. In the end, it's not just our mission on the line. It's also our hearts and lives. What am I willing to sacrifice to unravel the past and stay true to my mission? *Cloak of Red* is a billionaire forbidden romantic suspense, age gap, fake marriage romance between two CIA undercover officers.
