## Red Right Returning:

Red Right Return John H. Cunningham, 2011-11 Buck Reilly is a lot like the rest of us trying to make ends meet and hoping for better times. He is living in a Key West hotel and operates Last Resort Charter and Salvage aboard a 1946 Grumman Widgeon flying boat hunting for sunken treasure and taking on an occasional passenger no questions asked. But when he delivers a mysterious woman to a mission boat destined for Cuba, things start going downhill quick. He faces down the dark forces of Santeria priests, Cuban Secret Police, and an FBI agent with a grudge. Buck has nothing but ingenuity to save his skin and the lives he put in peril and prevent a war with America's longest running enemy. When you see the world through Buck Reilly's eyes, the view will never be the same. About the Author: John H. Cunningham, outdoorsman, world traveler, and aviation enthusiast, is a commercial real estate professional and former editor. He lives in Virginia with his wife and two daughters. *Red Right Return* is his first novel. Visit the author online at [www.jhcunningham.com](http://www.jhcunningham.com). Endorsement: *Red Right Return* is a high energy romp through the streets of Key West and the skyways of the Florida Straits. Cunningham's treasure hunting amphibian flying hero Buck Reilly could be a reincarnation of Travis McGee with wings. RRR is the first in what will surely be a series of classic Florida adventure novels. Great fun, highly recommended. Robert Gandt, author of the Brick Maxwell series.

*Red, Right, Return* June Keating Sherwin, 2011-12 Eleven year old Chad Hatcher was only trying to get proof. No one would believe him without it. He'd spotted some men hauling suspicious looking rocks off a reef near his house in the Florida Keys and he suspected that the shiny bits of metal embedded in the rocks were pieces of treasure from an ancient shipwreck site. It couldn't be a legal dive site, not that close to a protected reef. Chad concocts a plan to stop the looters before they destroy the reef. But when things suddenly go wrong, Chad and his sister must scramble for their lives through the backwaters of Sugarloaf Key with no one to turn to but each other.

*The Complete Idiot's Guide to Boating and Sailing* Frank Sargeant, 2002 Offers tips on choosing a boat, describes the parts of a boat and how they operate, explains marine navigation and covers maintenance and safety issues.

*The Liveaboards* Lynne Baumgardt, 2005-07 Ever dream of having your own boat and living aboard? Just cutting your ties to the humdrum existence, the same old same old that land dwelling represents. *The Liveaboards* is a contemporary fiction romance about people who are adventuresome or persistent or desperate enough to be genuine liveaboards, people who float endlessly with no home on land. But even liveaboards must have a place to access water and power and fuel. And that place is a marina. At Sunset Marina on Lake Guntersville in northern Alabama, the boating neighborhood is intimate and yet ever changing. Sunset Marina offers sanctuary to an eclectic mix of people who live there for myriad reasons in all sorts of crafts. Locally grown Southerners tolerate living inches from damn Yankees; those who won't go home all for the love of boats. Although they are not completely isolated from the problems of the greater society, such as crystal methamphetamine, they can escape them for days into isolated coves. And love. Well, love is the same on land or on water. Or maybe not. Some liveaboards think they can create their very own Love Boat. Who knows.

*The Way to Go* Kate Ascher, 2015-11-24 In our digital age it's easy to forget that almost everything we enjoy about modern life depends on movement. We ride cars, buses, and trains to work and play; enjoy food and clothes shipped over oceans; fly high in the sky to any point on the planet. So what does it really take to keep our world constantly moving? Exploring our incredible interconnected world is the task of Kate Ascher's *The Way To Go*. Lusciously illustrated and meticulously researched, *The Way To Go* reveals the highly complex and largely invisible network of global transportation.

**Mounthaven** Bernard Peyton Chamberlain, Jr., 2013-03-20 Mounthaven is a multi-layered tale. Four generations and a hundred years of a Virginia family that having survived the Civil War acquires a derelict mansion and surrounding acreage called Mounthaven. The year is 1903. The place is already over a century old when Mary Carter Stokes, wife of a failed Yankee gentleman farmer and daughter of Major Moses Carter, late of the Army of Northern Virginia, first sees the property: no plumbing, no electricity, and the grounds a total disaster, and it begins to sink in that this is to be where she will eventually die. Thus it becomes the story of Mary's elder son, Edmund Carter Stokes, and his Yankee but wealthy bride, as Ed, using Mounthaven as a base, struggles to complete the mission laid upon him by his mother to restore the family to the place in society it occupied before the war, while Ed's own son, Carter, flounders to free himself from these very values for most of which Mounthaven serves as a decaying metaphor.

**Paradise in Ruins** Antwyn Price, 2016-03-23 On December 7, 1941, Japan devastated the US naval base at Pearl Harbor. While war had been raging in Europe and in Asia for years, this unprovoked attack drew the United States into the most disruptive and wasteful cataclysm in human history: the Second World War. While history books speak to the battles and historical figures pivotal to the outcome of the war, there were also ordinary people—both civilian and uniformed—who were propelled out of their comfort zones by unforeseen events and adventures. *Paradise in Ruins* is a historical novel that unleashes an eclectic cast of characters who, tired of being constantly overlooked in World War II histories, finally have a chance to speak. Combining together a cast of civilian men and women, naval and military officers, and Pacific Islanders with the stories of real historical figures, author Antwyn Price's extensive research provides a compelling personal view into the struggles and irrevocably changed lives of the men and women in the Asia-Pacific region before, during, and after the war. Covering both the Nimitz and MacArthur campaigns from 1941 to 1946, stories about these lives will unfold from Canton Island to Sydney, from Pearl Harbor to Guam, from Espiritu Santo and Noumea to Guadalcanal and Bougainville, from New Guinea to the Philippines, and from Iwo Jima and Peleliu to Okinawa and Tokyo. Anyone curious about the Pacific War will be able to stitch the events together so that the geography, people, logistics, and strategies can be more easily understood.
