Brodzinsky,Adam Pertman,2011-08-25 The practice of adoption has changed dramatically over the past half century with profound implications for children and families Perhaps the most remarkable and controversial transformation during this time has been the growing willingness of adoption professionals to place children with sexual minority individuals and couples Yet despite considerable research showing that lesbians and gay men can make good parents they continue to experience difficulties and barriers in many parts of the country in their efforts to adopt and raise children Indeed while progress in this area has been significant it has been impeded by the homophobia and heterosexist attitudes of adoption professionals and the judiciary by numerous stereotypes and misconceptions about parenting by lesbians and gay men and by a lack of adequate guidelines and training for establishing best practice standards in working with this rapidly growing group of adoptive parents Adoption by Lesbians and Gay Men explores the gamut of historical legal sociological psychological social casework and personal issues related to adoption by sexual minority individuals and couples Leading experts in a variety of fields address and often shatter the controversies myths and misconceptions hindering efforts by these individuals to adopt and raise children What makes this book all the more valuable is that it provides insights and specific recommendations for establishing empirically validated best practices for working with an important sector of our society for treating all prospective and current parents fairly and equally and perhaps most importantly for increasing a still largely untapped resource for providing families for children who need them **Lesbian Family Life, Like the Fingers of a Hand** Valory Mitchell,2013-09-13 In this book an array of approaches first person and theoretical accounts clinical understandings qualitative and quantitative research are brought to bear on controversial or under discussed topics in lesbian family life From conception all the way to care for elderly parents this book takes a fresh look at lesbian family relationships Topics include butch femme couples infidelity the psychological meaning of family for lesbians age discrepant couples lesbian nuns as family Listservs as family intentional family for aging women women raising sons mothers who come out late in life mothers and children in situations of domestic violence lack of support for lesbian domestic violence survivors death of a partner psychological issues in the use of sperm donors or surrogates and middle aged lesbians caring for homophobic elderly parents Some authors use self psychology and Jungian psychology to describe aspects of family life The richness and diversity of topics makes it a text on lesbian lives Therapists and academics from throughout the U S have contributed to this collection Many lesbian women as well as teachers it can be a text and mental health professionals who work with children families couples and elderly will find useful material here This book was published as a

Mezey, 2009 Susan Gluck Mezey's newest book *Gay Families and the Courts* is a compelling examination of the role of the state and federal courts in furthering the goals of the gay and lesbian community. Unlike Mezey's earlier book *Queers in Court*, this book evaluates the extent to which litigation is effective in advancing equal rights for gay families—families in which at least one member is gay—as they seek to expand their opportunities and battle discrimination. Mezey shows how the courts address gay and lesbian rights and sexual orientation in schools and social organizations such as the Boy Scouts along with family-oriented problems such as marriage and parenthood. In doing so, Mezey emphasizes the complexity of the issues involved in the cases and assesses the degree to which the outcome of the litigation is explained by the type of case, the type of court, and the judge's perception of his or her role as a policymaker. It is a valuable reference for scholars interested in judicial, legislative, and executive policymaking at the federal and state level as well as anyone interested in LGBT politics.
