A Prison Without Walls? Sarah Badcock, 2016-09-22 *A Prison Without Walls* presents a snapshot of daily life for exiles and their dependents in eastern Siberia during the very last years of the Tsarist regime from the 1905 revolution to the collapse of the Tsarist regime in 1917. This was an extraordinary period in Siberia's history as a place of punishment. There was an unprecedented rise of Siberia's penal use in this fifteen year window and a dramatic increase in the number of exiles punished for political offences. This work focuses on the region of Eastern Siberia taking the regions of Irkutsk and Yakutsk in north eastern Siberia as its focal points. Siberian exile was the antithesis of Foucault's modern prison. The State did not observe, monitor and control its exiles closely, often not even knowing where the exiles were. Exiles were free to govern their daily lives free of fences and free from close observation and supervision but despite these freedoms, Siberian exile represented one of Russia's most feared punishments. In this volume, Sarah Badcock seeks to humanise the individuals who made up the mass of exiles and the men, women and children who followed them voluntarily into exile. *A Prison Without Walls* is structured in a broad narrative arc that moves from travel to exile, life and communities in exile, work and escape and finally illness in exile. The book gives a personal, human, empathetic insight into what exilic experience entailed and allows us to comprehend why eastern Siberia was regarded as a terrible punishment despite its apparent freedoms. Lost Cathedral Janet Fitch, 2019-07-02 A young Russian woman comes into her own in the midst of revolution and civil war in this brilliant novel set in a world of furious beauty. Los Angeles Review of Books After the loves and betrayals of *The Revolution*, Marina, a young poet, finds herself alone amid the devastation of the Russian Civil War, pregnant and adrift, forced to rely on her own resourcefulness to find a place to wait out the birth of her child and eventually make her way back to her native city, Petrograd. After two years of revolution, the city that was once St. Petersburg is almost unrecognizable, the haunted, half-empty, starving Capital of Once Had Been, its streets teeming with homeless children. Moved by their plight, though hardly better off herself, she takes on the challenge of caring for these orphans until they become the tool of tragedy from an unexpected direction. Shaped by her country's ordeals and her own trials, betrayal and privation and inconceivable loss, Marina evolves as a poet and a woman of sensibility and substance, hardly imaginable at the beginning of her transformative odyssey. *Chimes of a Lost Cathedral* is the culmination of one woman's journey through some of the most dramatic events of the last century, the epic story of an artist who discovers her full power, passion and creativity just as her revolution reveals its true direction for the future.
