Sense Of Their Duty Middle Class Formation In Victorian Ontario Towns:

A Sense of Their Duty Andrew Holman, 2000 Using the towns of Galt and Goderich as case studies Andrew Holman shows how population growth industrial change and the expansion of government contributed to profound changes to Ontario's social structure between the 1850s and the 1890s with an identifiable and self-identified middle class emerging between the idle rich and the working class Businessmen professionals and white collar workers developed a new sense of authority that extended beyond the workplace and local electors breadwinners and members of voluntary associations and reform societies set middle class standards of behavior that enjoyed currency and relevance throughout the twentieth century Jacket **The Construction of Canadian Identity from Abroad** Christopher Kirkey, Richard Nimijean, 2022-03-20 Migration and the impact that immigrants have on Canada is and always has been central to a robust understanding of Canadian identity However despite claims that the world needs more Canada Canadians their governments and scholars pay much less attention to the estimated 3 million Canadian expatriates who live elsewhere **The Construction of Canadian Identity from Abroad** features Canadian scholars who live and work outside Canada or have recently returned to Canada and who write and think deeply about identity construction What happens when that Canadian is a scholar whose teaching research and scholarship professional development and or community engagement focuses directly on Canada How does being abroad affect how we interpret Canada In short in what ways does externality affect how Canadian expat scholars intellectually approach construct and identify with Canada This engaging volume is ideal for university students scholars government officials and the general public **Ontario Since Confederation** Edgar-André Montigny, Anne Lorene Chambers, Lori Chambers, 2000-01-01 Articles ranging widely with politics economics and social history contain some of the most recent scholarship in the field of post Confederation Ontario history encompassing both traditional and newly emerging topics **Kentucky Countryside in Transition** Stephanie Bower, 2024-01-12 **Kentucky Countryside in Transition** charts the rise of the American middle class at the turn of the twentieth century by examining the migration from the Kentucky countryside to the city and subsequently the suburbs of Louisville The formation of the middle class in Louisville was fostered by two factors a boom in white collar employment and the electric streetcar an innovation that fundamentally changed the urban landscape Ultimately a narrative of industrialization and modernity this study focuses on a group of forty two families who lived at the end of the Broadway Trolley line in an area that came to be known as the Cherokee Triangle This suburban neighborhood was dominated by white collar commuters who were driven to Louisville by a desire to get ahead but continued to embrace a nostalgia for country life In this meticulous three generation study Stephanie Bower follows this group of families as they make the transition from rural farmers and cultivators to city laborers and white collar workers By mining census records city directories and county records Bower carefully reconstructs the biographical details of residents in an effort to paint a picture of life in this streetcar suburb during this important period of transformation Regional studies of the

middle class during this pivotal era are often overlooked in contemporary scholarship Consequently this analysis will be of interest to those researching Louisville middle class formation and suburbanization as well as to local genealogists tracing their family histories Stephanie Bower is professor emeritus of history at the University of Indiana Southeast She is the author of *Famism The Impact of Demographic Factors on Family Structure* and her articles have appeared in *Hispanic American History Review* *The Americas* *LOCUS* and *Historical Methods*

How did British colonists in Victorian Montreal come to think of themselves as native Canadian? This richly illustrated work reveals that colonists adopted then appropriated Aboriginal and French Canadian activities such as hunting, lacrosse, snowshoeing and tobogganing. In the process they constructed visual icons that were recognized at home and abroad as distinctly Canadian. This new Canadian nationality mimicked indigenous characteristics but ultimately rejected indigenous players and championed the interests of white middle class Protestant males who used their newly acquired identity to dominate the political realm. English Canadian identity was not formed solely by emulating what was British; this book shows that it gained ground by usurping what was indigenous in a foreign land.

Ontario Beer Alan McLeod, Jordan St. John, 2014-05-27. Beer historians and writers Alan McLeod and Jordan St. John have tapped the cask of Ontario brewing to bring the complete story to light, from foam to dregs. Ontario boasts a potent mix of brewing traditions. Wherever Europeans explored, battled and settled, beer was not far behind, which brought the simple magic of brewing to Ontario in the 1670s. Early Hudson's Bay Company traders brewed in Canada's Arctic and Loyalist refugees brought the craft north in the 1780s. Early 1900s temperance activists drove the industry largely underground but couldn't dry up the quest to quench Ontarians' thirst. The heavy regulation that replaced prohibition centralized surviving breweries. Today independent breweries are booming and writing their own chapters in the Ontario beer story. Authors of Their Lives David A. Gerber, 2008-07. 2008 United States Postal System's Rita Lloyd Moroney Award. In the era before airplanes and e-mail, how did immigrants keep in touch with loved ones in their homelands as well as preserve links with pasts that were rooted in places from which they voluntarily left? Regardless of literacy level, they wrote letters, explains David A. Gerber in this path-breaking study of British immigrants to the U.S. and Canada who wrote and received letters during the nineteenth century. Scholars have long used immigrant letters as a lens to examine the experiences of immigrant groups and the communities they build in their new homelands. Yet immigrants as individual letter writers have not received significant attention; rather, their letters are often used to add color to narratives informed by other types of sources. *Authors of Their Lives* analyzes the cycle of correspondence between immigrants and their homelands, paying particular attention to the role played by letters in reformulating relationships made vulnerable by separation. Letters provided sources of continuity in lives disrupted by movement across vast spaces that disrupted personal identities which depend on continuity between past and present. Gerber reveals how ordinary artisans, farmers, factory workers and housewives engaged in correspondence that lasted for years and addressed subjects of the most profound emotional and practical significance. **Uniting in Measures of Common Good** Darren Ferry, 2008-10-29. In a compelling and comprehensive treatment of the nineteenth century

voluntary association movement Darren Ferry situates these organizations within the much larger framework of the construction of collective liberal identities He shows that by attempting to transcend the political religious class and ethnic divisions of their constituencies voluntary societies acted as cultural mediators in the reproduction transmission and contestation of liberal values throughout central Canadian society

A Timeless Place Julia Harrison,2013-09-01 As Julia Harrison s first summer living in Ontario approached she became aware of the culture of the cottage While friends and family talked of nothing but languid afternoons on the dock and bartered for as many lakeside days as possible Harrison marveled at the less attractive components of cottage life the clogged highways en route and the unrelenting investment of money and labour that the idyllic escapes demanded Curious about the rich and passionate meaning these places seemed to hold Harrison studied cottagers in the Haliburton region over the course of seven years Thoughtfully and engagingly written *A Timeless Place* considers the cottage family as a place where memories are treasured national identity is celebrated spiritual balance is restored and even a few dark secrets are kept
