and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church's witness as prophetic and apostolic

**Christian Community in History Volume 2** Roger D. Haight, 2005-03-17

Ecclesiology from below as it operates in this work is directed to history it moves through the actual church of history to ecclesiology or to an understanding of the church both as it is and as it should be In the first volume that passage was fairly explicit because comprehensive ecclesiologies in our sense did not exist In this volume ecclesiology itself becomes much more directly the subject matter of the book but without losing sight of concrete history and the degree to which these ecclesiologies are historically conditioned Put somewhat differently the main goal of this comparative ecclesiology is not simply to lay down one after another different ecclesiologies that emerged over the last five hundred years although that describes the book with empirical accuracy Its larger intent is to show the richness vitality and creativity of the whole church as it moves through history adjusting to new times places and cultures

Now and Forever John E. Thiel, 2023-04-01 Building on the insights of the ressourcement theology of grace this sophisticated theological aesthetics offers a fresh vision of the doctrine of creation through a consideration of the beauty of time Conventional eschatological accounts of life after death tend to emphasize the discontinuity between earthly life and the hereafter whereas this life is subject to the contingencies of time life after death is characterized by a stolid eternity In contrast to this standard view John E Thiel s Now and Forever articulates a Catholic eschatology in which earthly life and heavenly life are seen as gracefully continuous This account offers a reconceptualization of time which Thiel argues is best understood as the sacramental medium of God s grace to creation Thiel s project thus attempts to rescue time from its Platonically negative resonance in the doctrine of creation Rather than viewing time as the ambiance of sinful dissolution Thiel argues for a Christian vision of time s beauty and so explicitly develops an aesthetics that views time as a creaturely reflection of God s own Trinitarian life This thesis proceeds from the assumption that all time is eschatological time and is thus guided by attention to the temporality implicit in the virtue of hope with its orientation toward a fulfilled future that culminates in resurrected life This interpretation of the beauty of eschatological time in its widest expanse presses further the insight of ressourcement theology that grace is everywhere while appreciating how time s graceful beauty manifests itself in the diversity of temporal moments human communities and most fully in the heavenly communion of the saints

**Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought** Jennifer Newsome Martin, 2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and evaluation of the Swiss Catholic theologian s complex relation to modern speculative Russian religious philosophy Her constructive analysis proceeds through Balthasar s critical reception of Vladimir Soloviev Nicholai Berdyaev and Sergei Bulgakov with respect to theological aesthetics myth eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism Martin argues that Balthasar s creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention In this respect Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker In her discussion of the relation between tradition and theological speculation Martin also draws upon the understudied relation between Balthasar and F W J Schelling especially as Schelling s form of Idealism was passed down through the Russian thinkers In doing so she persuasively recasts Balthasar as an ecumenical creatively anti nostalgic theologian hospitable to the richness of

contributions from extra magisterial and non Catholic sources      **Weaving the American Catholic Tapestry** Derek C. Hatch, Timothy R. Gabrielli, 2017-03-28 Concerned that American Catholic theology has struggled to find its own voice for much of its history William Portier has spent virtually his entire scholarly career recovering a usable past for Catholics on the U S landscape This work of ressourcement has stood at the intersection of several disciplines and has unlocked the beauty of American Catholic life and thought These essays which are offered in honor of Portier s life and work emerge from his vision for American Catholicism where Scripture tradition reason and experience are distinct but interwoven and inextricably linked with one another As this volume details such a path is not merely about scholarly endeavors but involves the pursuit of holiness in the real world
