Urban Education Karen Symms Gallagher, Rodney Goodyear, Dominic Brewer, Robert Rueda, 2013-03-19 Many factors complicate the education of urban students Among them have been issues related to population density racial ethnic cultural and linguistic diversity poverty racism individual and institutional and funding levels Although urban educators have been addressing these issues for decades placing them under the umbrella of urban education and treating them as a specific area of practice and inquiry is relatively recent Despite the wide adoption of the term a consensus about its meaning exists at only the broadest of levels In short urban education remains an ill defined concept This comprehensive volume addresses this definitional challenge and provides a 3 part conceptual model in which the achievement of equity for all regardless of race gender or ethnicity is an ideal that is central to urban education The model also posits that effective urban education requires attention to the three central issues that confronts all education systems a accountability of individuals and the institutions in which they work b leadership which occurs in multiple ways and at multiple levels and c learning which is the raison d'être of education Just as a three legged stool would fall if any one leg were weak or missing each of these areas is essential to effective urban education and affects the others FDR's Good Neighbor Policy Fredrick B. Pike, 2010-07-22 A

study of how and why US Latin American relations changed in the 1930s Brilliant A charming and perceptive work Foreign Affairs During the 1930s the United States began to look more favorably on its southern neighbors Latin America offered expanded markets to an economy crippled by the Great Depression while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations One of these Americans was Franklin Delano Roosevelt the primary author of America's Good Neighbor Policy In this thought provoking book Bolton Prize winner Fredrick Pike takes a wide ranging look at FDR's motives for pursuing the Good Neighbor Policy how he implemented it and how its themes played out up to the mid 1990s Pike's investigation goes far beyond standard studies of foreign and economic policy He explores how FDR's personality and Eleanor Roosevelt's social activism made them uniquely simp tico to Latin Americans He also demonstrates how Latin culture flowed north to influence U S literature film and opera This book is essential reading for everyone interested in hemispheric relations *Immigrant Pastoral* Susan Dieterlen, 2015-07-16 Immigrant Pastoral

examines the growth of new Mexican heritage communities in the Midwest through the physical form of their cities and neighborhoods The landscapes of these New Communities contrast with nearby small cities that are home to longstanding Mexican American communities where different landscapes reveal a history of inequality of opportunity Together these two landscape types illustrate how inequality can persist or abate through comprehensive descriptions of the three main types of Midwestern Mexican American landscapes Established Communities New Communities and Mixed Communities Each is

described in spatial and non spatial terms with a focus on one example city Specific directives about design and planning work in each landscape type follow these descriptions presented in case studies of hypothetical landscape architectural projects Subsequent chapters discuss less common Midwestern Mexican American landscape types and their opportunities for design and planning and implications for other immigrant communities in other places This story of places shaped by immigrants new and old and the reactions of other residents to their arrival is critical to the future of all cities towns and neighborhoods striving to weather the economic transformations and demographic shifts of the twentieth and twenty first centuries The challenges facing these cities demand the recognition and appreciation of their multicultural assets in order to craft a bright and inclusive future
