Red Army Order of Battle in WWII, July to September 1942 Maximino Argüelles Martínez, 2019-08-30 FRONTOVİK was the name that the veterans who served in the Soviet Armed Forces across the Great Patriotic War between 1941 and 1945 were known. The purpose of this FRONTOVİK is to reflect the structure and deployment of the Red Army throughout the year 1942. This work is part of a global monthly study from June 1941 to September 1945. The main sources for this study were the documents published by the Department of Military History of the Ministry of Defence of the Soviet Union in 1966 containing data from January 1 to December 1, 1942 and the works of Colonel David M. Glantz along with numerous secondary sources. All the images, illustrations, tactical symbols, and maps were made by the author as a personal tribute to the veterans that served in those units.

Sacred Landscapes, Indigenous Knowledge, and Ethno-culture in Natural Resource Management Suresh Chand Rai, Prabuddh Kumar Mishra, 2024-09-20. This book examines the relationship between sacred landscapes, indigenous knowledge, ethno culture, and natural resource management. The volume contributes to the existing literature on landscape studies and cultural geography by examining local perceptions toward multiple aspects of sacred landscape and ethno culture under changing social and economic contexts with case studies from diverse cultural and geographical areas worldwide. The book is useful for undergraduate and graduate students, policymakers, planners, park managers, and government officials to understand the needs for and natural resources of an area as well as the effect of park policies on people to establish their mutually beneficial relationships. Readers learn how to integrate the concept of sacred landscapes, indigenous knowledge, ethno culture, and natural resources management to improve human resilience to global environmental change and to assess the proper development program in resource-deprived areas.

One of the significant advantages of September Light books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes.
