

the postman always rings twice

by James M. Cain

This opuscle, granted that form, plot, characterization, dialogue, lifelikeness, total gesture and sheer power of writing continue to count, is a major work.

JAMES AGATE in the DAILY EXPRESS

The novel is a sensational achievement. Mr. Cain has one aim in telling his story, to set down in the briefest, most direct prose, with flashes of brilliant imagination, the story of the plotting of murder, of the accomplishment, and of the sequel. What he has set out to do he has achieved with a pitiless and grotesque levity that has its own magnificence.

CLAUDE BALE in the NEWS CHRONICLE

'Not a word is wasted. From the first page to the last you are involved in a situation manifestly fatal. You are fascinated by the spectacle of three beings as clearly charged with the explosive of a grim destiny as though chapters had been spent in leading up to this predicament. That seems to me a remarkable achievement.'

BURWARD SPENCER in the EVENING STANDARD

'A fastly dramatic tale told with a minimum of words—strong, neat and rough too, honest and blessedly direct. Though brutal and shocking it is really exciting and has the appearance of being an authentic record.'

Reviving Haydn Bryan Proksch,2015 By the 1840s Joseph Haydn who died in 1809 as the most celebrated composer of his generation had degenerated into the bewigged Papa Haydn a shallow placeholder in music history who merely invented the forms used by Beethoven In a remarkable reversal Haydn swiftly regained his former stature within the opening decades of the twentieth century Reviving Haydn New Appreciations in the Twentieth Century examines both the

decline and the subsequent resurgence of Haydn's reputation in an effort to better understand the forces that shape critical reception on a broad scale. No single person or event marked the turning point for Haydn's reputation. Instead, a broad resurgence reshaped opinion in Europe and the United States in short order. The Haydn revival engaged many of the music world's leading figures: composers Vincent d'Indy and Arnold Schoenberg; conductors Arturo Toscanini; performers Wanda Landowska; critics Lawrence Gilman; and scholars Heinrich Schenker and Donald Tovey, each of whom valued Haydn's music for specific reasons and used it to advance particular goals. Yet each advocated for a rehearing and rereading of the composer's works, calling for a new appreciation of Haydn's music. Bryan Proksch is assistant professor of music history at Lamar University in Beaumont, Texas, where he specializes in the music of the late eighteenth century.
