Sergei Zubatov Revolutionary Marxism:

Sergei Zubatov and Revolutionary Marxism Jeremiah Schneiderman, 1970 **Sergei Zubatov and Revolutionary Marxism** Jeremiah Schneiderman, 1970 Revolution and Counterrevolution Kevin Murphy, 2005-04 Why did the most unruly proletariat of the Twentieth Century come to tolerate the ascendancy of a political and economic system that by every conceivable measure proved antagonistic to working class interests Revolution and Counterrevolution is at the center of the ongoing discussion about class identities the Russian Revolution and early Soviet industrial relations Based on exhaustive research in four factory specific archives it is unquestionably the most thorough investigation to date on working class life during the revolutionary era Focusing on class conflict and workers frequently changing response to management and state labor policies the study also meticulously reconstructs everyday life from leisure activities to domestic issues the changing role of women and popular religious belief Its unparalleled immersion in an exceptional variety of sources at the factory level and its direct engagement with the major interpretive questions about the formation of the Stalinist system will force scholars to re evaluate long held assumptions about early Soviet society **The Tsarist Secret Police in Russian Society, 1880-1917** F. Zuckerman, 1996-04-16 This is the first book to portray the history of the Russian secret police the so called Okhrana its personnel world view and interaction with both government and people during the reigns of Alexander III and Nicholas II The secret police harassed infiltrated and subverted Russian radical and progressive society as it struggled to preserve Tsardom s traditional political culture in the face of Russia s rapid socio economic transformation a transformation which the forces of order scarcely understood yet deeply despised How Revolutionary Were the Bourgeois Revolutions? Neil Davidson, 2012-07-24 An impressive contribution both to the history of ideas and to political philosophy Alasdair MacIntyre author of *After Virtue* Once of central importance to left historians and activists alike recently the concept of the bourgeois revolution has come in for sustained criticism from both Marxists and conservatives In this magisterial work Neil Davidson offers theoretical and historical insights about the nature of revolutions Through extensive research and comprehensive analysis Davidson demonstrates that what s at stake is far from a stale issue for the history books understanding that these struggles of the past offer far reaching lessons for today s radicals A monumental work Neil Davidson has given us what is easily the most comprehensive account yet of the life and times of the concept of bourgeois revolution and has also provided us with a refined set of theoretical tools for understanding the often complex interactions between political revolutions which overturn state institutions and social revolutions which involve a more thoroughgoing transformation of social relations Colin Mooers author of *The Making of Bourgeois Europe* Davidson s book is one of immense and impressive erudition His knowledge of the history of Marxist theory and historiography is as detailed as it is comprehensive and must be well nigh unrivalled The endless complex debates that characterize the Marxist tradition are distilled with clarity and illumination Times Literary Supplement A brilliant and fascinating book wide ranging and lucidly

written Jairus Banaji author of *Theory as History* *Moscow Workers and the 1917 Revolution* Diane P. Koenker, 2014-07-14 Whereas most Soviet and American scholars of the Russian Revolution have emphasized the great leaders and the great events of 1917 Diane Koenker reverses this trend in a study of the Russian working class Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Autocracy, Capitalism and Revolution in Russia** Tim McDaniel, 2022-05-13 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988 **The Russian Revolution of 1905** Anthony J. Heywood, Jonathan D. Smele, 2013-04-03 2005 marks the centenary of Russia's first revolution an unplanned spontaneous rejection of Tsarist rule that was a response to the Bloody Sunday massacre of 9th January 1905 A wave of strikes urban uprisings peasant revolts national revolutions and mutinies swept across the Russian Empire and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia Europe and the international system for the rest of the twentieth century The centenary of the Revolution has prompted scholars to review and reassess our understanding of what happened in 1905 Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives as well as fresh insights into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions This text brings together some of the best of this new research and reassessment and includes thirteen chapters written by leading historians from around the world together with an introduction from Abraham Ascher **A Force More Powerful** Peter Ackerman, Jack DuVall, 2000 How popular movements have used nonviolent weapons to overthrow dictators obstruct military invaders and secure human rights in country after country over the past century Back cover Scenarios of Power: From Alexander II to the abdication of Nicholas II Richard Wortman, 1995 V 1 From Peter the Great to the death of Nicholas I *Soviet Politics* Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the

Fascism in Manchuria Susanne Hohler, 2016-12-02 The history of the Russian fascist movement in Harbin Manchuria during the 1930s has become increasingly relevant to our understanding of modern Russia As a railway junction and an important centre of the Jewish Diaspora the city of Harbin became a focus of Russian emigration to Manchuria in the early 1930s partly because of its proximity to the resource rich Manchurian plains In this multicultural and cosmopolitan setting the first Russian fascist groups were established Based on an analysis of Russian civil society *Fascism in Manchuria* sheds light on the impact of the newly founded All Russian Fascist Party on the Russian emigre community employing the concept of dark civil society Suzanne Hohler demonstrates how fascist involvement in local civil society increasingly determined public opinion examining the power of the military organizations the symbols and style of the fascist organizations the cult of the leader as well as the public relations activities of the fascist organizations and of the so called Russian Club In this context the book provides not only insights into the history and ideology of the far eastern branch of Russian fascism and its transnational connections but also touches upon a variety of issues of daily life in the city issues such as education drug addiction and hooliganism among Russian youth the local YMCA the famous Kaspe kidnapping and the rise of anti-Semitism Fascist literature from Harbin is being republished in today's Russia and *Fascism in Manchuria* provides an important historical context for the thinking and motives which drive the Russian right

A Radical Worker in Tsarist Russia Semen Kanatchikov, Reginald E. Zelnik, 1986 Semen Kanatchikov born in a central Russian village in 1879 was one of the thousands of peasants who made the transition from traditional village life to the life of an urban factory worker in Moscow and St Petersburg in the last years of the nineteenth century Unlike the others however he recorded his personal and political experiences up to the eve of the 1905 Revolution in an autobiography First published in the Soviet Union in the 1920s this memoir gives us the richest and most thoughtful firsthand account we have of life among the urban lower classes in Imperial Russia We follow this shy but determined peasant youth's painful metamorphosis into a self-educated skilled patternmaker his politicization in the factories and workers circles of Moscow and St Petersburg and his close but troubled relations with members of the liberal and radical intelligentsia Kanatchikov was an exceptionally sensitive and honest observer and we learn much from his memoirs about the day to day life of villagers and urban workers including such

personal matters as religious beliefs family tensions and male female relationships We also learn about conditions in the Russian prisons exile life in the Russian Far North and the Bolshevik Menshevik split as seen from the workers point of view

Between Cross and Class Lex Heerma van Voss, Patrick Pasture, Jan de Maeyer, 2005 In the late nineteenth century in a number of continental European countries Christian associations of workers arose Christian trade unions workers cooperatives political leagues workers youth movements and cultural associations sometimes separately for men and women In some countries they formed a unified Christian labour movement which sometimes also belonged to a broader Christian subculture or pillar encompassing all social classes In traditional labour history Christian workers organizations were solely represented as dividing the working class and weakening the class struggle However from the 1980s onwards a considerable amount of studies have been devoted to Christian workers organizations that adopted a more nuanced approach This book takes stock of this new historiography To broaden the analysis each contribution compares the development in at least two countries thus generating new comparative insights This volume assesses the development of Christian workers organizations in Europe from a broad historical and comparative perspective The contributions focus on the collective identity of the Christian workers organization their denominational and working class allegiances and how these are expressed in ideology organization and practice Among the themes discussed are relations with churches and Christian Democracy secularization the development of the Welfare State industrial relations and the contribution to working class culture This volume is the result of a joint intellectual enterprise of the International Institute of Social History IISG in Amsterdam Netherlands and a group of scholars linked to the KADOC Documentation and Research Centre for Religion Culture and Society of the KU Leuven Catholic University Leuven Belgium

Revolutions and the Collapse of Monarchy Zhand Shakibi, 2007-02-23 What causes revolution What brought about the end of the last major monarchies of the modern period Were Louis XVI Nicholas II and Mohammad Reza Pahlavi the unwitting victims of historical circumstance or did their own actions help to bring about the revolutions that overthrew them

This powerful and original book is the first comparative study of the revolutions in Bourbon France Romanov Russia and Pahlavi Iran Zhand Shakibi analyses fully the timing and causes of these three revolutions and reveals the important similarities between them *Revolutions and the Collapse of Monarchy* argues provocatively that it is often the monarch's own personality that provides the vital spark which produces revolution This ambitious and important book challenges the Marxist interpretation of history and adds a compelling new perspective to theories of revolution *A History Of Russia Volume 2* Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *A Price Below Rubies* Naomi Shepherd,1994 Why in the late nineteenth century did Jewish women suddenly march en masse into the pages of radical history *A Price Below Rubies* explores this question and introduces us to these women particularly Anna Kuliscioff Rosa Luxemburg Esther Frumkin Manya Shochat Bertha Pappenheim Rose Pesotta and Emma Goldman Naomi Shepherd's collective biography of these seven women and others tells the story of a revolution that began at home in communities whose limits stirred women to rebel *The Formation of Labour Movements 1870-1914* Marcel van der Linden,Jurgen Rojahn,2024-01-15 The print edition is available as a set of two volumes 9789004092761
