Serial Offenders Current Thought Recent Findings

Richard Rosner, Charles Scott

Serial Offenders Current Thought Recent Findings:

Serial Offenders Louis B. Schlesinger, 2000-07-31 Although serial offenders have been a recognized problem in society for centuries only recently have the complexities of these individuals come to light *Serial Offenders Current Thought Recent Findings* presents current and inclusive information on serial offending in a clear and straightforward manner Citing numerous case examples this book will provide forensic psychologists and psychologists as well as criminologists social workers and corrections officials with relevant and informative data Author Louis B Schlesinger presents current thinking on serial offenders in the first of three parts contained in the text In Part I he covers serial homicide child molestation rape arson and the nonviolent serial offender while offering new information and perspectives on these traditional problems Part II reverses thought and takes a look at recent clinical and research findings From profiling by law enforcement and health care workers to the neurobiological approach to understanding why people continually commit these crimes Part II delves beyond right and wrong to illuminate and identify the many shades of gray Part III focuses on the unusual aspects of serial offending and on special populations of offenders From infantophilia to serial offending by females adolescents and members of the clergy Schlesinger provides insight into a world that few have witnessed in such a comprehensive manner *Serial Violence* Robert D. Keppel, William J. Birnes, 2008-12-22 Linking the murders of an alleged serial killer to successfully present a case in court involves a specific methodology that has been scrutinized by the judicial system but is largely absent in the current literature *Serial Violence Analysis of Modus Operandi and Signature Characteristics of Killers* fully explains the process of finding the nexus *Sexual Deviance* D. Richard Laws, William T. O'Donohue, 2012-04-16 Now in a fully revised and updated second edition this important work provides authoritative scientific and applied perspectives on the full range of paraphilias and other sexual behavior problems For each major clinical syndrome a chapter on psychopathology and theory is followed by a chapter on assessment and treatment Challenges in working with sex offenders are considered in depth Thoroughly rewritten to reflect a decade of advances in the field the second edition features many new chapters and new authors New topics include an integrated etiological model sexual deviance across the lifespan Internet offenders multiple paraphilias neurobiological processes the clinician as expert witness and public health approaches *Sexual Murder* Louis B. Schlesinger, 2021-03-22 *Sexual Murder Catathymic and Compulsive Homicides* is the culmination of the author's 45 years of experience with and studying sexually motivated homicide Sexual murders are generally of two types catathymic and compulsive Catathymic homicides are caused by a breakthrough of underlying sexual conflicts They can be unplanned explosive acute attacks or planned murders stemming from a chronic obsession with or disturbed attachment to the victim In compulsive homicides a fusion of sex and aggression results in a powerful internal drive which pushes the offender to seek out victims to kill and the killing itself is sexually gratifying These murders also may be planned or unplanned In compulsive homicides that are unplanned the urge breaks through and disrupts the offender's controls when a victim of opportunity

crosses his path The compulsive offender who plans his crimes often eludes law enforcement and as a result he can have multiple serial victims over extended periods of time Both forms of sexual murder the catathymic and the compulsive are presented in this volume from a clinical descriptive perspective encompassing case studies with analysis Recent advances in empirical research in sexual murder including findings from the joint research project between John Jay College of Criminal Justice and the FBI Behavioral Analysis Unit in Quantico has published many important studies These include such topics as necrophilia foreign object insertions in sexual homicide ritual and signature and temporal patterns in serial sexual homicide mass murder crime scene staging in homicide and undoing symbolic reversal at homicide scenes All such research will be included and incorporate into this fully updated Second Edition including approximately fifty new clinical case studies

Practical Police Psychology Laurence Miller,2006 Supernatural Serial Killers Samantha Lyon,Dr Daphne Tan,2015-11-25 Albert Fish held the genuine belief that the murders he committed were upon instruction from God The original Dracula s relative Countess Elisabeth was rumoured to use blood of her victims to preserve her youth and beauty Jeffrey Dahmer began a macabre project of building an occult altar with his victims body parts believing this granted him supernatural powers to subdue and control his prey Peter Stump who started practising the wicked arts from twelve years of age was convinced he was a werewolf The crimes committed by these people usually involved sexual deviance cannibalism and violence toward children In the sixteenth century Europe the problem became so significant that Werewolf Witch Trials were conducted many have no idea that it was possible to be tried and convicted for the crime of being a Werewolf but Lycanthropy was a serious and major social concern in the 1500s Supernatural Serial Killers discuss the individual cases of supernatural serial killers including their background crimes trials and defences **Crime and Criminality** Sandie Taylor,2015-12-22 The question of why and how certain individuals are drawn towards behaving in a way that contravenes the Law of the Land is not an easy one to address Researchers from various different fields have nevertheless attempted to develop theoretical explanations for the existence of different types of crime and why some individuals commit such acts Crime and Criminality draws on criminology sociology psychology and neuroscience to offer a balanced perspective of crime the criminal and criminality Coverage includes a comprehensive discussion of theoretical approaches to criminal behaviour including biological social and rational choice approaches an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal an examination of different types of crime and criminals from delinquents to psychopaths and sex offenders an exploration of different ways in which crime is predicted including risk assessment and offender profiling and an overview of investigative techniques Addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality this book is essential reading for students taking courses in criminology criminal psychology criminal behaviour forensic psychology and psychological criminology

The Psychology of Criminal and Antisocial Behavior Wayne Petherick,Grant Sinnamon,2016-12-15 The Psychology

of Criminal and Antisocial Behavior Victim and Offenders Perspectives is not just another formulaic book on forensic psychology. Rather, it opens up new areas of enquiry to busy practitioners and academics alike, exploring topics using a practical approach to social deviance that is underpinned by frontier research findings, policy and international trends. From the relationship between psychopathology and crime and the characteristics of catathymia, compulsive homicide, sadistic violence and homicide victimology to adult sexual grooming, domestic violence and honor killings, experts in the field provide insight into the areas of homicide, violent crime and sexual predation. In all, more than 20 internationally recognized experts in their fields explore these and other topics, also including discussing youth offending, love scams, the psychology of hate, public threat assessment, querulence, stalking, arson and cults. This edited work is an essential reference for academics and practitioners working in any capacity that intersects with offenders and victims of crime, public policy and roles involving the assessment, mitigation and investigation of criminal and antisocial behavior. It is particularly ideal for those working in criminology, psychology, law and law enforcement, public policy and for social science students seeking to explore the nature and character of criminal social deviance. Includes twenty chapters across a diverse range of criminal and antisocial subject areas. Authored by an international panel of experts in their respective fields that provide a multi-cultural perspective on the issues of crime and antisocial behavior. Explores topics from both victim and offender perspectives. Includes chapters covering research, practice, policy, mitigation and prevention. Provides an easy-to-read and consistent framework making the text user-friendly as a ready reference/desktop guide.

Principles and Practice of Forensic Psychiatry, Third Edition
Richard Rosner, Charles Scott, 2017-02-03. The third edition of this award-winning textbook has been revised and thoroughly updated. Building on the success of the previous editions, it continues to address the history and practice of forensic psychiatry, legal regulation of the practice of psychiatry, forensic evaluation and treatment, psychiatry in relation to civil law, criminal law and family law, as well as correctional forensic psychiatry. New chapters address changes in the assessment and treatment of aggression and violence, as well as psychological and neuroimaging assessments.

Serial Murder and the Psychology of Violent Crimes
Richard N. Kocsis, 2008-01-08. This book brings together an international collection of research literature on the topics of criminal profiling and serial violent crime by integrating the respected insights of both scholars and practitioners from around the globe. It explains etiological factors and psychological mechanisms to reveal criminal motives.

The Psychology of Arson
Rebekah Doley, Geoffrey Dickens, Theresa Gannon, 2015-08-14. The Psychology of Arson is the first book in its field to focus specifically on contemporary topics relevant to practitioners and professionals working with adolescent and adult deliberate firesetters. Rebekah Doley, Geoffrey Dickens and Theresa Gannon have integrated the very latest information regarding prevalence, theory, research and practice in one accessible resource and provide practical advice, strategies and techniques in a context of evidence-based research, which will be invaluable for all treatment providers who work in the field of deliberate fire setting. Unique features of this book include chapters considering

community awareness strategies survivors of arson filicide and suicide by fire as well as a new treatment model developed on the basis of the latest research in the field It is divided into four parts Theories and typologies of firesetting Legal investigative and preventative issues Assessment and risk assessment of deliberate firesetters Treatment needs and management of deliberate firesetters The Psychology of Arson provides the first scientist practitioner model for the treatment of arson offenders It will be an essential resource for forensic psychiatrists clinical psychologists and other professionals working with this client group

The Dark Side of Relationship Pursuit Brian H. Spitzberg, William R. Cupach, 2014-04-16 Awards and Praise for the first edition Recipient of the 2006 International Association for Relationship Research IARR Book Award This text as it presently stands is THE go to text for stalking researchers That is my opinion and the opinion of multiple fellow scholars I know in the field It rarely sits on my shelf but rather is a constant reference on my desk I can always count on these authors to have done an extensive review of literature I thought I was thorough but they are always providing me with new references Dr H Colleen Sinclair Associate Professor of Psychology Mississippi State University Cupach and Spitzberg provide the reader with a multidisciplinary framework for understanding the nature and impact of unwanted relationship pursuits This book is an excellent resource for students and professionals alike who seek to gain knowledge about unwanted relational pursuits and stalking Journal of Couple Relationship Therapy The Dark Side of Relationship Pursuit provides historical and definitional frames for studying unwanted relationship pursuit and considers the role of the media law and social science research in shaping today s conceptualizations of stalking The volume integrates research from diverse contributing fields and disciplines providing a thorough summary and assessment of current knowledge on stalking and obsessive pursuit Building on the foundation of the award winning first edition this revision considers assessment issues offers an expanded analysis of the meta analysis data set and includes coverage of intercultural and international factors As an increasing number of scholarly disciplines and professional fields study stalking and other forms of obsessive relationship pursuit this book is a must have resource for examining interpersonal conflict social and personal relationships domestic violence unrequited love divorce and relational dissolution and harassment It also has much to offer researchers counselors and professionals in psychology counseling criminal justice sociology psychiatry forensic evaluation threat assessment and law enforcement

CRIMINAL PSYCHOLOGY Laurence Miller, 2012-01-01 Criminal psychology is the application of the principles of normal and abnormal psychology to the understanding prediction and control of criminal behavior Criminal Psychology Nature Nurture Culture provides an in depth yet readable introduction to the foundations of criminal psychology as it is understood and practiced from the classroom to the courtroom The book is organized into five sections Part I examines the nature and origins of criminal behavior These chapters outline the role of psychology in the criminal justice system and review the biology psychology and sociology of crime to develop a naturalistic model of criminal behavior that can guide theory and practice in law enforcement criminal justice and forensic evaluation

Part II examines the major classes of mental disorder that may be associated with criminal behavior including psychotic disorders mood disorders organic brain syndromes substance abuse and personality disorders Each chapter consists of a description of the syndrome followed by applications to law enforcement criminal justice and forensic mental health issues of competency sanity and criminal culpability Part III deals with death Topics include homicide serial murder mass homicide workplace and school violence and terrorism Part IV covers sexual offenses and crimes within the family including rape and sexual assault sex crimes against children child battery domestic violence and family homicide Part V discusses the psychological dynamics of a variety of common crimes such as stalking and harassment theft and robbery gang violence organized crime arson hate crimes victimology the psychology of corrections and the death penalty Each chapter contains explanatory tables and sidebars that illustrate the chapter's main topic with examples from real life cases and the media and explore controversies surrounding particular issues in criminal psychology such as criminal profiling sexual predator laws dealing with children who kill psychotherapy with incarcerated offenders and the use of designer defenses in court Grounded in thorough scholarship and written in a crisp engaging style this volume is the definitive handbook and reference source for forensic psychologists mental health practitioners attorneys judges law enforcement professionals and military personnel It will also serve as an authoritative core text for courses in forensic psychology criminology and criminal justice practice

Inside the Minds of Sexual Predators Katherine Ramsland, Patrick N. McGrain, 2009-12-21 This revealing look inside the minds of sexual predators from cyber stalkers to rapists to teachers who exploit underage children explains why they commit their heinous crimes They are among the most frightening of all criminals yet few have attempted to document the complex mindset of the sexual predator through intimate case details Inside the Minds of Sexual Predators reexamines this intentional criminal behavior describing the different types of sexual predators and explaining why they choose to commit their specific type of predatory acts Each chapter of the book addresses a different category of predator or a specific complex issue related to predatory behavior Distinctions are drawn between types of offenders from the casual offender to the depraved rapist and serial lust killer and the variables that play a part in an individual's sexual predation are explored Like Ramsland's Inside the Minds of Mass Murderers this book is essential reading for professionals in law enforcement and psychology as well as for everyone seeking to go beyond the headlines to understand this difficult and controversial topic

Routledge Handbook on Victims' Issues in Criminal Justice Cliff Roberson, 2017-04-21 The Routledge Handbook on Victims Issues in Criminal Justice is a comprehensive and authoritative handbook on current issues with a distinctive emphasis on the delivery of suitable and effective services The editor provides an introduction and conclusion to the handbook synthesizing original contributions from current leaders in the field surveying victims rights in the United States victim participation in the criminal justice system victims welfare and needs and most notably the services that have been developed in response A section on special populations in the United States brings focus to current and emerging issues

faced within the country while a section covering international and transnational victimization explores globalization and the implications of other legal traditions and systems This handbook addresses the crucial and complex topic of victims issues examining both societal and governmental reactions to victims concerns and acquainting readers with the issues that discord may cause and how they affect the provision of services This book will serve as an essential reference for academics and practitioners working with crime victims as well as for students taking courses in victimology criminology sociology and related subjects

Vicious Evil! Virtuous God? Lee Thai,2024-04-30 If God is good and virtuous why is there so much vicious evil in this world Why does God let pain and evil fall on innocent little children Why does he not intervene Where is God when it hurts This groundbreaking book solves an enigma that has plagued humanity since times immemorial Using the concept of tough love Vicious Evil Virtuous God untangles the age old Epicurus s riddle resolves the contemporary problems of evil and provides some practical means to manage the evils in our lives and help others in their suffering Vicious Evil Virtuous God answers our many heart wrenching questions in this vale of suffering brings us comfort in our tribulations and equips us to make a defense for the hope that we share in Christ

The Cambridge Handbook of Forensic Psychology Jennifer M. Brown,Miranda A. H. Horvath,2021-12-09 In the decade since the publication of the first edition of The Cambridge Handbook of Forensic Psychology the field has expanded into areas such as social work and education while maintaining the interest of criminal justice researchers and policy makers This new edition provides cutting edge and comprehensive coverage of the key theoretical perspectives assessment methods and interventions in forensic psychology The chapters address substantive topics such as acquisitive crime domestic violence mass murder and sexual violence while also exploring emerging areas of research such as the expansion of cybercrime particularly child sexual exploitation as well as aspects of terrorism and radicalisation Reflecting the global reach of forensic psychology and its wide range of perspectives the international team of contributors emphasise diversity and cross reference between adults adolescents and children to deliver a contemporary picture of the discipline

The Psychology of Extreme Violence Clare Allely,2020-04-14 Featuring a unique overview of the different forms of extreme violence this book considers the psychology of extreme violence alongside a variety of contributing factors such as brain abnormalities in homicide offenders Featuring several contemporary real world case studies this book offers insight into the psychology of serial homicide offenders mass shooters school shooters and lone actor terrorists The main purpose of this book is not to glorify or condemn the actions of these individuals but to attempt to explain the motivations and circumstances that inspire such acts of extreme violence By adopting a detailed case study approach it aims to increase our understanding of the specific motivations and psychological factors underlying extreme violence Using nontechnical language this book is the ideal companion for students researchers and forensic practitioners interested in the multidisciplinary nature of extreme violence This book will also be of interest to students taking courses on homicide mass shooting school shooting terrorism forensic psychology and criminology and

criminal justice **Shocking violence II** Rosemarie Scolaro Moser, Corinne E. Frantz, 2003 Shocking violence II violent disaster war and terrorism affecting our youth provides current academic and practical knowledge from the viewpoints of a variety of expert academicians and professionals to address the most pressing and relevant issues of our recent times The contributors offer an understanding of the psycho socio political factors that impact youth when exposed to violent disaster war and terrorism and that explain the phenomena of terrorism and violence As an invaluable guide it samples information from the areas of psychology education parenting law enforcement fore *Cognitive-Behavioral Strategies in Crisis Intervention* Frank M. Dattilio, Arthur Freeman, 2012-08-22 This book has been replaced by Cognitive Behavioral Strategies in Crisis Intervention Fourth Edition ISBN 978 1 4625 5259 7
