The Serpent and the Satellite Fernando Alfred Morin,1953 **The Serpent and the Satellite** F. Alfred Morin,2013-10 This is a new release of the original 1953 edition Horsemen of the First Frontier (1788-1900) and the Serpent's Legacy Keith Robert Binney,2005 An economic and social history of early New South Wales told through the life stories of pioneer 19th century horsemen Traces the origin and development of the horse in Australia and a special tribute to Australia's internationally acclaimed thoroughbred expert C Bruce Lowe **Spirited Histories** Diana Espírito Santo,2022-08-10 Spirited Histories combines ethnography with critical theory to provide a sophisticated exploration of the intersection of haunting and the paranormal with technology media and history Retrieving the past in places of trauma and death can take on many facets One of these is an attention to hauntings ghosts and absences that go with the collective experience of loss and disappearance People memorialize the dead and their stories in myriad ways But what about the untold stories or the forgotten unnamed This book explores the ways groups of Chilean paranormal investigators and ghost tour operators produce alternate histories using paranormal machinery rather than simply theatricalizing pain It offers a look at technologies machines and apparatuses themselves imbued with a long history of supernatural and scientific expectations and a social analysis of how certain groups of people marshal the voices of the dead to generate particular micro histories This fascinating volume will be of interest to a range of disciplines including anthropology sociology history religious studies and scholars of technology and new media **Embedding Space in African Society** Annette Froehlich,2019-05-31 This book provides a detailed insight into how space and its applications are embedded and can be further embedded into African society in support of the SDGs while taking into account the specific features needs and diversity of that society Contributions drawn from across the continent and further afield provide analyses of the particular social situations in a variety of different African countries and regions and highlight areas where space applications support the SDGs and where they can further do so The chapters cover a wide array of relevant and timely topics including basic needs like water quality education and capacity building as well as financial security and legal aspects together with facets of space technologies and infrastructure in Africa Embedding Space in African Society will be of great interest to students and professionals in sustainable development governance and space studies *The Druidical Temples of the County of Wilts* Edward DUKE (the Elder.),1846 The Druidical Temples of the Country of Wilts Edward Duke,1846 Knowledge ,1883 Knowledge & Illustrated Scientific News ,1883 **High-resolution Seafloor Survey and Applications** Ziyin Wu,Fanlin Yang,Yong Tang,2020-12-07 This book focuses on the survey technology post processing technology mapping technology and scientific application of the submarine topography and geomorphology in detail High resolution submarine geomorphology is a frontier branch of marine geology and marine surveying and mapping which provides a direct basis to study the seabed surface to understand the tectonic movement and submarine evolution In the past two decades high resolution submarine

geomorphology with high precision multi beam echo sounding side scan sonar and sub bottom profiler as the major techniques is developing very quickly and is one of the frontiers of international marine science and technology These high techniques promote the traditional submarine geomorphology to high resolution and quantitative research At present high resolution submarine geomorphology is widely used in the delimitation of the continental shelf the international seabed resources survey marine engineering and marine military applications In order to facilitate readers to understand how to acquire and apply scientific research based on submarine topographic data it highlights the combination of theory technology and scientific application This book is useful as a reference for professional and technical personnel in related fields and also as a textbook for both graduate and undergraduate students as well *Pentagon's Hammer* Tino Randall,2013-12-09

Freedom this is what being an American is all about It is the single most important philosophy that has driven America s success since the beginning Freedom however is an expensive luxury to secure and that is why America strives to be the leading force in military might and power Americans are accustomed to this luxury and in ways they have taken it for granted The dreaded day of 9 11 opened the eyes of millions of Americans when the US homeland was attacked Its enemies exploited a weakness in general security and utilized that weakness to promote fear and chaos The enemy took decisive action against its American foe lending to the shocking realization that America is not immortal Imagine if America s other weaknesses were exploited Imagine if the next attack wasn t targeted at civilians but at the American government *Pentagon s Hammer* is a story following a highly intelligent group of terrorists that have infiltrated the core of America s defense structure and are now utilizing this great wealth of knowledge against its sworn nemesis This hostile takeover is led by an individual known only as The Serpent an individual sworn to the destruction of the United States of America In twelve days the lives of millions of American s will be changed forever In twelve days America will be thrown into disarray as its enemies have found a vulnerable weakness within its space based Defense GRID In twelve days The Serpent executes a series of attacks that virtually cripples the America the world has come to know BUT there s one complication ALEX BAUER a highly recognized defense systems engineer and expert within the US government Follow Alex Bauer and his crew as they attempt to put an end to The Serpent s reign of terror and prevent the destruction of the life and freedom dear to all Americans **Stargrave:**

Death Vector Joseph A. McCullough,2025-05-29 A supplement for *Stargrave* that explores the ideas of artificial intelligence run amok soulless cyborg killers and cyberpunk hacking Welcome to the Outlaw Technology Sector a vast region of space cut off from the rest of the Ravaged Galaxy Once a haven to criminals political dissidents and rogue scientists it was overrun by an artificial intelligence intent on wiping out all organic life Only through the combined might of the pre Last War great empires was this menace brought down and their retribution was terrible Now the Outlaw Technology Sector is a dead place a nightmare place Navigational systems refuse to chart a course there calling such paths death vectors But the independent crews survive by going where others fear to tread and the Sector contains technology not found anywhere else **Death Vector**

is a supplement for Stargrave containing 8 new scenarios set inside the Outlaw Technology Sector Instead of the pirate fleets the players contend with the legions of cyborg automatons that still prowl the region hunting organic life Paired with these scenarios is a new campaign element The Network which brings cyberpunk hacking into the game This book also includes a new space encounters table to be used for adventures in the OTS a new advanced technology table and a bestiary filled with cybernetic horrors

Lost Land of the Dodo Anthony Cheke, Julian P. Hume, 2009-01-01 The Mascarene islands in the southern Indian Ocean Mauritius Reunion and Rodrigues were once home to an extraordinary range of birds and reptiles Evolving on these isolated volcanic islands in the absence of mammalian predators or competitors the land was dominated by giant tortoises parrots skinks and geckos burrowing boas flightless rails the birds and tortoises were slaughtered indiscriminately while introduced rats cats pigs and monkeys destroyed their eggs the once extensive forests logged and invasive introduced plants from all over the tropics devastated the ecosystem The now familiar icon of extinction the Dodo was gone from Mauritius within 50 years of human settlement and over the next 150 years many of the Mascarenes other native vertebrates followed suit The product of over 30 years research by Anthony Cheke *Lost Land of the Dodo* provides a comprehensive yet hugely enjoyable account of the story of the islands changing ecology interspersed with human stories the islands biogeographical anomalies and much else Many French publications old and new especially for Reunion are discussed and referenced in English for the first time The book is richly illustrated with maps and contemporary illustrations of the animals and their environment many of which have rarely been reprinted before Illustrated box texts look in detail at each extinct vertebrate species while Julian Hume's superb colour plates bring many of the extinct birds to life *Lost Land of the Dodo* provides the definitive account of this tragic yet remarkable fauna and is a must read for anyone interested in islands their ecology and the history of our relationship with the world around us
