Marriage Pro Con:

British Conservatism and the Legal Regulation of Intimate Relationships Andrew Gilbert, 2018-08-23 What does conservatism as a body of political thought say about the legal regulation of intimate relationships and to what extent has this thought influenced the Conservative Party's approach to family law With this question as its focus this book explores the relationship between family law conservatism and the Conservative Party since the 1980s Taking a politico and socio legal perspective the discussion draws on an expansive reading of Hansard as well as recently released archival material The study first sets out the political tradition of conservatism relying largely on the work of Edmund Burke before going on to analyse the discourse around the development of four crucial statutes in the field namely the Matrimonial and Family Proceedings Act 1984 the Family Law Act 1996 the Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 This work offers the first extended synthesis of family law conservative political thought and Conservative Party politics and as such provides significant new insight into how family law is made Runner up of the 2020 PSA Conservatism Studies Book Prize

Gay Marriage Kevin Hillstrom, 2014-03-07 Pew Research Center reports that there is growing support across generations for same sex marriage Support in America is up from 37 percent in 2009 to 57 percent in 2015 A majority of Caucasian people nearly 59 percent support same sex marriage while 56 percent of Hispanics and Latinos and 41 percent of African Americans support gay marriage This compelling edition discusses the divisive topic of gay marriage examining opinions on both sides of the issue The book details the history and evolution of gay rights in the United States its legality and resulting cultural implications The Trouble with Normal Michael Warner, 2000 Michael Warner one of our most brilliant social critics argues that gay marriage and other moves toward normalcy are bad not just for the gays but for everyone In place of sexual status quo Warner offers a vision of true sexual autonomy that will forever change the way we think about sex shame and identity

Principles and Practice of Multi-Agent Systems Matteo Baldoni, Cristina Baroglio, Floris Bex, Floriana Grasso, Nancy Green, Mohammad-Reza Namazi-Rad, Masayuki Numao, Merlin Teodosia Suarez, 2016-11-29 This book constitutes the thoroughly refereed post workshop proceedings of the 5th International Workshop on Empathic Computing IWEC 2014 co located with PRICAI 2014 held in Gold Coast QLD Australia in December 2014 as well as the 6th International Workshop on Empathic Computing IWEC 2015 and the 15th Workshop on Computational Models of Natural Argument CMNA XV both co located with PRIMA 2015 held in Bertinoro Italy in October 2015 The 12 papers presented were carefully reviewed and selected from 32 initial submissions The workshops are going alongside with the PRIMA 2015 Conference and are intended to facilitate active exchange interaction and comparison of approaches methods and various ideas in specific areas related to intelligent agent systems and multiagent systems **Pros and Cons** John Bertram Askew, 1920 The Challenge of Same-Sex Marriage Mark Strasser, 1999-09-30 In November 1998 the Hawaii and Alaska electorates voted to amend their state constitutions so that same sex marriages would not have to be

recognized Rather than end the controversy surrounding same sex marriages the passage of these amendments will only spur more litigation because the referenda themselves implicate constitutional guarantees and because amending a state constitution cannot lessen federal constitutional protections Since same sex marriages promote many of the same individual and state interests that opposite sex marriages do states will be unable to justify their same sex marriage bans if those rationales are closely examined When challenged the recent constitutional amendments in Hawaii and Alaska may well be held unconstitutional by the state supreme courts on federal constitutional grounds although ultimately the United States Supreme Court will likely be asked to resolve the relevant issues Suppose that state same sex marriage bans are held not to violate federal constitutional guarantees but that one state nonetheless recognizes such unions The other states will be permitted to refuse to recognize marriages celebrated in that state only if certain conditions have been met Contrary view notwithstanding the law of nature exception will not apply in this case Further even the Defense of Marriage Act will likely not afford states the right to refuse to recognize any and all same sex marriages validly celebrated in sister states

Pros and Cons Trevor Sather,1999 A highly readable and informative textbook geared specifically to the requirements of A Level Economics **Anthropology Matters, Third Edition** Shirley A. Fedorak,2017-04-05 The third edition of this bestselling book introduces readers to anthropology and the world around it by connecting important concepts to current global issues A question based approach encourages readers to understand specific issues in a broader cross cultural context while building an appreciation for anthropology s role in developing global citizenship This edition has been updated and revised throughout including discussion of technology design anthropology and the effects of social media on cultural change As well two new chapters one on global responsibility for refugees and the other on human trafficking as a form of modern day slavery make the text particularly relevant

Defending Marriage United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution,2011 **Marriage Proposals** Anita Bernstein,2008-12-01 The essays in Marriage Proposals envision a variety of scenarios in which adults would continue to join themselves together seeking permanent companionship and sustenance linking sexual intimacy to a long commitment usually caring for each other and building new families What would disappear are the legal consequences associated with marriage No joint income tax return no immigration privileges like the fianc e visa or the right to bring in a husband or wife no special statuses for prison visits or hospital decisions no prerogative to remain silent in court by claiming confidential marital communications no pension entitlements no marital benefits and detriments regarding criminal or civil liability The anthology makes a unique contribution amid the two marriage furors of the day same sex marriage and the Bush Administration s marriage movement that marrying is good and more marriages would be better for society Abolishing the legal category of marriage is the only policy suggestion in current American discourse that speaks to both causes Activists on both sides of the same sex marriage fight along with marriage movement partisans all seek improvement through law reform Marriage Proposals gives them a

viable reform abolition of marriage as a legal status for fighting battles in the courtroom and the streets Contributors include Anita Bernstein Peggy Cooper Davis Martha Albertson Fineman Linda C McClain Marshall Miller Lawrence Rosen Mary Lyndon Shanley and Dorian Solot
