Catharine Maria Sedgwick

Married And Single Life:

Married Or Single? Catharine Maria Sedgwick, 2015-07-01 Married or Single published in 1857 was Catharine Maria Sedgwick's final novel and a fitting climax to the career of one of antebellum America's first and most successful woman writers. Insisting on women's right to choose whether to marry, Married or Single rejects the stigma of spinsterhood and offers readers a wider range of options for women in society, recognizing their need and ability to determine the course of their lives. Sedgwick's touching, witty, and shrewdly observant novel centers on Grace Herbert, a New York City socialite who must negotiate the marriage market and also learn to develop her own character and take control of her own destiny. The story merges a wide range of popular American literary forms, including the seduction novel, the conversion narrative, the novel of education, and social reform fiction, and provides a window on many of the cultural and political anxieties of the 1850s, beyond marriage, including immigration, slavery, and urban poverty. Sedgwick's lifelong concern with women's duties to the nation as citizens is demonstrated through her depiction of exemplary women of various backgrounds and circumstances who illustrate the idea that becoming a worthy human being is more important than becoming a wife, especially in a democratic society.

arrangements **Marriage Vs. Single Life** Bella DePaulo, Ph.d., 2015-02-24 Professor Bella DePaulo Ph D Harvard has been busting myths about marriage and single life ever since her groundbreaking book *Singled Out In Marriage vs Single Life* she makes her case more forcefully thoroughly and persuasively than ever before The first two chapters *Living Single* *Lightening up those dark dopey myths* and *Why no study has ever shown that getting married makes people happier or healthier* and no study ever will were originally written for fellow scholars The other 39 chapters are shorter and more accessible Many were popular posts at her *Living Single* blog at *Psychology Today* or her *Single at Heart* blog at *Psych Central* Dr DePaulo's joyful and unapologetic take on single life is firmly grounded in her research Her voice is unique No one else writes about single life the way she does Whether you are an eminent social scientist or a smart layperson sick of all the mindless matrimania in contemporary society this book is for you From the author For nearly 2 decades I have been arguing that research does not support the pervasive claims that getting married makes people happier or healthier As a social scientist I care about the accuracy of claims about research findings But when it comes to proclamations about marriage and single life the issues are not just academic Real single people over 100 million of them in the U S alone are getting the message that science has shown that their lives are second rate It hasn't and they aren't In the past few years several important studies and review papers have been published that make it clearer than it has ever been before that we have been misled about the supposed benefits of getting married I have discussed those publications in several of the brief chapters in this book many of which were posts that first appeared on my *Living Single* blog at *Psychology Today* or my *Single at Heart* blog at *Psych Central* The most important chapter I think is Chapter 2 *No study has ever shown that getting married makes people happier or healthier and no study ever will* In it I make the case more thoroughly and forcefully than ever before In fact I think that chapter is so significant that I have published it as a stand alone book *The Science of Marriage What We Know That Just Isn't So* The first chapter in this book *Living single Lightening up those dark dopey myths* is a broad ranging discussion of the psychology of single life In it I challenge the pervasive claims about the benefits of marriage but that is just a part of the discussion The chapter originally appeared in Cupach and Spitzer's edited volume *The Dark Side of Personal Relationships II* As with most academic volumes it is very expensive Now interested readers can access my chapter in this much more affordable book *Part I of Marriage vs Single Life How Science and the Media Got It So Wrong* includes just those two substantial chapters The second chapter was originally written for fellow academics and some sections are fairly detailed Part II begins with Chapter 3 a briefer and more accessible version of the same arguments from Chapter 2 The chapters 3 through 19 are about *Getting it right* I've subtitled that section *On getting married and not getting happier or healthier or more connected and not getting to live longer What the research really does show and why* Part III chapters 20 through 36 are about *Getting it wrong* The short chapters are critiques of dubious claims about getting married and getting happier and healthier Finally in Part IV chapters 37 through 41 I take a step back to try to account for all the misinformation

about marriage and single life I also offer some suggestions for getting it right in the future

Married And Single Life Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Married And Single Life free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Married And Single Life free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Married And Single Life free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Married And Single Life. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Married And Single Life any PDF files. With these platforms, the world of PDF downloads is just a click away.
