Marshlands Prometheus Misbound:

Marshlands, and Prometheus Misbound André Gide, 1965 Marshlands, and Prometheus Misbound André Gide, 1956 **Marshlands, and Prometheus Misbound. Two Satires. Translated by George D. Painter. [Translations of "Paludes" and "Le Prométhée Mal Enchaîné."].** André Gide, 1953 Marshlands Andre Gide, 2021-01-05 A slim but powerful work of metafiction by a Nobel Prize winning French writer and intellectual Andr Gide is the inventor of modern metafiction and of autofiction and his short novel Marshlands shows him handling both forms with a deft and delightful touch The protagonist of Marshlands is a writer who is writing a book called Marshlands which is about a reclusive character who lives all alone in a stone tower The narrator by contrast is anything but a recluse He is an indefatigable social butterfly flitting about the Paris literary world and always talking about what else the wonderful book he is writing Marshlands He tells his friends about the book and they tell him what they think which is not exactly flattering and of course those responses become part of the book in the reader s hand Marshlands is both a poised satire of literary pretension and a superb literary invention and Damion Searls s new translation of this early masterwork by one of the key figures of twentieth century literature brings out all the sparkle of the original Elysian Encounter G. Norman Laidlaw, 1963 This cleverly conceived book relates Denis Diderot and Andre Gide to each other as well as to their separate centuries Using a binocular approach similar to the double spotlight technique of the theater Professor Laidlaw juxtaposes the lives works and philosophies of the two French writers Constant questioning agnosticism to the deathbed and voluminous literary output characterize both Their catholic interests in science in poetry and drama in Russian ways as well as French behavior are similar Laidlaw discusses their common concern with the dilemma of morality and sincerity their fascination with literal or figurative blindness their attitudes toward death their strong sense of paradox and the delight and inspiration they both drew from foolishness

Anthology of Black Humor André Breton, 2021-01-29 This is the first publication in English of the anthology that contains Breton s definitive statement on l humour noir one of the seminal concepts of Surrealism and his provocative assessments of the writers he most admired While some of the authors featured in The Anthology of Black Humor are already well known to American readers Swift Kafka Rimbaud Poe Lewis Carroll and Baudelaire among them and even then Breton s selections are often surprising many others are sure to come as a revelation The entries range from the acerbic aphorisms of Swift Lichtenberg and Duchamp to the theatrical slapstick of Christian Dietrich Grabbe from the wry missives of Rimbaud and Jacques Vache to the manic paranoia of Dali from the ferocious iconoclasm of Alfred Jarry and Arthur Craven to the offhand hilarity of Apollinaire at his most spontaneous For each of the forty five authors included Breton has provided an enlightening biographical and critical preface situating both the writer and the work in the context of black humor a partly macabre partly ironic and often absurd turn of spirit that Breton defined as a superior revolt of the mind Anthologies can aim to be groundbreaking or thought provoking few can be said to have introduced a new phrase or a new concept into the

language No one had ever used the term black humour before this one came along unless perhaps it was from a racial angle The Guardian Andre Breton 1896 1966 the founder and principal theorist of the Surrealist movement is one of the major literary figures of the past century His best known works in English translation include Nadja Mad Love The Manifestoes of Surrealism The Magnetic Fields with Philippe Soupault and Earthlight Mark Polizzotti is the author of Revolution of the Mind The Life of Andre Breton **The Reception of Laurence Sterne in Europe** Peter de Voogd, John Neubauer, 2008-12-22 A comprehensive volume of international research on the European reception of Laurence Sterne **Modernist Conjectures** Douwe Wessel Fokkema, Elrud Ibsch, 1987 **Anthology of Black Humour** Andre Breton, 2014-08-14 This is Breton's definitive statement on humour noir one of the seminal concepts of Surrealism In his provocative anthology of the writers he most admires Breton discusses the acerbic aphorisms of Swift Lichtenberg and Duchamp the theatrical slapstick of Christian Dietrich Grabbe the wry missives of Rimbaud the manic paranoia of Dali the ferocious iconoclasm of Alfred Jarry and Arthur Cravan and the offhand hilarity of Apollinaire For each of the authors included Breton provides an enlightening preface situating both the writer and the work in the context of black humour a partly macabre partly ironic and often absurd turn of spirit that Breton defined as a superior revolt of the mind *"Look At Me and Be Appalled".
