Marston Moor 1644 The Campaign And The Battle:

Marston Moor, 1644 Peter Young,1970 The battle of Marston Moor proved to be a turning point in the Civil War and perhaps the biggest ever fought on English soil The Royalist cause was dealt a mortal blow and although the conflict continued for another year or more Royalist fortunes never really recovered As Margaret Toynbee asserts in her introduction the chief responsibility for the disaster rests with Prince Rupert who failed to liaise with his fellow general the Marquess of Newcastle Equally Oliver Cromwell should receive much of the credit for Parliament s victory This book describes the campaign and the battle

Marston Moor, 1644 John Tincey,2005 The entry of the Scots into the English Civil War on 19 January 1644 on the side of Parliament radically changed the balance of power in the North of England The Royalists in the North were forced onto the defensive and besieged in York In a bold march Prince Rupert outmanoeuvred his enemies and relieved York without a shot being fired However when Rupert met the allied army in battle on Marston Moor on 2 July his cavalry was defeated by Cromwell s Ironsides who then turned on the Royalist infantry The result was a hard fought but catastrophic defeat the Royalist army was crushed and their forces driven from the north of England

The English Civil War Peter Gaunt,2014-05-09 Sir God hath taken away your eldest son by a cannon shot It brake his leg We were necessitated to have it cut off whereof he died In one of the most famous and moving letters of the Civil War Oliver Cromwell told his brother in law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I s nephew Prince Rupert on rolling moorland west of York But that battle Marston Moor had also slain his own nephew the recipient s firstborn In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s Peter Gaunt shows that with the exception of World War I the death rate was higher than any other contest in which Britain has participated Numerous towns and villages were garrisoned attacked damaged or wrecked The landscape was profoundly altered Yet amidst all the blood and killing the fighting was also a catalyst for profound social change and innovation Charting major battles raids and engagements the author uses rich contemporary accounts to explore the life changing experience of war for those involved whether musketeers at Cheriton dragoons at Edgehill or Cromwell s disciplined Ironsides at Naseby 1645

The English Civil War Nick Lipscombe,2020-09-17 The English Civil War is a joy to behold a thing of beauty this will be the civil war atlas against which all others will judged and the battle maps in particular will quickly become the benchmark for all future civil war maps Professor Martyn Bennett Department of History Languages and Global Studies Nottingham Trent University The English Civil Wars 1638 51 comprised the deadliest conflict ever fought on British soil in which brother took up arms against brother father fought against son and towns cities and villages fortified themselves in the cause of Royalists or Parliamentarians Although much historical attention has focused on the events in England and the key battles of Edgehill Marston Moor and Naseby this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament This beautifully

presented atlas tells the whole story of Britain's revolutionary civil war from the earliest skirmishes of the Bishops Wars in 1639-40 through to 1651 when Charles II's defeat at Worcester crushed the Royalist cause leading to a decade of Stuart exile. Each map is supported by a detailed text providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament. [Military Leadership in the British Civil Wars, 1642-1651](#) Stanley D. M. Carpenter, 2005 This work is a study of military leadership and resulting effectiveness in battlefield victory focusing on the parliamentary and royalist regional commanders in the north of England and Scotland in the three civil wars between 1642 and 1651. **The English Civil War** Timothy Venning, 2015-02-28 With hindsight the victory of Parliamentary forces over the Royalists in the English Civil War may seem inevitable but this outcome was not a foregone conclusion. Timothy Venning explores many of the turning points and discusses how they might so easily have played out differently. What if for example Charles I had capitalized on his victory at Edgehill by attacking London without delay? Could this have ended the war in 1642? His actual advance on the capital in 1643 failed but came close to causing a Parliamentary collapse: how could it have succeeded and what then? Among the many other scenarios full consideration is given to the role of Ireland: what if Papal meddling had not prevented Irish Catholics aiding Charles? and Scotland: how might Montrose's Scottish loyalists have neutralized the Covenanters? The author analyses the plausible possibilities in each thread, throwing light on the role of chance and underlying factors in the real outcome as well as what might easily have been different. **The English Civil War 1640-1649** Martyn Bennett, 2014-05-12 The English Civil War 1642-53 is one of the most crucial periods in British history. Martyn Bennett introduces the reader to the main debates surrounding the Civil War which continue to be debated by historians. He considers the repercussions both on government and religion of Parliament's failure to secure stability after the Royalist defeat in 1646 and argues that this opened the way for far more radical reforms. The book deals with the military campaigns in all four nations, placing the war in its full British and Irish context. [Campaigns of the Eastern Association](#) Laurence Spring, 2022-08-25 The Eastern Association is best known for its performance at the battle of Marston Moor and the rise of Oliver Cromwell but it was so much more. It was one of the most successful Parliamentary armies that served during the First Civil War, firstly having to secure the counties of East Anglia from Royalist sympathizers and then supporting Lord Fairfax's Northern Association in its struggle with Newcastle's Army and the latter's final defeat at the battle of Marston Moor. It then assisted the remains of the Earl of Essex's Army and Sir William Waller's at the second battle of Newbury. Using contemporary and archaeological evidence, this book looks at these two battles as well as Gainsborough and Winceby and the sieges of Reading, King's Lynn, Lincoln and York. It also looks at the religious and political divisions within the army caused by the Presbyterians and Cromwell's Independent factions which would almost cripple the army in winter of 1644, which would end in a bitter dispute in Parliament which would eventually lead to the formation of the New Model Army. This book not only looks at the commanders but also the soldiers who served in the army by using their petitions which gives

a vivid insight into the campaigns and life as a soldier during the Civil War and is divided into the following chapters 1 First Campaigns the campaigns of Lord Grey of Warke the first commander of the Eastern Association and also the early campaigns of Cromwell 2 Manchester Takes Command the increase in the strength of the Association under its new commander the Earl of Manchester and the events leading up to it marching north including Prince Rupert surprising the besiegers at Newark 3 Newark the Parliamentary siege of Newark and Rupert's relief of the town 4 The Siege of York the events of the siege and siege warfare 5 Marston Moor the battle of Marston Moor and the surrender of York 6 Crawford's Campaign the campaign of Major General Lawrence Crawford after the surrender of York including the capture of Sheffield 7 Manchester's Campaign describes Manchester's movements from the surrender of York until his uniting with the armies of Essex and Waller at Basingstoke 8 The Newbury Campaign re-examines the battle and also considers the King's return to Newbury and the combined Parliamentary armies refusing to fight 9 The Winter of Discontent the dispute in Parliament which resulted in the Self-Denying Ordinance and the formation of the New Model Army 10 The Last Campaigns Cromwell being sent into the West and Crawford being ordered to assist Sir William Brereton and then the disbandment of the Association's regiments to form the New Model Army The conclusion traces what happened to some of the combatants after the war and appendices describe the logistics of the Eastern Association and the Royalist colors that were captured at Marston Moor The discovery of the whereabouts of the correspondence of the Earl of Manchester after they were withdrawn from the then Public Record Office means that this book contains information not used in other books on the campaigns of the Eastern Association and also the raising of the New Model Army so is a must for anyone interested in the Civil War
