I was not a Socialist.

Then they came for the Trade

Martin Neimoller:

Pastor Martin Niemöller, Admiral Karl Dönitz, and the German Experience of the 20th Century Lawrence Sondhaus, 2025-06-02 This book traces the remarkable lifelong friendship of Martin Niemöller the Evangelical minister who defied Hitler and Karl Dönitz the mastermind of Germany's submarine campaigns in World War II who ultimately succeeded Hitler From their days as cadets at the German naval academy in the years 1910-1913 to their deaths in the early 1980s their story is full of ironies and unexpected twists After World War I Dönitz served the Weimar Republic and shunned the far right while Niemöller briefly left his seminary studies to command a battalion in the right wing Freikorps Then after World War II when Niemöller was hailed for his principled Christian resistance to Hitler and Dönitz indicted for war crimes Niemöller volunteered to help with his old friend's defense at the Nuremberg Trials Finally late in life Dönitz a hero for unrepentant Nazis and Niemöller a world renowned pacifist frequently shared a table at navy class reunions throughout the 1960s and 1970s In the end they and their friends and classmates learned to love their country in ways that differed from the chauvinistic nationalism of their youth In this manner their lives were emblematic of the transformation of their generation and of Germany as a whole

Then They Came for Me Matthew D Hockenos, 2018-09-18 First they came for the Communists and I did not speak out Because I was not a Communist Few today recognize the name Martin Niemöller though many know his famous confession In *Then They Came for Me* Matthew Hockenos traces Niemöller's evolution from a Nazi supporter to a determined opponent of Hitler revealing him to be a more complicated figure than previously understood Born into a traditionalist Prussian family Niemöller welcomed Hitler's rise to power as an opportunity for national rebirth Yet when the regime attempted to seize control of the Protestant Church he helped lead the opposition and was soon arrested After spending the war in concentration camps Niemöller emerged a controversial figure to his supporters he was a modern Luther while his critics including President Harry Truman saw him as an unrepentant nationalist A nuanced portrait of courage in the face of evil *Then They Came for Me* puts the question to us today What would I have done

The Company of the Preachers, *A Church Divided* Matthew D. Hockenos, 2004-10-20 This book closely examines the turmoil in the German Protestant churches in the immediate postwar years as they attempted to come to terms with the recent past Reeling from the impact of war the churches addressed the consequences of cooperation with the regime and the treatment of Jews In Germany the Protestant Church consisted of 28 autonomous regional churches During the Nazi years these churches formed into various alliances One group the German Christian Church openly aligned itself with the Nazis The rest were cautiously opposed to the regime or tried to remain noncommittal The internal debates however involved every group and centered on issues of belief that were important to all Important theologians such as Karl Barth were instrumental in pressing these issues forward While not an exhaustive study of Protestantism during the Nazi years *A Church Divided* breaks new ground in the discussion of responsibility guilt and the Nazi past

Confronting the Nazi War on Christianity Richard Bonney, 2009 Contemporaries and historians have found it difficult to interpret the ambiguous relationship between National Socialism and Christianity Both the Catholic and Protestant Churches tended to agree with National Socialists in their authoritarianism their attacks on socialism and

communism and their campaign against the Versailles Treaty but the doctrinal position of the Churches could not be reconciled with the principle of racism a foreign policy of unlimited aggressive warfare or a domestic agenda involving the complete subservience of Church to State Important sections of the Nazi Party sought the complete extirpation of Christianity and its substitution by a purely racial religion but considerations of expediency made it impossible for the National Socialist leadership to adopt this radical anti Christian stance as official policy The Kulturkampf Newsletters which have not appeared in English since the 1930s were produced by German Catholic exiles in France They scrupulously document the tensions between various strands of Nazi policy and the nature of the policy eventually adopted this was to reduce the Churches influence in all areas of public life through the use of every available means yet without provoking the difficulties diplomatic as well as domestic which an openly declared war of extermination might have caused *Hitler's Personal Prisoner* Benjamin Ziemann,2024 From 1938 to 1945 the Protestant church leader Martin Niemöller was detained as Hitler's Personal Prisoner in Nazi concentration camps and has been widely hailed as an icon of Christian resistance against the Nazis Benjamin Ziemann uncovers a more problematic historical Niemöller behind the legend of the resistance hero **Who's Who in Christianity** Lavinia Cohn-Sherbok,2013-05-13 Who's Who in Christianity is an invaluable reference guide to the leading men and women who have influenced the course of Christian history including the founding fathers monarchs popes saints philanthropists heretics theologians and missionaries The book encompasses the Eastern and Western Churches and the lives and opinions of personalities who have shaped the past twenty Christian centuries from Jesus of Galilee to Pope John Paul II Paul of Tarsus to Mother Teresa Who's Who in Christianity provides an accessible and user friendly A Z layout detailed bibliographical information on each prominent figure a glossary of technical terms a chronological table of the chief historical events an invaluable guide for scholars teachers clergy students and general readers *The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Volume 6* Hughes Oliphant Old,2007 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen **Keine Gewalt! No Violence!** Roger J. Newell,2017-10-04 A study tour to Leipzig in the former East Germany GDR raised new questions for Roger Newell about the long struggle of the Protestant church with the German state in the twentieth century How was it possible that a church unable to stop the Nazis helped bring a totalitarian government to its knees fifty years later How did an institution marginalized in every way possible by the state education system stripped of its traditional privileges ridiculed by the government and the media as a dinosaur become the catalyst for a transformation that enabled a great but troubled

nation to be peacefully reunited something unprecedented in German history What were the connecting relationships and theological struggles that joined the church's failed resistance to Hitler with the peaceful revolution of 1989 The chapters that follow tell the backstory of the theological debates and personal acts of faith and courage leading to the moment when the church became the cradle for Germany's only nonviolent revolution The themes that emerge remain relevant for our own era of seemingly endless conflict

The Politics of Peace Petra Goedde, 2019-01-10 During a television broadcast in 1959 US President Dwight D Eisenhower remarked that people in the long run are going to do more to promote peace than our governments Indeed I think that people want peace so much that one of these days our governments had better get out of the way and let them have it At that very moment international peace organizations were bypassing national governments to create alternative institutions for the promotion of world peace and mounting the first serious challenge to the state centered conduct of international relations This study explores the emerging politics of peace both as an ideal and as a pragmatic aspect of international relations during the early cold war It traces the myriad ways in which a broad spectrum of people involved in and affected by the cold war used altered and fought over a seemingly universal concept These dynamic interactions involved three sets of global actors cold war states peace advocacy groups and anti colonial liberationists These transnational networks challenged and eventually undermined the cold war order They did so not just with reference to the United States the Soviet Union and Western Europe but also by addressing the violence of national liberation movements in the Third World As Petra Goedde shows in this work deterritorializing the cold war reveals the fractures that emerged within each cold war camp as activists both challenged their own governments over the right path toward global peace and challenged each other over the best strategy to achieve it The Politics of Peace demonstrates that the scientists journalists publishers feminists and religious leaders who drove the international discourse on peace after World War II laid the groundwork for the eventual political transformation of the Cold War
