development as a uniquely apt lens through which to observe and understand television's own dramatic extension from network to cable to streaming platforms. She demonstrates how FoodTV became popular commercial television through its growth beyond instruction response to industrial and cultural change and a decisive turn away from an association with domesticity or femininity. The story of FoodTV offers a new understanding of how certain material stylistic and textual practices that make up television emerge as conventions and how such conventions both endure and evolve. This book is an ideal guide for students and scholars of media studies, television studies, food studies, and cultural studies.
