Senate. Committee on the Judiciary,1971 *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950*

George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Marxism and Culture

Lawrence H. Schwartz,2000-09-12 *Marxism and Culture* attempts a history of the approach to literature as practiced by the Communist Party of the United States during the 1930s It also attempts to set aside the distortion of cultural cold war which routinely labeled anything communist as tendentious and tainted **The Cambridge Companion to Marx** Terrell

Carver,1991-10-25 Marx was a highly original and polymathic thinker unhampered by disciplinary boundaries whose intellectual influence has been enormous Yet in the wake of the collapse of Marxism Leninism in Eastern Europe the question arises as to how important his work really is for us now An important dimension of this volume is to place Marx s writings in their historical context and to separate what he actually said from what others in particular Engels interpreted him as saying Informed by current debates and new perspectives the volume provides a comprehensive coverage of all the major areas to which Marx made significant contributions *The Marxist Philosophy of Ernst Bloch* Wayne Hudson,1982-06-18 **A**
