

MARXISM. AN HISTORICAL AND CRITICAL STUDY

G. Lichtheim*

por Peter Bristow

I. CONTENIDO DE LA OBRA.

La moda entre los comentaristas actuales, según George Lichtheim, es exponer el sistema de Karl Marx y analizar su compatibilidad con el pensamiento de hoy. Pero el autor considera que el marxismo es, en primer lugar, un fenómeno histórico, y así pretende presentarlo en el presente libro. Un análisis crítico del sistema a la luz del pensamiento moderno queda relegado a un segundo lugar. En consecuencia el punto de partida no es el "materialismo dialéctico", sino la Revolución Francesa y su influencia en Alemania a principios del siglo XIX. Con frecuencia se ha dicho que el marxismo representa un puente entre las revoluciones francesa y rusa, el autor apoya esta hipótesis y sigue paso a paso los acontecimientos de este período.

El libro está dividido en seis grandes apartados: a) Revisión histórica y filosófica de los cincuenta años que median entre 1789 y el inicio del desarrollo del sistema marxista. b) Descripción de la primera doctrina de Marx entre 1840 y 1848. c) Consideración del papel que jugaron los acontecimientos, entre

1848-71, en Alemania y Francia, en el completo desenvolvimiento del sistema de Karl Marx. d) Estudio del núcleo de la doctrina marxista, tratando los puntos referentes al "materialismo histórico", la sociedad burguesa y la política y economía marxistas. e) Prospección histórica de las corrientes e interpretaciones sobre Marx desde 1871 hasta la primera guerra mundial. Y, por último, f) Análisis de la disolución del marxismo, considerado como sistema, hasta nuestros días.

Una vez situado el marxismo en su coyuntura histórica, el autor aborda —como objetivo secundario— el análisis crítico. Se plantea si hay elementos del marxismo original que han conservado su importancia a lo largo del tiempo y, más específicamente, considera la importancia que tiene hoy la realización de una crítica de la economía liberal, centrándose en lo que llama primer intento de hacer una teoría unitaria del Estado.

El autor, George Lichtheim, es un alemán educado en Berlín y Heidelberg, que ha residido en Inglaterra desde 1945. Ha sido redactor de la revista *Soviet Survey*. Afirma que el libro no está escrito desde ninguna

George Lichtheim

Marxism An Historical Critical Study:

Marxism, an Historical and Critical Study George Lichtheim,1965 Marxism presents an authoritative analytic survey of the course of Marxism from its origins in the late eighteenth century through the post World War II period A classic of political history this work is the culminating achievement of one of the leading historians of socialism *Marxism (RLE Marxism)* George Lichtheim,2015-03-22 This book first published in 1961 and revised in 1964 is both a critical study of a body of thought and an historical account of how Marxist theory arose from the context of European history in the 19th century It traces the development of socialist thought from the French to the Russian Revolutions and attempts to show in what manner the political and intellectual problems of Central Europe between 1848 and 1948 came to dominate the theory and practice of that Marxist movement which formed the crucial link between the two revolutions The author takes the view that Marxism is a movement and a body of doctrine which belongs essentially to the 19th century which came to an end with the First World War and the Russian Revolution and that its impact as a doctrine has now been absorbed *Companion to Historiography* Michael Bentley,2006-02-27 The Companion to Historiography is an original analysis of the moods and trends in historical writing throughout its phases of development and explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history **Fourth World Conflicts** Janusz Bugajski,2019-03-07 This study consists of a comprehensive examination of Communist policies toward rural populations and indigenous societies in a cross section of developing Third World states It explores the universal threads and national adaptations of Communist or Marxist Leninist theory and praxis **Karl Marx** Kevin B. Anderson,2017-05-15 Marx s approach to analyzing society and especially his critique of capitalist society continues to influence the work of a large number of scholars world wide Unfortunately there are relatively few clear accounts of what this approach is and how to put it to use And despite the many attempts to use Marx s method to study a variety of subjects there are relatively few that can serve as useful models In the present volume the internationally renowned Marxist scholar Bertell Ollman and the social theorist Kevin B Anderson have brought together a sampling of the best writings of the past hundred years that illustrate and critique Marx s method as well as explain what it is and how to put it to work Anyone wishing to understand better Marx s dialectical method along of course with the theories created with its help or to revise this method or to criticize it or to use it in their own work will find this collection invaluable *The Norton History of the Human Sciences* Roger Smith,1997 Beginning with the Renaissance s rediscovery of Greek psychology political philosophy and ethics author Roger Smith recounts how the human sciences gradually organized themselves around a scientific conception of psychology and how this trend has continued to the present day in a circle of interactions between science and ordinary life influencing and influenced by popular culture Photos drawings **Reception**

History and Biblical Studies Emma England, William John Lyons, 2015-05-21 How do we begin to carry out such a vast task the examination of three millennia of diverse uses and influences of the biblical texts Where can the interested scholar find information on methods and techniques applicable to the many and varied ways in which these have happened Through a series of examples of reception history practitioners at work and of their reflections this volume sets the agenda for biblical reception as it begins to chart the near infinite series of complex interpretive events that have been generated by the journey of the biblical texts down through the centuries The chapters consider aspects as diverse as political and economic factors cultural location the discipline of Biblical Studies and the impact of scholarly preconceptions upon reception history Topics covered include biblical figures and concepts contemporary music paintings children s Bibles and interpreters as diverse as Calvin Lenin and Nick Cave

The Olympic Games and the Environment J. Karamichas, 2013-01-11 This book examines the environmental credentials of Olympic Host cities and the opportunities afforded by hosting the Games towards the ecological modernization of the host nation by using perspectives offered by environmental sociology It also sets out projections for the environmental legacy of London 2012

Varieties of Marxism Shlomo Avineri, 2012-12-06 The essays included in this volume are based on papers delivered at the International Symposium on Varieties of Marxism held at the Van Leer Jerusalem Foundation on June 16 19 1974 and dedicated to the memory of George Lichtheim When the idea of such a symposium was first raised the organizers planned to have George Lichtheim as one of the main speakers at the event In our last and brief meeting in London I suggested this to him and Lichtheim gave his consent to attend the symposium though at that time no date was yet fixed His tragic death a few months later left a gap not only in the program of the symposium but in Marxist studies generally it was felt that per haps one way of paying tribute to his contribution to the study of a subject so near to his mind would be to name the symposium in his memory and devote an introductory paper to an attempt at an intellectual portrait of George Lichtheim as an historian of ideas The volume as published includes all papers delivered at the symposium with the excep tion of the papers of J L Talmon Jerusalem on Marxism and Nationalism and Gajo Petrovic Zagreb on Yugo slav Marxism Appended is also a short obituary written by me on Lichtheim for the journal Political Science published by the American Political Science Association

Scholarship and Partisanship Reinhard Bendix, Guenther Roth, 2023-04-28 Today Max Weber appears to many younger academic rebels as the patron saint of value neutral social science yet he too engaged in a furious generational rebellion of his own and in the end chose science as a vocation These essays deal with Weber s substantive and methodological contribution and the relation of his life to his place in intellectual and political history They examine the influences on Weber as well as his similarities to and differences from Marx Burckhardt Nietzsche Durkheim and others The authors also give attention to the ideological background of the modern attack upon the university and to comparative study of values authority and legitimation Bendix s Presidential Address to the 1970 meeting of the American Sociological Association is included This title is part of UC Press s Voices Revived program

which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971
