with modern Russian and European culture The Philosophy of Art of Karl Marx is notable for its originality of method in approaching the subject of Marx's aesthetics Far from being a mere compendium of Marx's comments on art and literature it treats his writing in this field as an integral part of the totality of his thought In his complex but lucid argument Lifshitz demonstrates the relations between Marx's changing views of art and the development of his revolutionary theory ranging from Marx's own early Romantic poetry to Capital In the process the book discusses some of Marx's comment on art in notebooks and articles which are still little known Print ed **Renew Marxist Art History** Warren Carter, Barnaby Haran, Frederic J. Schwartz, 2013 This book not only provides the very latest in Marxist art historical writing it also acts an essential introduction to one of the most vibrant and relevant forms of art history today one that looks to the past but is also marked by an urgent sense of the present
