Marxism And Democracy:

Marxism, Revolution, and Democracy John Hoffman, 1983 Marxism and Democracy Alan Hunt, 1980 *Marxism and Democracy* Joseph V. Femia, 1993-06-24 The collapse of the Soviet Union would seem to sound the death knell for Marxism as a blueprint for social change Why has this doctrine the repository of so many hopes and dreams failed in its grand ambition to liberate the human race from poverty and oppression Through a critical and systematic analysis of what Marx and his disciples had to say about democracy Joseph Femia sheds light on the reasons for this failure **Marxism and Democracy in Chile** Julio Faúndez, 1988-01-01 In this book Julio Faúndez traces the development of Chilean politics from 1932 to the overthrow of Allende in 1973 focusing in particular on the participation of Marxist parties in Chile's democratic government Relating the various phases in the evolution of the political system to the concrete problems that had to be faced Faúndez discusses how class alliances political mobilization and the role of organized labor affected developments in the country His book adds an important new perspective to a perennial topic of debate among politicians and political scientists worldwide Karl Kautsky John Hans Kautsky, Karl Kautsky, Political Science **The Specter of Democracy** Dick Howard, 2002 In this rethinking of Marxism and its blind spots Howard uses a critical rereading of Marx as a theorist of democracy to offer a new way to think about this political ideal He argues that it is democracy rather than Marxism that is radical and revolutionary and that Marx could have seen this but did not Marxism and Democracy, 1965 **Marx, Engels and Liberal Democracy** Michael Levin, 1989-02-09 A study investigating how the founders of Marxism came to terms with the emergence of liberal democracy as a political system It examines in language without jargon how they defined democracy and how they evaluated the liberal constitutional state by placing their ideas in historical context *Democracy Against Capitalism* Ellen Meiksins Wood, 2016-02-02 Historian and political thinker Ellen Meiksins Wood argues that theories of postmodern fragmentation difference and contingency can barely accommodate the idea of capitalism let alone subject it to critique In this book she sets out to renew the critical program of historical materialism by redefining its basic concepts and its theory of history in original and imaginative ways using them to identify the specificity of capitalism as a system of social relations and political power She goes on to explore the concept of democracy in both the ancient and modern world examining its relation to capitalism and raising questions about how democracy might go beyond the limits imposed on it

Capitalism and Social Democracy Adam Przeworski, 1986-12-26 Not to repeat past mistakes the sudden resurgence of a sympathetic interest in social democracy is a response to the urgent need to draw lessons from the history of the socialist movement After several decades of analyses worthy of an ostrich some rudimentary facts are being finally admitted Social democracy has been the prevalent manner of organization of workers under democratic capitalism Reformist parties have enjoyed the support of workers
