Marxism And Feminism:

Marxism and the Oppression of Women Lise Vogel, 2013-06-03 Nearly thirty years after its initial publication *Marxism and the Oppression of Women* remains an essential contribution to the development of an integrative theory of gender oppression under capitalism Lise Vogel revisits classical Marxian texts tracking analyses of the woman question in socialist theory and drawing on central theoretical categories of Marx's *Capital* to open up an original theorisation of gender and the social production and reproduction of material life Included in this edition are Vogel's article *Domestic Labor Revisited* originally published in *Science Society* in 2000 which extends and clarifies her main theoretical innovations and a new Introduction by Susan Ferguson and David McNally situating Vogel's work in the trajectory of Marxist feminist thought over the past forty years

Marxism and Feminism Shahrzad Mojab, 2015-03-12 Global events from economic crisis to social unrest and militarization disproportionately affect women Yet around the world it is also women who are leading the struggle against oppression and exploitation In light of renewed interest in Marxist theory among many women activists and academics *Marxism and Feminism* presents a contemporary and accessible Marxist feminist analysis on a host of issues It reassesses previous debates and seeks to answer pressing questions of how we should understand the relationship between patriarchy and capitalism and how we can envision a feminist project which emancipates both women and society With contributions from both renowned scholars and new voices *Marxism and Feminism* is set to become the foundational text for modern Marxist feminist thought

Women and Revolution Lydia Sargent, 1981 *Women and Revolution* edited by Lydia Sargent is the second volume in the South End Press Political Controversies Series on contemporary political theory and practice The lead article *THE UNHAPPY MARRIAGE OF MARXISM AND FEMINISM* by Heidi Hartmann argues that the marriage of marxism and feminism has been like that between husband and wife depicted in English common law marxism and feminism are one and that one is marxism To continue the metaphor further either we need a healthier marriage or we need a divorce The twelve contributors to this discussion are Iris Young Christine Riddiough Gloria Joseph Sandra Harding Azizah al Hibri Carol Ehrlich Lise Vogel Emily Hicks Carol Brown Katie Stewart Ann Ferguson Nancy Folbre Zillah Eisenstein

Marxism and Feminism: A Critical Analysis of Power Structures and Intersectionality Pasquale De Marco, 2025-07-26 *Marxism and feminism* are two powerful and influential ideologies that have shaped the course of history Both emerged in the 19th century as responses to the oppressive conditions faced by workers and women respectively While they share some common goals such as the pursuit of social justice and equality they have also been the subject of intense debate and criticism In this groundbreaking book we explore the complex relationship between Marxism and feminism examining their historical development theoretical foundations and practical applications We also critically evaluate the strengths and weaknesses of each ideology and consider how they can be combined to create a more comprehensive and effective approach to social change One of the key points of contention between Marxism and feminism is the relative importance of class and

gender oppression Marxists argue that class is the primary source of oppression in society and that gender oppression is a secondary consequence of class exploitation Feminists on the other hand argue that gender oppression is a distinct and fundamental form of oppression that cannot be reduced to class struggle Another point of debate is the role of the state in achieving social change Marxists believe that the state is a tool of class oppression that must be overthrown in order to create a truly just and egalitarian society Feminists on the other hand are more divided on the role of the state Some feminists believe that the state can be reformed to promote gender equality while others argue that it is inherently patriarchal and must be abolished Despite their differences Marxism and feminism have also been influential allies in the fight for social justice Together they have helped to raise awareness of the oppression faced by workers and women and have played a key role in advancing progressive social change In this book we explore the complex and evolving relationship between Marxism and feminism and consider how these two ideologies can be combined to create a more comprehensive and effective approach to social change We also examine the challenges and opportunities facing the feminist movement in the 21st century and consider how Marxism can contribute to the struggle for gender equality This book is essential reading for anyone interested in the history of social thought the relationship between class and gender oppression and the future of social change If you like this book write a review

Women's Oppression Today Michèle Barrett, 2014-08-12 Women's Oppression Today is a classic text in the debate about Marxism and feminism exploring how gender sexuality and the family household system operate in relation to contemporary capitalism In this updated edition Michèle Barrett surveys the social and intellectual changes that have taken place since the book's original publication and looks back at the political climate in which the book was written In a major new essay she defends the central arguments of the book at the same time addressing the way such an engagement would play out differently today over thirty years later A foreword by Kathi Weeks examines the importance of approaching all feminist theories as events whose repercussions stretch beyond the circumstances of their creation

Feminism and the Marxist Movement Mary-Alice Waters, 1972 Since the founding of the modern workers movement 150 years ago Marxists have championed the struggle for women's rights and explained the economic roots in class society of women's oppression Photos

Feminist Marxism Or Marxist Feminism Pat Armstrong, 1985 Capitalist Patriarchy and the Case for Socialist Feminism Zillah R. Eisenstein, 1978 Fourteen provocative papers on the oppression of women in capitalist countries along with three articles on the subordinate position of women in two communist countries Cuba and China These important often path breaking articles are arranged in five basic sections the titles of which indicate the broad range of issues being considered Introduction motherhood reproduction and male supremacy socialist feminist historical analysis patriarchy in revolutionary society socialist feminism in the United States The underlying thrust of the book is toward integrating the central ideas of radical feminist thought with those pivotal for Marxist or socialist class analysis

Revolutionary Learning Sara Carpenter, Shahrzad Mojab, 2017-02-20 Revolutionary Learning explores the

Marxist and feminist theorisation of dialectics praxis and consciousness in education and learning Moving beyond previous books on Marxism and education which tend to focus on the reproductive nature of educational institutions this groundbreaking text draws upon work by leading feminist anti racist and anti colonial scholars in its exploration of the key philosophical concepts that build the Marxist analysis of learning Alongside chapters dealing with adult education institutional ethnography and the promotion of civic engagement the authors also reassess the contributions of Marx Gramsci and Freire to educational theory Adopting an innovative and explicitly feminist perspective they relocate these theorists Marxist analyses of education into a more complex relation to patriarchal and imperialist capitalism With significant implications for critical education scholarship research and practice Revolutionary Learning s importance lies not only in its contribution to theory but its extension into pedagogical practice with special attention to how a revolutionary critique of ideology is taken up by educators in their daily work

Marxist-Feminist Theories and Struggles Today Khayaat Fakier, Diana Mulinari, Nora Räthzel, 2020-02-15 This vital new collection presents new Marxist Feminist analyses of Capitalism as a gendered racialized social formation that shapes and is shaped by specific nature labour relationships Leaving behind former overtly structuralist thinking Marxist Feminist Theories and Struggles Today interweaves strands of ecofeminism and intersectional analyses to develop an understanding of the relations of production and the production of nature through the interdependencies of gender class race and colonial relations With contributions and analyses from scholars and theorists in both the global North and South this volume offers a truly international lens that reveals the vitality of contemporary global Marxist Feminist thinking as well as its continued relevance to feminist struggles across the globe
