Marxism, the Science of Society Kenneth Neill Cameron,1985 Science in Society Matthew David,2017-03-16

Science Technoscience has moved to centre stage in debates over change power and justice in twenty first century societies This text provides a general framework for understanding combining and applying the rich range of approaches that exist within sociology about science in particular the role and limitations of science in generating knowledge and the relationship between scientific knowledge and social progress Drawing on case studies from the past up until today s new genetics this is a clear even handed and comprehensive introduction to the field **A Textbook for an Introductory Course in Sociology** Jose A. Fadul,Ronan S. Estoque,2010-10-11 A textbook for an introductory course in sociology that is experiential participative image driven and connected EPIC Emphasis is given to history sociological methodology and applications in related fields Timeline is especially image rich and illustrative of the development of sociology through interactions Theoretical consideration are each accompanied by diagrams and illustrations from actual experience with suggested participative activities **The New York Times Book Review** ,1985 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *Routledge Handbook of Marxian Economics* David M. Brennan,David Kristjanson-Gural,Catherine P. Mulder,Erik K. Olsen,2017-03-16 Most developed economies are characterized by high levels of inequality and an inability to provide stability or opportunity for many of their citizens Mainstream economics has proven to be of little assistance in addressing these systemic failures and this has led both scholars and students to seek alternatives One such alternative is provided by Marxian economics In recent decades the field has seen tremendous theoretical development and Marxian perspectives have begun to appear in public discourse in unprecedented ways This handbook contains thirty seven original essays from a wide range of leading international scholars recognized for their expertise in different areas of Marxian economics Its scope is broad ranging from contributions on familiar Marxist concepts such as value theory the labor process accumulation crisis and socialism to others not always associated with the Marxian canon like feminism ecology international migration and epistemology This breadth of coverage reflects the development of Marxian economic and social theory and encompasses both the history and the frontiers of current scholarship This handbook provides an extensive statement of the current shape and future direction of Marxian economics The Routledge Handbook of Marxian Economics is an invaluable resource for students researchers and policy makers seeking guidance in this field It is designed to serve both as a reference work and as a supplementary text for classroom use with applications for courses in economics sociology political science management anthropology development studies philosophy and history **Rosa Luxemburg: The Incendiary Spark** Michael Löwy,2024-03-05 Renowned Marxist scholar Michael L wy offers an indispensable assessment of an enduringly fascinating revolutionary Vibrant insightful and wide ranging L wy s essays

illuminate the heroic tough minded idealist and martyr Rosa Luxemburg Active in the labor and socialist movements of Germany Poland and Russia Luxemburg had international standing as an original and sharp minded theorist during her life and remains one of the most admired and studied revolutionaries in the Marxist tradition L wy follows Luxemburg in blending diverse intellectual disciplines philosophy history political science sociology anthropology and economics to make sense of global realities in her time and our own Luxemburg s creative intellectual endeavors were shaped by her genuine devotion to the free development of all people and her fierce opposition to all forms of tyranny and authoritarianism These commitments guided her analyses of exploitation and mass struggle the dynamics of trade unions and of bureaucracy the origins and impacts of economic crisis the nature of war and imperialism and the interconnections of reform and revolution In accessible and stimulating prose L wy explores Luxemburg s many political and theoretical contributions as well as her links to revolutionaries including Karl Marx Vladimir Lenin Antonio Gramsci Georg Luk cs Jos Carlos Mari tegui and Leon Trotsky Through L wy s expansive engagement with Luxemburg s political trajectory and influence we are able to see her wrestle with political problems that remain relevant today *Testimony of Walter S. Steele Regarding Communist Activities in the United States* United States. Congress. House. Committee on Un-American Activities,1947 Considers 80 H R 1884 80 H R 2122 *Theories Of Comparative Politics* Ronald H Chilcote,2018-02-12 Extensively revised and updated this classic text revisits the central problem of searching for mainstream and alternative paradigms to guide us in comparative political inquiry Building upon the first edition s comprehensive and systematic overview of frameworks ideologies and theories the second edition highlights new directions and developments over the past decade including the continuation of an ideological political science methodological innovations such as rational choice historical and postbehavioural approaches new emphases on and links between political culture and participation the recasting of modernization theory and the revitalization of class analysis and a thoroughgoing post Keynesian political economy point of view The second edition continues the tradition of the first in updating what one reviewer commended as outstanding excellent annotated bibliographies at the end of each chapter and the thorough survey of the general literature of comparative politics at the end of the book In addition the new edition includes an appendix of definitions that facilitate clarity and understanding of political science terminology important for students at every level from the introductory on up In a post Cold War world in which challenges to comparative inquiry abound ethnic conflict authoritarian repression state building and disintegration new industrialization and postindustrialization security systems redefined the search for new paradigms that *Theories of Comparative Politics* represents gains in importance daily *The Science of Society* G. L. Ulmen,1978 *Social Division* Alan Carling,1991 Social divisions are systematic social inequalities which are frequently regarded as unjust and are fateful in the lives of individuals
