

The background of the book cover is a photograph of a rocky coastline. In the upper left, there are rugged, brownish-orange cliffs and rocks. A narrow strip of green grassy land runs along the base of the cliffs, meeting a body of water. The water is a deep, vibrant blue-green color, with some white foam visible near the shore. The overall scene is serene and natural.

Poems Of The Heart Of The Mind Off The Wall:

Poems Jacgulyn Brown Young, 1997-05-01 **Poetry to God** Terry Webb, 2014-07-26 *Poetry to God Volume 4 Prison Praise* is a vast collection of spiritual uplifting and empowering poems written by a man doing time in state prison This book of poetry Includes cries from behind the wall and love letters from prison Each poem will encourage your heart soul and mind and keep you focused on the things of God Overwhelming comfort can also be found here in this book of inspirational poetry All of the poems are true life experiences written by Terry Webb while doing time in a California state prison keeping his heart and mind on the things of God **Healing Poems from the Heart** Donald Halstead, 2024-09-19 The cover title came to me actually after my wife passed away in 2011 I started writing about a month later something just came over me to write Then after that I started writing on things that happened in my life Then in 2017 on October 1 I knew I had to write to help people heal from the tragedy that happened while we were in Vegas I hope that these poems will help someone because I know they did help me Some poems from this book *Healing Prayers from the Heart* could fit someone s past I hope that in some way it could help someone Thank you *Disguised as a Poem* Judith Tannenbaum, 2000 Tannenbaum reminds readers not only that men and women behind bars are human and therefore deserving of our respect and compassion but that they have much to tell us about our propensity for both barbarism and beauty Booklist *Robert Frost: Sixteen Poems to Learn by Heart* Robert Frost, Jay Parini, 2024-03-05 Celebrate Robert Frost s 150th birthday with a deluxe keepsake edition featuring 16 of his greatest poems with brilliant essays highlighting his special genius and the power of memorization to unlock the magic of his language During a public reading Robert Frost was once asked why he so frequently recited his poems from memory With typical wit he replied If they won t stick to me I won t stick to them Remarkably among the modern poets his poems stick to the reader *Mending Wall* with its famous invocation of the rural maxim Good fences make good neighbors *The Road Not Taken* about the beguiling possibilities of life *Birches* which reminds us that One could do worse than be a swinger of birches *Stopping by Woods on a Snowy Evening* with its unforgettable final line And miles to go before I sleep Here poet and Frost biographer Jay Parini presents these and 12 other Frost poems to learn by heart In short accompanying commentaries Parini illuminates the stylistic and imaginative features of each of the poems drawing in biographical material from Frost s life to provide further context The goal of this little book is to encourage readers to slow down to listen to Frost s words and phrases to locate their deepest rhythms and hear the tune of each poem as it unfolds Memorizing a poem can teach us much about a poem s structure and argument and about the resonance of particular words And best of all memorization makes a poem part of our inner lives Once committed to memory a poem is available to us for recall at any time and the occasions for remembering it will make themselves known to us It isn t something we have to work at Anyone who has read and loved Frost s poetry will want to own and treasure this little gift edition Those reading Frost for the first time or those wishing to become better acquainted with one of America s greatest poets will not find a better more
