Poems From The Rubio:

Poems from the Rubio Herb Brin, 1995

Spanish Poetry of the Twentieth Century Andrew Debicki, 2021-12-14

Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature

A History of Chilean Literature Ignacio López-Calvo, 2021-10-14

This book covers the heterogeneity of Chilean literary production from the times of the Spanish conquest to the present It shifts critical focus from national identity and issues to a more multifaceted transnational hemispheric and global approach Its emphasis is on the paradigm transition from the purportedly homogeneous to the heterogeneous

Poetry and Crisis Jill Robbins, 2019-12-12

On March 11 2004 Islamist terrorists carried out a massive bombing on Madrid's largely working class commuter trains leaving 191 people dead and more than 1 500 others wounded This event known in Spain as 11 M was the second of three highly visible jihadist attacks on the West between 2001 and 2005 and the first in Europe occurring just days before the national elections in Spain Arguing that 11 M marked a critical turning point in Spanish society this book reveals how poetry played a unique role and reflected a new political and cultural sensibility defined by informal and non hierarchical networks of communication and memorialization After the attacks poems circulated in public spaces in unexpected ways creating links and relationships that were binding they were inscribed on banners and monuments musicalized in anthems protest songs and hip hop music reproduced on manifestos and blogs sent by email and text scribbled on scraps of paper and posted on walls performed publicly and painted as graffiti These forms of expression also resonated strongly with Spanish poets who had already been exploring the possibilities of ethical engagement and aesthetic creation Poetry and Crisis explores how this essentially poetic sensibility emerged from tragedy laying the groundwork for similar kinds of affective and grassroots

mobilization that continue to grow in Europe today The Poetry of Protest Under Franco Eleanor Wright, 1986 Published by Boydell Brewer Inc Selected Poems Federico García Lorca, 2007 Federico Garcia Lorca is perhaps the most celebrated of all twentieth century Spanish writers known not only for his plays but also for several collections of poems published both in his short lifetime and after Lorca's poetry is steeped in the land climate and folklore of his native Andalusia though he writes memorably of New York and Cuba too Writing often in modernist idiom and full of startling imagery he evokes a world of intense feelings silent suffering and dangerous love This unique parallel text edition balances poems from Lorca's early collections with his better known later work providing a clear vision of his poetic development and drawing attention to the brilliance and originality of some of the earlier work Key poems from all Lorca's collections appear here including the recently discovered Sonnets of Dark Love Martin Sorrell's translations are thoughtful and accomplished and D Gareth Walters's shrewd Introduction with its distinctive focus on the achievements of the poet gives a clear and balanced appraisal of the poetry while steering away from the tendency to mythologize Lorca's life and death This edition also includes helpful notes a bibliography a chronology and an index of titles *Politics and Verbal Play* Martha LaFollette Miller, 1995 In *Politics and Verbal Play* Martha LaFollette Miller traces the evolution of the poetry of Angel Gonzalez from his early existential and social period through later works that draw heavily on verbal and conceptual play for their effect **Politics and Public Space in Contemporary Argentine Poetry** Ben Bollig, 2016-10-06 This book addresses the connection between political themes and literary form in the most recent Argentine poetry Ben Bollig uses the concepts of lyric and state as twin coordinates for both an assessment of how Argentinian poets have conceived a political role for their work and how poems come to speak to us about politics Drawing on concepts from contemporary literary theory this striking study combines textual analysis with historical research to shed light on the ways in which new modes of circulation help to shape poetry today *Advances in Embroidery: Poems, with Translations from Mahmoud Darwish* Ahmad Al-Ashqar, 2017-06-29 Original poetry by Ahmad Al Ashqar and translations from Mahmoud Darwish The Babylonian Disputation Poems Enrique Jiménez, 2017-02-06 In *The Babylonian Disputation Poems* Enrique Jiménez studies a group of ancient Babylonian poems that feature discussions between animals and trees Using intertextual parallels and comparison with similar works in other literatures he espouses a new classification of the Babylonian disputation poems as parodies After examining neighboring traditions of literary disputation he argues that the Babylonian poems influenced them and that some may have been translated from Akkadian to Aramaic from Aramaic and Syriac to Arabic In addition *The Babylonian Disputation Poems* provides editions of several previously unpublished Babylonian disputations such as *Palm and Vine* and the *Series of the Spider* It also offers the first edition of the latest known Babylonian fable *The Story of the Poor Forlorn Wren* The present book is an exemplary model for editing and commenting upon ancient texts and almost every approach has been taken into account Markham J Geller *Journal for the Study of the Old Testament* 43 5 2019
