Poems & Scraps for Healing & Growth R. A. Feller, 2005-03-07 As our patterns get rubbed together in relationships when things work out for our hurt remember God turns all for our good when we love Him Whether going through separation divorce or the possible break up in a relationship sometimes identifying the pain for healing in the midst of all the commotion can be difficult Poems Scraps for Healing Growth offers an open door to mend a hurting heart This book is meant to come along side and bind up the emotional tears by helping you identify your wounds through the wounds of another Leaving you in a better space for making better decisions is my other objective Looking from a vantage point which only God could have taught has provided for me a leading through many trying times and many insights as to understand what I did to get there

Love Notes for My Butterfly R. A. Feller, 2007-10-05 Think about how much safer and relaxed you would feel if you knew what to expect from a relationship before you got into one In this book I lay open my experiences from what I feel God revealed to me about falling in love A thriving growing relationship which enters into marriage waits within these pages Where hands are still held within the revealed depths of love long after courtship there is stability in behavior which promotes consistent growth As the bridegroom rejoices in His bride so does the Lord rejoice in you At last a pattern to behold and live for a full life

Ezra Pound, Poet Anthony David Moody, 2007 The long awaited second volume of A David Moody s acclaimed three part biography The Epic Years examines Pound s middle years a period which was also his most productive

Ezra Pound: Poet A. David Moody, 2014-09-25 The long awaited second volume of A David Moody s critically acclaimed three part biography of Ezra Pound weaves together the illuminating story of his life his achievements as a poet and a composer and his one man crusade for economic justice The years 1921 1939 were the most productive of Pound s career In 1920s Paris he was among the leading figures of the avant garde and in that ambience he composed an opera made original contributions to the theory of harmony and wrote the first thirty cantos of his great epic Moody explores this creativity in fascinating detail examining the environment that allowed for some of Pound s greatest work This period also brought Pound s politics firmly into view and Moody is able to shed new light on his sympathy for Mussolini s Fascism his invoking Confucian China as a model of responsible government and his abiding commitment to the democratic values of the American Constitution Pound is revealed as a great poet and a flawed idealist caught up in the turmoil of his darkening time and struggling sometimes blindly and in error and self contradiction to be a force for enlightenment
