Anderson, 2011-10-18 *Poetry of Spiritual Awakening* presents a collection of poetry arranged in three groupings designed to indicate levels of conscious awareness experienced by author Hilton L. Anderson Waking up spiritually is an individual process even so there are common themes experienced by many people that may help others in their own spiritual journey In general terms the separate ego state is focused primarily on the external reality while the spiritual is more focused on internal consciousness Perhaps another way of explaining this spiritual awakening is recognizing the shift from the rational mind to heart consciousness The way in which the poems of this collection are arranged is an attempt to make this shift obvious Through the practice of forgiveness and the awareness of love the separate self of the ego begins to lose its hold allowing the awareness of the larger self to become the focus of attention This awareness heals the separation of self from others and the Divine Ultimately the awareness of the unitary nature of existence becomes known The fear of death and its resolution are prominent concerns of many of the poems The need to face the reality of death and understand it in a meaningful way is one of the basic learning explored by the poetry **Mazisi Kunene** Dike Okoro, 2022-12-14 This book examines the life and work of Mazisi Kunene the only recognized poet laureate of Africa a Nobel Prize nominee and a key symbol of African cultural independence Kunene is widely recognized for his epic poems that assert cultural identity and condemn the disruption of the growth and development of African culture through colonialism postcolonialism This book explores how oral literature and cultural traditions informed Kunene's poetry how Kunene's poetry highlights African women and mothers and how activism mythology and transnational identities are depicted in his verse to promote cultural and generational continuities from Africa to the Diasporic Africans Drawing on a range of interviews and comparative studies the book situates Kunene's work in a wider conversation about South African social struggles This book is an important contribution to our understanding of one of the giants of African literary history As such it will be of interest to researchers across African literary and postcolonial studies Good Poems for Hard Times, 2006-08-29 The book is full of strong memorable poems that stick with readers like a friend during a long hard night The Christian Science Monitor Here readers will find solace in works that are bracing and courageous organized into such resonant headings as Such As It Is More or Less and Let It Spill From William Shakespeare and Walt Whitman to R S Gwynn and Mary Oliver the voices gathered in this collection will be more than welcome to those who've been struck by bad news who are burdened by stress or who simply appreciate the power of good poetry Poetry Harriet Monroe, 1914
