Poetry Of The Revolution Marx Manifestos And The Avant Gardes:

Poetry of the Revolution Martin Puchner, 2006 Martin Puchner tells the story of political and artistic upheavals through the political manifestos of the 19th and 20th centuries He argues that the manifesto was the genre through which modern culture articulated its revolutionary ambitions and desires

Provisional Avant-Gardes Sophie Seita, 2019-07-23 What would it mean to be avant garde today Arguing against the notion that the avant garde is dead or confined to historically failed movements this book offers a more dynamic and inclusive theory of avant gardes that accounts for how they work in our present Innovative in approach Provisional Avant Gardes focuses on the medium of the little magazine from early Dada experiments to feminist queer and digital publishing networks to understand avant gardes as provisional and heterogeneous communities Paying particular attention to neglected women writers artists and editors alongside more canonical figures it shows how the study of little magazines can change our views of literary and art history while shedding new light on individual careers By focusing on the avant garde s publishing history and group dynamics Sophie Seita also demonstrates a new methodology for writing about avant garde practice across time one that is applicable to other artistic and non artistic communities and that speaks to contemporary practitioners as much as scholars In the process she addresses fundamental questions about the intersections of aesthetic form and politics and about what we consider to be literature and art

Globalizing the Avant-Garde David Ayers, Joana Cunha Leal, Benedikt Hjartarson, Margarida Brito Alves, 2024-12-16 How has the process of globalization shaped artistic practices on the one hand and art history and theory on the other The contributions in this volume approach this question from a range of perspectives taking into account the role of travel for example or practitioners increasing knowledge of other cultures art s increasing awareness of itself as existing on a global level literary translation the advance of technology and the ever changing grand narratives of art history As well as reflections on European avant gardes and neo avant gardes the collection features discussions of Japan Latin America Africa Asia and the Pacific As a whole the volume engages with broader current discourses about cultural globalization and features input from leading scholars around the world as well as some important novel interventions by early career researchers The authors not only make a major contribution to the evolution of avant garde studies but also offer valuable original points of view to art history and to the cultural theory of globalization more broadly

Surveying the Avant-Garde Lori

Cole, 2018-06-04 Surveying the Avant Garde examines the art and literature of the Americas in the early twentieth century through the lens of the questionnaire a genre as central as the manifesto to the history of the avant garde Questions such as How do you imagine Latin America and What should American art be issued by avant garde magazines like *Im n a* Latin American periodical based in Paris and Cuba s *Revista de Avance* demonstrate how editors writers and readers all grappled with the concept of America particularly in relationship to Europe and how the questionnaire became a structuring device for reflecting on their national and aesthetic identities in print Through an analysis of these questionnaires and their responses

Lori Cole reveals how ideas like American art as well as modernism and avant garde were debated at the very moment of their development and consolidation Unlike a manifesto whose signatories align with a single polemical text the questionnaire produces a patchwork of responses providing a composite and sometimes fractured portrait of a community Such responses yield a self reflexive history of the era as told by its protagonists which include figures such as Gertrude Stein Alfred Stieglitz Jean Toomer F T Marinetti Diego Rivera and Jorge Luis Borges The book traces a genealogy of the genre from the Renaissance paragone or comparison of the arts through the rise of enquetes in the late nineteenth century up to the contemporary questionnaire which proliferates in art magazines today By analyzing a selection of surveys issued across the Atlantic Cole indicates how they helped shape artists and writers understanding of themselves and their place in the world Based on extensive archival research this book reorients our understanding of modernism as both hemispheric and transatlantic by narrating how the artists and writers of the period engaged in aesthetic debates that informed and propelled print communities in Europe the United States and Latin America Scholars of modernism and the avant garde will welcome Cole s original and compellingly crafted work

Avant-Garde Canadian Literature Gregory Betts, 2013-02-27 In *Avant Garde Canadian Literature* Gregory Betts draws attention to the fact that the avant garde has had a presence in Canada long before the country s literary histories have recognized and that the radicalism of avant garde art has been sabotaged by pedestrian terms of engagement by the Canadian media the public and the literary critics This book presents a rich body of evidence to illustrate the extent to which Canadians have been producing avant garde art since the start of the twentieth century Betts explores the radical literary ambitions and achievements of three different nodes of avant garde literary activity mystical revolutionaries from the 1910s to the 1930s Surrealists Automatists from the 1920s to the 1960s and Canadian Vorticists from the 1920s to the 1970s *Avant Garde Canadian Literature* offers an entrance into the vocabulary of the ongoing and primarily international debate surrounding the idea of avant gardism providing readers with a functional vocabulary for discussing some of the most hermetic and yet energetic literature ever produced in this country

Avant-Garde Post- Marijeta Bozovic, 2023-12-05 *Avant Garde Post* follows seven Russophone poets as they reinvigorate leftist art in the wake of state socialism Rejecting both the Putin regime with its selective mobilizations of Soviet nostalgia and Western discourses of liberal superiority this circle is reviving class based critique through experimental forms and global collaborations

Dada and Its Later Manifestations in the Geographic Margins Ronit Milano, Raya Zommer-Tal, Noam Gonen, 2024-06-14 This volume focuses on the unstudied geographic margins of Dada delving into the roots of Dada in Israel Romania Poland and North America Contributors consider some of the practices and experiments that were conceived a century ago surfaced in art throughout the twentieth century and are still relevant today Unearthing its Israeli origins examining Dadaist expressions in Poland and shedding light on overlooked facets of Dadaist art in Romania and North America the authors cast a spotlight on the less explored geographical peripheries of Dada The book is organized around four

thematic trajectories space language materiality and reception which are dissected through the lens of micro histories Recognizing the continuing validity of questions raised by Dadaist artists this volume argues that Dada persists as an ongoing endeavor a continual reexamination of the fundamental tenets of art and its ever evolving potential manifestations The book will be of interest to scholars working in art history modernism and history of the twentieth and twenty first centuries

Philosophy as World Literature Jeffrey R. Di Leo, 2020-11-26 What does it mean to consider philosophy as a species of not just literature but world literature The authors in this collection explore philosophy through the lens of the worlding of literature that is how philosophy is connected and reconnected through global literary networks that cross borders mix stories and speak in translation and dialect Historically much of the world's most influential philosophy from Plato's dialogues and Augustine's confessions to Nietzsche's aphorisms and Sartre's plays was a form of literature as well as by extension a form of world literature *Philosophy as World Literature* offers a variety of accounts of how the worlding of literature problematizes the national categorizing of philosophy and brings new meanings and challenges to the discussion of intersections between philosophy and literature

The Creative Underground Paul Clements, 2016-09-13 Paul Clements champions the creative underground and expressions of difference through visionary avant garde and resistant ideas This is represented by an admixture of utopian literature manifestos and lifestyles which challenge normality and attempt to reinvent society as practiced for example by radicals in bohemian enclaves or youth subcultures He showcases a range of art and participatory cultural practices that are examined sociopolitically and historically employing key theoretical ideas which highlight their contribution to aesthetic thinking political ideology and public discourse A reevaluation of the arts and progressive modernism can reinvigorate culture through active leisure and post work possibilities beyond materialism and its constraints thereby presenting alternatives to established understandings and everyday cultural processes The book teases out the difficult relationship between the individual culture and society especially in relation to autonomy and marginality while arguing that the creative underground is crucial for a better world as it offers enchantment vitality and hope

Anti-Book Nicholas Thoburn, 2016-12-15 No Anti Book is not a book about books Not exactly And yet it is a must for anyone interested in the future of the book Presenting what he terms a communism of textual matter Nicholas Thoburn explores the encounter between political thought and experimental writing and publishing shifting the politics of text from an exclusive concern with content and meaning to the media forms and social relations by which text is produced and consumed Taking a post digital approach in considering a wide array of textual media forms Thoburn invites us to challenge the commodity form of books to stop imagining books as transcendent intellectual moral and aesthetic goods unsullied by commerce His critique is instead one immersed in the many materialities of text Anti Book engages with an array of writing and publishing projects including Antonin Artaud's paper gris gris Valerie Solanas's SCUM Manifesto Guy Debord's sandpaper bound *Mmoires* the collective novelist Wu Ming and the digital print hybrid of Mute magazine Empirically

grounded it is also a major achievement in expressing a political philosophy of writing and publishing where the materiality of text is interlaced with conceptual production Each chapter investigates a different form of textual media in concert with a particular concept the small press pamphlet as communist object the magazine as diagrammatic publishing political books in the modes of root and rhizome the multiple single of anonymous authorship and myth as unidentified narrative object An absorbingly written contribution to contemporary media theory in all its manifestations *Anti Book* will enrich current debates about radical publishing artists books and other new genre and media forms in alternative media art publishing media studies cultural studies critical theory and social and political theory **Procedures of Resistance** Davor Beganović, Zrinka Božić, Andrea Milanko, Ivana Perica, 2024-03-14 This volume explores the state of literary theory today decades after the repeatedly proclaimed end of theory It builds on the idea that theory is historically constituted as it is always becoming something else as Leslie Fiedler claimed in the 1950s arguing that the historical constitution of theory relies on theory's procedural nature In order to assess theory's procedural challenge to the fundamental notions that all the disciplines within an episteme have brought to the fore it addresses these questions What are the procedures theory has relied on Are they a secret to its resistance or is resistance its primary procedure And if so a resistance to what Secondly if resistance were theory's principal vehicle at which point does resistance conceptualized only procedurally as resisting something questioning anything criticizing whatever display hallmarks of a disciplinary closure that must call for new resistances and perhaps for a fundamentally another kind The book turns to what theory does in order to avoid a partial answer to what theory is

Pragmatic Modernism Lisi Schoenbach, 2014-11-28 *Pragmatic Modernism* traces an alternative strain of modernism influenced by pragmatist philosophy and characterized by its commitment to gradualism continuity and habit rather than spectacular events and radical rupture Through original readings of Gertrude Stein Henry James Marcel Proust and Oliver Wendell Holmes Jr this study rediscovers an overlooked cultural and social matrix and suggests an expanded range of responses to modernity *On the Horizon of World Literature* Emily Sun, 2021-04-06 *On the Horizon of World Literature* compares literary texts from asynchronous periods of incipient literary modernity in different parts of the world Romantic England and Republican China These moments were oriented alike by world literature as a discursive framework of classifications that connected and reorganized local articulations of literary histories and literary modernities World literature thus provided and continues to provide a condition of possibility for conversation between cultures as well as for their mutual provincialization The book offers readings of a selection of literary forms that serve also as textual sites for the enactment of new socio political forms of life The literary manifesto the tale collection the familiar essay and the domestic novel function as testing grounds for questions of both literary aesthetic and socio political importance What does it mean to attain a voice What is a common reader How does one dwell in the ordinary What is a woman In different languages and activating heterogeneous literary and philosophical traditions works by Percy Bysshe Shelley Lu Xun Charles and Mary Lamb

Lin Shu Zhou Zuoren Jane Austen and Eileen Chang explore the far from settled problem of what it means to be modern in different lifeworlds Sun's book brings to light the disciplinary historical impact world literature has had in shaping literary traditions and practices around the world The book renews the practice of close reading by offering the model of a deprovincialized close reading loosened from confinement within monocultural hermeneutic circles By means of its own focus on England and China the book provides methods useful for comparatists working between other Western and non Western languages It establishes the critical significance of Romanticism for the discipline of literary studies and opens up new paths of research in global Romanticism and global nineteenth century studies And it offers a new approach to analyzing the cosmopolitan character of the literary and cultural transformations of early twentieth century China

Specters of World Literature Mattar Karim Mattar, 2020-04-02 At the heart of this book is a spectral theory of world literature that draws on Edward Said Aamir Mufti Jacques Derrida and world systems theory to assess how the field produces local literature as an *other* that haunts its universalising assimilative imperative with the force of the uncanny It takes the Middle Eastern novel as both metonym and metaphor of a spectral world literature It explores the worlding of novels from the Middle East in recent years and focusing on the pivotal sites of Middle Eastern modernity Egypt Turkey Iran argues that lost to their global production circulation and reception is their constitution in the logic of spectrality With the intention of redressing this imbalance it critically restores their engagements with the others of Middle Eastern modernity and shows through a new reading of the Middle Eastern novel that world literature is always already haunted by its others the ghosts of modernity

Literature for a Changing Planet Martin Puchner, 2022-02-08 Why we must learn to tell new stories about our relationship with the earth if we are to avoid climate catastrophe Reading literature in a time of climate emergency can sometimes feel a bit like fiddling while Rome burns Yet at this turning point for the planet scientists policymakers and activists have woken up to the power of stories in the fight against global warming In *Literature for a Changing Planet* Martin Puchner ranges across four thousand years of world literature to draw vital lessons about how we put ourselves on the path of climate change and how we might change paths before it's too late From the Epic of Gilgamesh and the West African Epic of Sunjata to the Communist Manifesto Puchner reveals world literature in a new light as an archive of environmental exploitation and a product of a way of life responsible for climate change Literature depends on millennia of intensive agriculture urbanization and resource extraction from the clay of ancient tablets to the silicon of e readers Yet literature also offers powerful ways to change attitudes toward the environment Puchner uncovers the ecological thinking behind the idea of world literature since the early nineteenth century proposes a new way of reading in a warming world shows how literature can help us recognize our shared humanity and discusses the possible futures of storytelling If we are to avoid environmental disaster we must learn to tell the story of humans as a species responsible for global warming Filled with important insights about the fundamental relationship between storytelling and the environment *Literature for a*

Changing Planet is a clarion call for readers and writers who care about the fate of life on the planet

Against World Literature Emily Apter, 2014-06-17 *Against World Literature* On the Politics of Untranslatability argues for a rethinking of comparative literature focusing on the problems that emerge when large scale paradigms of literary studies ignore the politics of the Untranslatable the realm of those words that are continually retranslated mistranslated transferred from language to language or especially resistant to substitution In the place of World Literature a dominant paradigm in the humanities one grounded in market driven notions of readability and universal appeal Apter proposes a plurality of world literatures oriented around philosophical concepts and geopolitical pressure points The history and theory of the language that constructs World Literature is critically examined with a special focus on Weltliteratur literary world systems narrative ecosystems language borders and checkpoints theologies of translation and planetary devolution in a book set to revolutionize the discipline of comparative literature
