

Reclaiming Mission: Reflections on Mission as Global Interconnectedness and Spirit-Empowered Evangelism

ANICKA FAST¹

I enjoyed participating in the panel “Perspectives from emerging leaders” at the Council of International Anabaptist Ministries 2018 plenary meeting. Here, I offer a selection from some of my actual responses to the questions asked by moderator Jamie Pitts, as well as some additional responses I had prepared but did not share at the time.

Share a significant experience that has given you perspective about global mission partnerships.

As the daughter of parents who worked as missionary Bible translators in Papua New Guinea, I spent part of my childhood living on a large, fenced compound where several hundred expatriate missionaries lived alongside a few hundred more Papua New Guinean employees. I relatively often heard expatriate missionaries justify the task of Bible translation through appeal to an eschatological vision of many peoples, tribes, nations, and languages praising God together. They argued that making the Bible available to new people groups had value because it helped to bring this vision to fruition—essentially saying that Bible translation contributed to the fullness of the global church. However, this discourse about a global and multicultural church contrasted with the almost completely segregated worship that took place on Sunday mornings, where missionaries and Papua New Guineans worshipped separately for the most part. The incongruity I felt then has stuck with me ever since and has played a big part in leading me to theological studies that focus on ecclesiology.

Her research interests include the missionary encounter in DR Congo, political theology in an African context, and Anabaptist/Mennonite missiology and ecclesiology. She lives in Montréal with her husband and two daughters, and attends Hochma, a French-speaking congregation of Mennonite Church Eastern Canada.*

Karl Barth and the Future of Evangelical Theology Christian T Collins Winn, John L Drury, 2017-09-28

The theology of Karl Barth has often been a productive dialogue partner for evangelical theology but for too long the dialogue has been dominated by questions of orthodoxy Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God s people By offering an alternative to the dominant constraints this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology

Women and Missions: Past and Present Shirley Ardener, Fiona Bowie, Deborah Kirkwood, 2021-02-25

This collection of essays by eminent anthropologists missiologists and historians explores the hitherto neglected topic of women missionaries and the effect of Christian missionary activity upon women The book consists of two parts The first part looks at 19th century women missionaries as presented in literature at

the backgrounds and experience of women in the mission field and at the attitudes of missionary societies towards their female workers Although they are traditionally presented as wives and support workers it becomes apparent that on the contrary women missionaries often played a culturally important role The second and longest section asks whether women missionaries are indeed a special case and provides some fascinating studies of the impact of Christian missions on women in both historical material and a wealth of contemporary material Of particular value is the perspective of those who were themselves objects of missionary activity and who reflected upon this experience Women actively absorbed and adapted the teachings of the Christian missionaries and Western models are seen to be utilized and developed in sometimes unexpected ways

Beyond Missio Dei Sarosh Koshy, 2021-11-24 In this book Sarosh Koshy strives to go beyond the mission model of Christianity that emerged alongside and within the colonial enterprise and ethos since the sixteenth century

Rather than denounce the inheritance of the mission movement that transformed both the church and world in innumerable ways it is a simultaneous expression of appreciation for this precious heritage and an attempt to do justice by it through a yearning quest for relevant paradigms of Christian engagement. Indeed there is an intense tension within this book and in fact a twin tension at that. The tension is between those seeking to keep the current mission paradigm alive out of habit or as a self-serving device thus corrupting and withering away a bequeathed that essentially set free the voluntary independent spirit of Christian individuals and their intentional collectives from both the ecclesiastical and political authorities. On the other side are those who enlist mission both as a subsequent activity and as a basis to pursue innocuous and at times apparently heroic options that would seemingly satisfy a supposed missional mandate. This work enlists postcolonial and poststructuralist resources pedagogically to teach of mission missiology. World Christianity and intercultural theology

Recovering Jewishness Frederick S. Roden, 2016-02-22 Judaism and Jewish life reflect a diversity of identity after the past two centuries of modernization. This work examines how the early reformers of the 19th century and their legacy into the 20th century created a livable liberal Jewish identity that allowed a reinvention of what it meant to be Jewish, a process that continues today. Many scholars of the modern Jewish identity focus on the ways in which the past two centuries have resulted in the loss of Jewishness through assimilation, intermarriage, conversion to other faiths, genocide in the Holocaust, and decline in religious observance. In this work, author Frederick S. Roden presents a decidedly different perspective that the changes in Judaism throughout the 19th and 20th centuries resulted in a malleable, welcoming, and expanded Jewish identity, one that has benefited from intermarriage and converts to Judaism. The book examines key issues in the modern definition of Jewish identity: who is and is not considered a Jew, and why; issues of Jewish authenticity and the recent history of the debate. Attention is paid to the experiences of individuals who came to Judaism from outside the tradition through marrying into Jewish families and/or choosing Judaism as a religion. In his consideration of the tragedy of the Holocaust, the author examines how a totalitarian regime's racial policing of Jewish identity served to awaken a connection with and reconfiguration of what that Jewish identity meant for those who retrospectively realized their Jewishness in the postwar era.

Hope and Community Veli-Matti Kärkkäinen, 2017 The culmination of Kärkkäinen's multivolume magnum opus. This fifth and final volume of Veli-Matti Kärkkäinen's ambitious five-volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths: Judaism, Islam, Buddhism, and Hinduism. In Part One of the book, Kärkkäinen discusses eschatology in the contexts of world faiths and natural sciences, including physical, cosmological, and neuroscientific theories. In Part Two on ecclesiology, he adopts a deeply ecumenical approach. His proposal for greater Christian unity includes the various dimensions of the church's missional existence and a robust dialogical witness to other faith communities.
