Film as Philosophy Bernd Herzogenrath,2017-03-21 Film and philosophy have much in common and books have been written on film and philosophy But can films be or do philosophy Can they think Film as Philosophy is the first book to explore this fascinating question historically thematically and methodically Bringing together leading scholars from universities across the globe Film as Philosophy presents major new research that leads film studies and philosophy into a productive dialogue It provides a uniquely sweeping historical overview of the confluence of film and philosophy for more than a century considering films from Jean Renoir Lars von Trier J rgen Leth David Lynch Michael Haneke and others the written works of filmmakers who also theorized on the medium including Sergei Eisenstein and Jean Epstein and others who have written on cinema including Hugo Münsterberg Béla Balázs André Bazin Henri Bergson Gilles Deleuze Stanley Cavell Alain Badiou Jacques Rancière and many more Representing a major step toward establishing a media philosophy that puts the status role and function of film into a new perspective Film as Philosophy removes representational techniques from the center of inquiry replacing these with the medium s ability to think Hence it accords film with agency and the dialogue
