Multiculturalism Duncan Ivison,2016-03-23 The Ashgate Research Companion to Multiculturalism brings together a collection of new essays by leading and emerging scholars in the humanities and social sciences on some of the key issues facing multiculturalism today It provides a comprehensive and cutting edge treatment of this important and hotly contested field offering scholars and students a clear account of the leading theories and critiques of multiculturalism that have developed over the past twenty five years as well as a sense of the challenges facing multiculturalism in the future Key leading scholars including James Bohman Barbara Arneil Avigail Eisenberg Ghassan Hage and Paul Patton discuss multiculturalism in different cultural and national contexts and across a range of disciplinary approaches In addition to contributions Duncan Ivison also provides a comprehensive Introduction which surveys the field and offers an extensive guide to further reading This is a key volume for anyone interested in multiculturalism and its political premise *Social*

Freedom in a Multicultural State G. Nathan,2010-11-03 The politics of multiculturalism faces challenges in Western democratic states Arguing that this setback is based on the notion of culture as separate and distinct this book explores how to face current challenges to multiculturalism without reifying culture group and identity **Ricoeur, Rawls, and**

Capability Justice Molly Harkirat Mann,2012-02-09 Contemporary capabilities based approaches to social justice inspired by the Aristotelian emphasis on human well being have tended to separate and even oppose identity based or recognitive justice from resource based or redistributive justice This book demonstrates that such a divorce risks further polarizing capable members of the political community from disabled or vulnerable members In order to prevent this danger of

legitimizing the growing stratification between rich and poor or between capability and vulnerability in modern neo liberal societies Molly Harkirat Mann turns to the work of Paul Ricoeur In so doing she develops the argument that our historical and institutionalized practices of sharing articulated by the lexicographical configuration of the Rawlsian principles of justice represent a method for public deliberation or civic Phronesis the ethical aim of which is the non exclusion of our most vulnerable citizens from public institutions of care By developing his political philosophy in relation to class politics in modern liberal societies this book shows how Ricoeur s political thought is more closely aligned to that of John Rawls than has previously been acknowledged **A Scriptural Sculpture of Knowledges** Serge Ntamack,2013 This book is a scriptural sculpture of how the physical dimensions of the earth built and natural and antecedents of history structure knowledges and the physical containers human and non human that embody those knowledges The book deals with universalisms grounded on African experiences and perspectives A key theme is how in security relates to knowledge creation by drawing a parallel between the proliferation of violent conflict in Africa and the marginal position that the continent occupies in the modern formation of knowledge Also explored is the concept of creativity in relation to art and politics as experienced by the black African elite Bottlenecks to African creativity and the role of space and history in the production and reproduction of knowledge and ways of knowing are critically reviewed The author makes a case for the existence of irreducible forms of knowledge existing in distinct laboratories and traces how particular biological and environment features interact with human cognition to form what passes for knowledge He interrogates the variety of environment cognition in the light of an increasing homogenization of human cognition globally with a particular accent on climate change This is a bold and legitimate voice on an important conversation **Transcendental Resistance** Johannes Voelz,2010 A timely and engrossing critique of the New Americanists **Global Democracy** Daniele Archibugi,Mathias Koenig-Archibugi,Raffaele Marchetti,2011-10-27 Democracy is increasingly seen as the only legitimate form of government but few people would regard international relations as governed according to democratic principles Can this lack of global democracy be justified Which models of global politics should contemporary democrats endorse and which should they reject What are the most promising pathways to global democratic change To what extent does the extension of democracy from the national to the international level require a radical rethinking of what democratic institutions should be This book answers these questions by providing a sustained dialogue between scholars of political theory international law and empirical social science By presenting a broad range of views by prominent scholars it offers an in depth analysis of one of the key challenges of our century globalizing democracy and democratizing globalization **Environmental Justice** Steve Vanderheiden,2017-03-02 This collection of scholarly articles takes as its subject matter discourses on environmental justice The concept emerged in recent decades as an important framing concept for a wide variety of environmental movements and objectives and has gained considerable currency due to the scope and normative force that its principles contain whether in legal political or philosophical

applications This collection is an invaluable resource for researchers and scholars in this field given that the multiple theories and analyses of environmental justice are likely to remain central to the ongoing development of normative theorizing about the human role in the environment in the foreseeable future

Translating and Interpreting Justice in a Postmonolingual Age Esther Monzó-Nebot, Juan Jiménez-Salcedo, 2019-01-15 Postmonolingualism as formulated by Yildiz can be understood to be a resistance to the demands of institutions that seek to enforce a monolingual standard Complex identities social practices and cultural products are increasingly required to conform to the expectancies of a norm that for many is no longer considered reasonable Thus in this postmonolingual age it is essential that the approaches and initiatives used to counter these demands aim not only to understand these hyper diverse societies but also to deminoritize underprivileged communities Translating and Interpreting Justice in a Postmonolingual Age is an attempt to expand the limits of postmonolingualism as a framework for exploring the possibilities of translation and interpreting in mediating between the myriad of sociocultural communities that coexist today Challenging assumptions about the role of translation and interpreting the contributions gathered in this volume focus on intercultural and intergroup understanding as a process and as a requisite for social justice and ethical progress From different but

complementary approaches practical experiences and existing legal and policy frameworks are scrutinized to highlight the need for translation and interpreting policies in legal and institutional contexts in multicultural societies Researchers and policymakers in the fields of translation and interpreting studies multiculturalism and education and language and diversity policies will find inspiring perspectives on how legal and institutional translation and interpreting can help pursue the goals of democratic societies
