Recollections Of A Regimental Medical Officer:

Recollections of a Regimental Medical Officer Henry Devenish Steward,1983 **Military Essays and Recollections**
Military Order of the Loyal Legion of the United States. Commandery of the State of Illinois,1899 Personal recollections
of the war of the Rebellion, addresses delivered before the New York commandery of the Loyal legion of the United States,
ed. by J.G. Wilson, T.M. Coan Military order of the loyal legion of the United States,1912 **Fighting the Enemy** Mark

Johnston,2000-04-16 *Fighting The Enemy* first published in 2000 is about men with the job of killing each other Based on the wartime writings of hundreds of Australian front line soldiers during World War II this powerful and resonant book contains many moving descriptions of high emotion and drama Soldiers interactions with their enemies are central to war and their attitudes to their adversaries are crucial to the way wars are fought Yet few books look in detail at how enemies interpret each other This book is an unprecedented and thorough examination of the way Australian combat soldiers interacted with troops from the four powers engaged in World War II Germany Italy Vichy France and Japan Each opponent has themes peculiar to it the Italians were much ridiculed the Germans were the most respected of enemies the Vichy French were regarded with ambivalence while the Japanese were the subject of much hostility intensified by the real threat of occupation

Personal Recollections of the War of the Rebellion Alexander Noel Blakeman,1912 **Current Catalog** National Library of Medicine (U.S.),1983 First multi year cumulation covers six years 1965 70 **Personal Recollections of the War of the Rebellion** ,1912 **Epidemics and the American Military** Jack E. McCallum,2023-09-15 In *Epidemics and the American Military* Dr Jack McCallum examines the major role the military has played propagating and controlling disease throughout this nation s history The U S armed forces recruit young people from isolated rural areas and densely populated cities many of whom have been exposed to a smorgasbord of germs After training and living in close contact with each other for months soldiers are shipped across countries and continents and meet civilians and other armies McCallum argues that if one set out to design a perfect world for an aggressive pathogen it would be hard to do better than an army at war There are four ways to combat epidemic infectious diseases quarantine altering the ecology in which infections spread medical treatment of infection and immunization Each has played a specific but often overlooked role in American wars A case can be made that General George Washington saved the American Revolution when he mandated inoculation of the Continental Army with smallpox The Union Army might very well have taken Richmond in 1862 had it not been for an epidemic of typhoid fever during the Peninsular Campaign Yellow fever was a proximate cause of the American invasion of Cuba in 1898 and its control enabled a continued U S presence on the island and in the rest of the Caribbean Had it not been for influenza German Gen Erich Ludendorff might well have succeeded in his offensive in the closing years of World War I Before senior Army and Naval officers recognized the importance of anti malarial prophylaxis and forced its acceptance by hesitant troops the World War II Solomon and New Guinea campaigns were in danger of collapsing **Recollections Of A Military Life [Illustrated**

Edition] General Sir John Adye GCB,2015-11-06 Includes 24 maps plans and illustrations General Sir John Adye 1819 1900 served his country over a long and victorious career in the Royal artillery A pillar of the Victorian military establishment his first taste of action came during the Crimean War 1853 1856 and saw as much as any man could care to in the brutal battles of Alma Balaklava and Inkermann He and his men were part of the bombardment of Sevastopol his diaries are a brutal and frank reminder of the terrible conditions of the troops who fought there Appointed to the staff in India just before the Indian Mutiny 1857 1858 during which he was involved in the retaking of Cawnpore and testifies to the savagery of the fighting of the entire conflict His criticisms of the British administration that led to the revolt are very interesting and contrast with the more jingoist tone of other memoirs of the period His final active service was as chief of staff and second in command to the successful expedition to Egypt 1881 1882 under Sir Garnet Wolseley culminating in the battle of Tel El Kebir A fantastic Victorian war memoir highly recommended **Personal Recollections of the War of the Rebellion** Military Order of the Loyal Legion of the United States. David W. Cameron,2023-08-02 With the Australian troops crossing of the Kumusi River in mid November 1942 after pushing the Japanese back along the Kokoda Track to the north coast of Papua New Guinea the time had come to face the entrenched Japanese at their beachheads at Gona Sanananda and Buna The Japanese were determined to fight to the last man in the defence of these critical positions The first beach to be captured by the Australians was Gona which fell on 9 December after bitter fighting This however was not the end of the fighting around this beachhead as just west of Gona on the opposite side of Gona Creek a larger Japanese Force had been landed which was intent on not only reinforcing Gona but also Sanananda and Buna both located east of Gona The fighting west of Gona Creek would be just as brutal and deadly as the fighting to take

the Gona Beachhead Even so after this fighting Australian and American troops operating together for the first time in the Pacific War were still bogged down in the battles to take Sanananda and Buna the fighting at these beachheads would continue into January 1943 *Journal of the Royal Army Medical Corps* Great Britain. Army. Royal Army Medical Corps,1923 Kokoda Commander Stuart Braga,2004 Kokoda Commander is the story of a remarkable man Arthur Tubby Allen commanded 1 000 men in battle at the age of 23 in the First World War A generation later he took the first Australian troops to the Second World War and with them won two great battles in Libya in January 1941 In the next six months he led his troops in battle against three different enemies in three different continents Africa Europe and Asia In New Guinea in October 1942 he led the successful fightback along the Kokoda Trail that led to the defeat of the Japanese Major General Allen became a legendary figure to thousands of Australian troops However by the end of 1942 despite his victories his army career was virtually over Within another two years he was out of the army Based on extensive research and written in an engaging style this book tells how an able leader was pushed aside and his good name systematically destroyed by jealous rivals BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
