Recollections Of The Early Republic:

Recollections Of The Early Republic Joyce Appleby, 1997-01-30 Colorful memoirs from a wide range of Americans just after the nation's birth

The Life of Daniel Waldo Lincoln, 1784-1815 Rebecca M. Dresser, 2022-09-07 Placed within a comprehensive contextual historical narrative *The Life of Daniel Waldo Lincoln 1784-1815* offers a compelling portrait of one brilliant but compromised man's perspective of his changing times Daniel Waldo Lincoln the second son of Levi Lincoln a prominent Massachusetts Democratic Republican was destined to become a man of influence Born in 1784 equipped with wealth prestige a Harvard education powerful friends and a distinguished family name Lincoln ranked high among the inheritors of the Revolution whose purpose was to protect the ideals of the nation's founders In over 250 private letters essays and poems beginning with his first day at Harvard in 1801 and ending just weeks before his death in 1815 Lincoln brings to readers a portrait of privilege as it careened into disappointment A young man active in Republican circles an orator and attorney in Worcester Portland Maine and Boston Lincoln comments on the politics honor religion the War of 1812 and his struggles with romance and alcohol Written for private eyes his letters are an unusually candid eyewitness account of early nineteenth century Massachusetts interwoven with his personal agonies This volume is of great use for students and scholars interested in life society and politics in nineteenth century America

The Early National Period Sarah J. Purcell, 2009 Traces the history events and people of post Revolutionary War America through such primary sources as letters speeches and newspaper articles

Frontier Country Patrick Spero, 2016-10-04 Synthesizing the tensions between high and low politics and eastern and western regions in Pennsylvania before the Revolution Patrick Spero recasts the importance of frontiers as eighteenth century Pennsylvanians would have understood them to the development of colonial America and the origins of American Independence

Circles and Lines John Demos, 2009-06-30 In this intimate engaging book John Demos offers an illuminating portrait of how colonial Americans from the first settlers to the postrevolutionary generation viewed their life experiences He also offers an invaluable inside look into the craft of a master social historian as he unearths in sometimes unexpected places fragments of evidence that help us probe the interior lives of people from the faraway past The earliest settlers lived in a traditional world of natural cycles that shaped their behavior day and night seasonal rhythms the lunar cycle the life cycle itself Indeed so basic were these elements that almost no one felt a need to comment on them Yet he finds cyclical patterns in the seasonal foods they ate in the spike in marriages following the autumn harvest Witchcraft cases reveal the different emotional reactions to day versus night as accidental mishaps in the light become fearful nighttime mysteries During the transitional world of the American Revolution people began to see their society in newer terms but seemed unable or unwilling to come to terms with that novelty Americans became new Demos points out before they fully understood what it meant Their cyclical frame of reference was coming unmoored giving way to a linear world view in early nineteenth century America that is neatly captured by Kentucky doctor Daniel Drake's description

of the chronography of his life In his meditation on these three worlds Demos brilliantly demonstrates how large historical forces are reflected in individual lives With the imaginative insights and personable touch that we have come to expect from this fine chronicler of the human condition Circles and Lines is vintage John Demos Property Rights in the Colonial Era and Early Republic James W. Ely,1997 **Democracy's Schools** Johann N. Neem,2017-08-01 The unknown history of American public education At a time when Americans are debating the future of public education Johann N Neem tells the inspiring story of how and why Americans built a robust public school system in the decades between the Revolution and the Civil War It s a story in which ordinary people in towns across the country worked together to form districts and build schoolhouses and reformers sought to expand tax support and give every child a liberal education By the time of the Civil War most northern states had made common schools free and many southern states were heading in the same direction Americans made schooling a public good Yet back then like today Americans disagreed over the kind of education needed who should pay for it and how schools should be governed Neem explores the history and meaning of these disagreements As Americans debated teachers and students went about the daily work of teaching and learning Neem takes us into the classrooms of yore so that we may experience public schools from the perspective of the people whose daily lives were most affected by them Ultimately Neem concludes public schools encouraged a diverse people to see themselves as one nation By studying the origins of America s public schools Neem urges us to focus on the defining features of democratic education promoting equality nurturing human beings preparing citizens and fostering civic solidarity **The Americanization of Benjamin Franklin** Gordon S. Wood,2005-05-31 I cannot remember ever reading a work of history and biography that is quite so fluent so perfectly composed and balanced The New York Sun Exceptionally rich perspective on one of the most accomplished complex and unpredictable Americans of his own time or any other The Washington Post Book World From the most respected chronicler of the early days of the Republic and winner of both the Pulitzer and Bancroft prizes comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of Americans to the man he really was and makes sense of aspects of his life and career that would have otherwise remained mysterious In place of the genial polymath self improver and quintessential American Gordon S Wood reveals a figure much more ambiguous and complex and much more interesting Charting the passage of Franklin s life and reputation from relative popular indifference his death while the occasion for mass mourning in France was widely ignored in America to posthumous glory The Americanization of Benjamin Franklin sheds invaluable light on the emergence of our country s idea of itself **ROMANTIC DAYS IN THE EARLY REPUBLIC** MARY CAROLINE CRAWFORD,1912 **Harnessing Harmony** Billy Coleman,2020-06-30 Following the creation of the United States profound disagreements remained over how to secure the survival of the republic and unite its diverse population In this pathbreaking account Billy Coleman uses the history of American music to illuminate the relationship between elite power and the people from the early national period to the Civil

War Based on deep archival research in sources such as music periodicals songbooks and manuals for musical instruction Coleman argues that a particular ideal of musical power provided conservative elites with an attractive road map for producing the harmonious union they desired He reassesses the logic behind the decision to compose popular patriotic anthems like The Star Spangled Banner reconsiders the purpose of early American campaign songs and brings to life a host of often forgotten but fascinating musical organizations and individuals The result is not only a striking interpretation of music in American political life but also a fresh understanding of conflicts that continue to animate American democracy

Recollections: the French Revolution of 1848 Alexis de Tocqueville, The Connecticut Magazine ,1903

Southern Sons Lorri Glover,2007-02-15 Between the generations of Thomas Jefferson and Jefferson Davis the culture of white Southerners experienced significant changes including the establishment of a normative male identity that exuded confidence independence and power Southern Sons the first work in masculinity studies to concentrate on the early South explores how young men of the southern gentry came of age between the 1790s and the 1820s Lorri Glover examines how standards for manhood came about how young men experienced them in the early South and how those values transformed many American sons into southern nationalists who ultimately would conspire to tear apart the republic they had been raised to lead This was the first generation of boys raised to conceive of themselves as Americans as well as the first cohort of self defined southern men They grew up believing that the fate of the American experiment in self government depended on their ability to put away personal predispositions and perform prescribed roles Because men faced demanding gender norms boys had to pass exacting tests of manhood in education refinement courting careers and slave mastery Only then could they join the ranks of the elite and claim power in society Revealing the complex interplay of nationalism and regionalism in the lives of southern men Glover brings new insight to the question of what led the South toward sectionalism and civil war

American Emperor David O. Stewart,2012-10-16 No adventure in American history has been like Aaron Burr s A canny and charismatic politician who rose to become third vice president of the new United States Burr seemed to throw it all away in 1805 and 1806 in an extraordinary attempt to lead a secession of the American West **Tench Coxe and the Early**

Republic Jacob E. Cooke,2017-12-01 Tench Coxe participated in or commented on most of the major events in American history from the Revolution to the 1820s His long career of public involvement embodies many of the significant historical themes of the time he was a Philadelphia aristocrat a loyalist out of opportunism a merchant during the period of economic adjustment in the 1780s a grandiose land speculator a Federalist with Alexander Hamilton and later a Republican with Thomas Jefferson a nationalist theorist a major prophet of industrial growth and a prolific journalist As this biography conclusively demonstrates Coxe s role was considerably more consequential in the early history of the nation than has hitherto been supposed Coxe s career is more interesting because it is paradoxical Although he persistently aspired to fame as a public official the posthumous recognition he has received is the result of his extensive writings on economic and

mercantile policy This volume especially emphasizes Coxe's farsighted views and achievements as a political economist his support of protective tariffs his advocacy of labor-saving machinery and his prescient belief that cotton growing was the key to American economic independence and industrialization Based on more than a decade's work in the voluminous collection of Coxe Papers to which Jacob Cooke was given exclusive access this biography provides much information on the operations of the Treasury Department under Alexander Hamilton whom Coxe served as assistant secretary and on the development of political parties A Federalist apostate Coxe was representative of a small but historically significant wing of his party that enthusiastically endorsed the fiscal policies of Hamilton while championing the commercial policies of Jefferson Coxe openly became one of the Virginians' most active supporters as a state party leader national campaign coordinator and partisan polemicist Originally published in 1978 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value Yet in the course of his career Coxe managed to alienate Jefferson and most of his other powerful associates including Hamilton and John Adams These men and others have left damaging portraits of Coxe Professor Cooke examines the paradox presented by such uncomplimentary assessments of a man of uncommon ability and conspicuous accomplishments and at the same time opens for readers many new views of the stage upon which Tench Coxe played out his frustrated ambitions the whole political and economic life of the early Republic

Accounting for Capitalism Michael Zakim, 2018-04-24 The clerk attended his desk and counter at the intersection of two great themes of modern historical experience the development of a market economy and of a society governed from below Who better illustrates the daily practice and production of this modernity than someone of no particular account assigned with overseeing all the new buying and selling In *Accounting for Capitalism* Michael Zakim has written their story a social history of capital that seeks to explain how the bottom line became a synonym for truth in an age shorn of absolutes grafted onto our very sense of reason and trust This is a big story told through an ostensibly marginal event the birth of a class of merchant clerks in the United States in the middle of the nineteenth century The personal trajectory of these young men from farm to metropolis homestead to boarding house and most significantly from growing things to selling them exemplified the enormous social effort required to domesticate the profit motive and turn it into the practical foundation of civic life As Zakim reveals in his highly original study there was nothing natural or preordained about the stunning ascendance of this capitalism and its radical transformation of the relationship between Man and Mammon

Abolitionist Twilights Raymond James Krohn, 2023-10-03 Provides unique insight into Reconstruction's downfall and Jim Crow's emergence In the years and decades following the American Civil War veteran abolitionists actively thought and wrote about the campaign to end enslavement immediately This study explores the late in life reflections of several antislavery memorial and historical writers evaluating the stable and

shifting meanings of antebellum abolitionism amidst dramatic changes in postbellum race relations By investigating veteran abolitionists as movement chroniclers and commemorators and situating their texts within various contexts Raymond James Krohn further assesses the humanitarian commitments of activists who had valued themselves as the enslaved people's steadfast friends Never solely against slavery post 1830 abolitionism challenged widely held anti Black prejudices as well Dedicated to emancipating the enslaved and elevating people of color it equipped adherents with the necessary linguistic resources to wage a valiant sustained philanthropic fight Abolitionist Twilights focuses on how the status and condition of the freedpeople and their descendants affected book length representations of antislavery persons and events In probing veteran abolitionist engagement in or disengagement from an ongoing African American freedom struggle this ambitious volume ultimately problematizes scholarly understandings of abolitionism's racial justice history and legacy

The Cambridge History of China Denis Crispin Twitchett, John King Fairbank, 1978 International scholars and sinologists discuss culture economic growth social change political processes and foreign influences in China since the earliest pre dynastic period

Made in America Claude S. Fischer, 2010-05-15 Our nation began with the simple phrase We the People But who were and are We Who were we in 1776 in 1865 or 1968 and is there any continuity in character between the we of those years and the nearly 300 million people living in the radically different America of today With Made in America Claude S Fischer draws on decades of historical psychological and social research to answer that question by tracking the evolution of American character and culture over three centuries He explodes myths such as that contemporary Americans are more mobile and less religious than their ancestors or that they are more focused on money and consumption and reveals instead how greater security and wealth have only reinforced the independence egalitarianism and commitment to community that characterized our people from the earliest years Skillfully drawing on personal stories of representative Americans Fischer shows that affluence and social progress have allowed more people to participate fully in cultural and political life thus broadening the category of American yet at the same time what it means to be an American has retained surprising continuity with much earlier notions of American character Firmly in the vein of such classics as The Lonely Crowd and Habits of the Heart yet challenging many of their conclusions Made in America takes readers beyond the simplicity of headlines and the actions of elites to show us the lives aspirations and emotions of ordinary Americans from the settling of the colonies to the settling of the suburbs

The Making of the Republican Citizen Henrietta Harrison, 2000-03-16 What does it mean to be Chinese How did the major political events of the early 20th century affect the everyday lives of ordinary people in China This book uses a wealth of new sources including newspapers memoirs interviews and photographs to look at the political history of the period and to understand the ways in which politics intersected with the thoughts and feelings of ordinary people To be a modern citizen of the Chinese republic meant repudiating much of the very ritual that had previously defined one as Chinese As we follow the changes in everyday life ranging from the unbinding of women's feet to the commemoration of the events of

the a new republican history we see the complex interactions between an ever more activist state and its new citizens

The Top Books of the Year Recollections Of The Early Republic The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. Recollections Of The Early Republic : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Recollections Of The Early Republic : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Recollections Of The Early Republic Introduction

In the digital age, access to information has become easier than ever before. The ability to download Recollections Of The Early Republic has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Recollections Of The Early Republic has opened up a world of possibilities. Downloading Recollections Of The Early Republic provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can

gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Recollections Of The Early Republic has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Recollections Of The Early Republic. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Recollections Of The Early Republic. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Recollections Of The Early Republic, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Recollections Of The Early Republic has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Recollections Of The Early Republic Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
