Recollections of a Busy Life Horace Greeley, 1868 **Lincoln and the Power of the Press** Harold Holzer, 2014-10-14

Catalog, 1868, 1869 **Froth and Scum** Andie Tucher, 2000-11-09 Two notorious antebellum New York murder cases a prostitute slashed in an elegant brothel and a tradesman bludgeoned by the brother of inventor Samuel Colt set off journalistic scrambles over the meanings of truth objectivity and the duty of the press that reverberate to this day In 1833 an entirely new kind of newspaper cheap feisty and politically independent introduced American readers to the novel concept of what has come to be called objectivity in news coverage The penny press was the first medium that claimed to present the true unbiased facts to a democratic audience But in *Froth and Scum* Andie Tucher explores and explodes the notion that objective reporting will discover a single definitive truth As they do now news stories of the time aroused strong feelings about the possibility of justice the privileges of power and the nature of evil The prostitute's murder in 1836 sparked an impassioned public debate but one newspaper's impartial investigation pleased the powerful by helping the killer go free Colt's 1841 murder of the tradesman inspired universal condemnation but the newspapers' singleminded focus on his conviction allowed another secret criminal to escape By examining media coverage of these two sensational murders Tucher reveals how a community's needs and anxieties can shape its public truths The manuscript of this book won the 1991 Allan Nevins Prize of the Society of American Historians for the best written dissertation in American history from the book *Journalism is important* It catches events on the cusp between now and then events that still may be changing developing ripening And while new interpretations of the past can alter our understanding of lives once led new interpretations of the present can alter the course of our lives as we live them Understanding the news properly is important The way a community receives the news is profoundly influenced by who its members are what they hope and fear and wish and how they think about their fellow citizens It is informed by some of the most occult and abstract of human ideas about truth beauty goodness and justice *The Monied Metropolis* Sven Beckert, 2001 This book first published in 2001 is a comprehensive history of the most powerful group in the nineteenth century United States New York City's economic elite This small and diverse group of Americans accumulated unprecedented economic social and political power and decisively put their mark on the age Professor Beckert explores how capital owning New Yorkers overcame their distinct antebellum identities to forge dense social networks create powerful social institutions and articulate an increasingly coherent view of the world and their place within it Actively engaging in a rapidly changing economic social and political environment these merchants industrialists bankers and professionals metamorphosed into a social class In the process these upper class New

Kreiser, Jr., 2019-06-12 Lawrence A Kreiser Jr s *Marketing the Blue and Gray* analyzes newspaper advertising during the American Civil War Newspapers circulated widely between 1861 and 1865 and merchants took full advantage of this readership They marketed everything from war bonds to biographies of military and political leaders from patent medicines that promised to cure almost any battlefield wound to secession cloaks and Fort Sumter cockades Union and Confederate advertisers pitched shopping as its own form of patriotism one of the more enduring legacies of the nation s largest and bloodiest war However unlike important sounding headlines and editorials advertisements have received only passing notice from historians As the first full length analysis of Union and Confederate newspaper advertising Kreiser s study sheds light on this often overlooked aspect of Civil War media Kreiser argues that the marketing strategies of the time show how commercialization and patriotism became increasingly intertwined as Union and Confederate war aims evolved Yankees and Rebels believed that buying decisions were an important expression of their civic pride from Union forever groceries to States Rights sewing machines He suggests that the notices helped to expand American democracy by allowing their diverse readership to participate in almost every aspect of the Civil War As potential customers free blacks and white women perused announcements for war themed biographies images and other material wares that helped to define the meaning of the fighting Advertisements also helped readers to become more savvy consumers and ultimately citizens by offering them choices White men and in the Union after 1863 black men might volunteer for military service after reading a recruitment notice or they might instead respond to the kind of notice for draft insurance that flooded newspapers after the Union and Confederate governments resorted to conscription to

help fill the ranks Marketing the Blue and Gray demonstrates how through their sometimes messy choices advertising pages offered readers the opportunity to participate or not in the war effort The Atlantic Index Supplement.
