## **Reconstruction Of The Christian Revelation Claim A Philosophical And Critical Apologetic:**

**The Reconstruction of the Christian Revelation Claim** Stuart C. Hackett, 2009-01-07 Dr Hackett provides in digestible form a comprehensive systematic and pervasively philosophical apologetic for the Christian revelation claim. Although the approach is seriously philosophical the text is free as possible of the earmarks of technical scholarship reflecting the author's aspiration to reach the common person who has a deep interest in such questions. Thus although positions, arguments and counter arguments are discussed of necessity these are set forth without distracting encumbrances. Specifically this book is designed as a substantial textbook for college and seminary courses in apologetics. In his thorough introduction Philosophical Prolegomena a firm base for the whole study is established by initiating the reader firmly in epistemology and the concept of revelation. The main divisions are Christianity and the Revelation Cosmos A Philosophical Case for a Theistic Metaphysic Christianity and the Revelational Person An Historical Critical Case for the Incarnation of God in Jesus Christ Christianity and the Revelational Word The Propositional Expression of Revelation in Scripture. Dr Hackett includes on every page parallel marginal summaries and outlines to guide the reader and to facilitate ready reference.

**The Reconstruction of the Christian Revelation Claim** Stuart Cornelius Hackett, 1984      **The Big Book of Christian Apologetics** Norman L. Geisler, 2012-11-01 The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith. Examining nearly every key issue, person and concept related to Christian apologetics, this book clarifies difficult biblical passages, clearly explains various philosophical systems and concepts, examines contemporary issues and challenges, and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics. An expertly abridged version of the Baker Encyclopedia on Christian Apologetics, this resource brings leading apologist Norman L. Geisler's seminal work to the masses.      **A Critical Realist's Theological Method** Douglas W.

Kennard, 2013-02-21 A Critical Realist's Theological Method explores a systematic theology method grounded in critical realism in the wake of Alister McGrath, Imre Lakatos, Nancey Murphy, N. T. Wright and Dale Allison. Kennard surveys philosophical and traditional theological approaches for contributions and limitations in order to set out a method for theology and science. Kennard extends this method to a Thielton Ricoeur hermeneutic that can fund insightful exegesis and Biblical theology in the wake of Ladd, Dunn, Vos and Goldingay. This Biblical theology method is illustrated by wisdom literature, the traditional reef of the discipline, and then developed for the contributions toward systematic theology as Gabriel had originally envisioned. With contextualized Scripture sourcing most of the content for systematic theology, the trajectory is shown in the subtitle: Returning the Bible and Biblical Theology to be the Framework for Theology and Science. The method is exemplified in exegesis of creation texts which frame possibilities for science. Likewise, Biblical theology frames a bioethics integration of psychology and theology, setting out a transactional model for psychological recovery with University of

Chicago professor Paul Holmes A theology for peer review and work is also framed **Atheism Is False Richard Dawkins and the Improbability of God Delusion** David Reuben Stone, 2007-08-01 David Reuben Stone presents a modern defense of the existence of God Two new arguments are presented The Argument From The Laws Of Physics and the Fine Tuning Argument The atheism of Richard Dawkins is refuted in great detail as well as writings of the following atheistic authors Quentin Smith Michael Martin William Rowe Victor Stenger Theodore Drange J L Schellenberg Nicholas Everitt Michael Ikeda Bill Jefferys Theodore Schick Jr Wesley C Salmon Walter Sinnott Armstrong Victor Cosculluela Thomas Metcalf and Bruce and Frances Martin The defenses of atheism by these leading thinkers now stand thoroughly critiqued and in need of substantial revision A must read for anyone interested in the existence of God The defense of Hugh Ross s fine tuning arguments against objections raised by Ikeda and Jefferys is alone worth the price of this book David Reuben Stone is president and founder of Atheism Is False Ministries [www.atheismisfalse.com](http://www.atheismisfalse.com) *The Kalam Cosmological Argument, Volume 1* Paul Copan, William Lane Craig, 2017-11-16 Did the universe begin to exist If so did it have a cause Or could it have come into existence uncaused from nothing These questions are taken up by the medieval though recently revived kalam cosmological argument which has arguably been the most discussed philosophical argument for God s existence in recent decades The kalam s line of reasoning maintains that the series of past events cannot be infinite but rather is finite Since the universe could not have come into being uncaused there must be a transcendent cause of the universe s beginning a conclusion supportive of theism This anthology on the philosophical arguments for the finitude of the past asks Is an infinite series of past events metaphysically possible Should actual infinities be restricted to theoretical mathematics or can an actual infinite exist in the concrete world These essays by kalam proponents and detractors engage in lively debate about the nature of infinity and its conundrums about frequently used kalam argument paradoxes of Tristram Shandy the Grim Reaper and Hilbert s Hotel and about the infinity of the future *The Kalam Cosmological Argument, Volume 2* Paul Copan, William Lane Craig, 2017-11-16 The ancient kalam cosmological argument maintains that the series of past events is finite and that therefore the universe began to exist Two recent scientific discoveries have yielded plausible prima facie physical evidence for the beginning of the universe The expansion of the universe points to its beginning to a Big Bang as one retraces the universe s expansion in time And the second law of thermodynamics which implies that the universe s energy is progressively degrading suggests that the universe began with an initial low entropy condition The kalam cosmological argument perhaps the most discussed philosophical argument for God s existence in recent decades maintains that whatever begins to exist must have a cause And since the universe began to exist there must be a transcendent cause of its beginning a conclusion which is confirmatory of theism So this medieval argument for the finitude of the past has received fresh wind in its sails from recent scientific discoveries This collection reviews and assesses the merits of the latest scientific evidences for the universe s beginning It ends with the kalam argument s conclusion that the universe has a cause a personal cause with

properties of theological significance      **Church as Parable** Harry J. Huebner, David Schroeder, 2018-07-10 At the heart of this book is the conviction that moderns have lost their ability to think morally and theologically Moral language such as right wrong and ought is seen as meaningless Modern society and frequently the church have adopted an emphasis on individual freedom and choice in which all is a matter of personal attitude or opinion Then God plays little or no role In this important volume Harry Huebner and David Schroeder analyze our moral predicament and its implications They build a case for an ethical approach based on Scripture and the centrality of God and Jesus Christ an approach in which the church plays an integral role      **Approaching the World's Religions, Volume 2** Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of *An Evangelical Theology of Religions* is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love      **Tracking the Maze** Clark H. Pinnock, 1998-06-18      **Faith Has Its Reasons** Kenneth Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics      **Rehabilitating Inerrancy in a Culture of Fear** Carlos R. Bovell, 2012-02-20 The notion that the Bible is inerrant in everything it teaches is something those with conservative upbringings are conditioned to take for granted However after being exposed to scholarship in biblical studies and other disciplines some draw the unexpected conclusion that inerrancy as a doctrine is in dire need of serious revamping Unfortunately inerrantist politics and culture are making the constructive restorative process impossible to initiate In *Rehabilitating Inerrancy in a Culture of Fear* Carlos Bovell offers a synoptic overview of the issues to be addressed if inerrancy is to survive as a viable bibliological option      *The Dialogical Spirit* Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality This is accomplished through the articulation of a

distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses Amos Yong here engages with twelve different interlocutors representing different ecumenical religious and disciplinary perspectives The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter religious and theological landscape *Behold the Man* Peter S. Williams, 2024-06-18

After a substantial new essay examining the nature of a properly skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews from pre modernism to meta modernism Behold the Man presents revised essays on an eclectic range of issues from how the Epistle of James treats Jesus as Divine within decades of the crucifixion and an evaluation of recent arguments about the dating of the Fourth Gospel to debunking claims about Jesus and ancient aliens and furthering debate about the resurrection With a foreword by eminent New Testament scholar Craig L Blomberg and extensive recommended resources Behold the Man Essays on the Historical Jesus represents a wide ranging interdisciplinary engagement with historical Jesus studies **The Achievement of David Novak** Matthew Levering, Tom Angier, 2021-02-18
