 the lives of biblical personalities and missionaries reveals shared traumatic experiences In addition to the stress of cultural
 adjustment missionaries often live in contexts of violence political unrest economic instability natural disasters and relational
 conflict The examined biblical personalities faced similar issues yet a majority coped with trauma in ways that led to well
 being The proposed biblical theory of well being assists missionaries to move deeper in their trust of God by utilizing the
 coping skills of the biblical personalities including asking God for help lifting up their praise and worship to God standing on
 a sense of call working with God lamenting venting to God in healthy ways embracing a theology of suffering and accepting
