## Recreational Terror:

*Recreational Terror* Isabel Cristina Pinedo,1997-01-01 In *Recreational Terror* Isabel Cristina Pinedo analyzes how the contemporary horror film produces recreational terror as a pleasurable encounter with violence and danger for female spectators She challenges the conventional wisdom that violent horror films can only degrade women and incite violence and contends instead that the contemporary horror film speaks to the cultural need to express rage and terror in the midst of social upheaval

**The Horror Film** Stephen Prince,2004 Focusing on recent postmodern examples this is a collection of essays reviewing the history of the horror film and the psychological reasons for its persistent appeal

**Euro Horror** Ian Olney,2013-02-07 Beginning in the 1950s Euro Horror movies materialized in astonishing numbers from Italy Spain and France and popped up in the US at rural drive ins and urban grindhouse theaters such as those that once dotted New York s Times Square Gorier sexier and stranger than most American horror films of the time they were embraced by hardcore fans and denounced by critics as the worst kind of cinematic trash In this volume Olney explores some of the most popular genres of Euro Horror cinema including giallo films named for the yellow covers of Italian pulp fiction the S M horror film and cannibal and zombie films and develops a theory that explains their renewed appeal to audiences today

**Monstrous Bodies** June Pulliam,2014-08-08 Recent works of young adult fantastic fiction such as Stephenie Meyer s *Twilight* Saga have been criticized for glamorizing feminine subordination But YA horror fiction with female protagonists who have paranormal abilities suggests a resistance to restrictive gender roles The monstrous Other is a double with a difference a metaphor of the Western adolescent girl pressured to embody an untenable doll like feminine ideal This book examines what each of three types of female monstrous Others in young adult fiction the haunted girl the female werewolf and the witch has to tell us about feminine subordination in a supposedly post feminist world where girls continue to be pressured to silence their voices and stifle their desires

*Public Privates* Marcia R. England,2018-05 *Public Privates* focuses on public and private acts and spaces in media to explore the formation of geographies Situated at the intersections of cultural geography feminist geography and media studies Marcia R England s study argues that media

both reinforce and subvert traditional notions of public and private spaces through depiction of behaviors and actions within those spheres Though popular media contribute to the erosion of indistinct edges between spaces they also frequently reinforce the traditional dualism through particular codings that designate the normed and gendered socio spatial actions appropriate in each sphere producing geographical imaginations and behaviors England applies her immensely readable construction to a diverse and wide ranging array of media including Buffy the Vampire Slayer The Fast and the Furious J Horror sitcoms Deglassi and reality TV By examining the gendered representations of public and private spaces in media and how images influence imagined and lived geographies England shows how popular culture specifically visual media transmits ideologies that disintegrate the already blurred boundaries between public and private spaces

**Theology of Horror** Ryan G. Duns, SJ, 2024-10-15 Theology of Horror explores the dark reaches of popular horror films bringing to light their implicit theological and philosophical themes Horror films scare and entertain us but there s more to be found in their narratives than simple thrills Within their shadows an attentive viewer can glimpse unexpected flashes of orthodox Christian belief In Theology of Horror Ryan G Duns SJ invites readers to undertake an unconventional pilgrimage in search of these buried theological insights Duns uses fifteen classic and contemporary horror films including The Blair Witch Project A Nightmare on Elm Street Candyman and The Purge as doorways to deeper reflection Each chapter focuses on a single film teasing out its implicit philosophical and theological themes As the reader journeys through the text a surprisingly robust theological worldview begins to take shape as glimmers of divine light emerge from the darkness Engaging and accessible Theology of Horror proves that rather than being the domain of nihilists or atheists the horror film genre can be an opportunity for reflecting on things visible and invisible as Christians profess in the Nicene Creed

favourite icons and their relationship to the popular media machine A fascinating collection that s bound to stir up some excitement The Turn to Gruesomeness in American Horror Films, 1931-1936 Jon Towlson,2016-09-12 Critics have traditionally characterized classic horror by its use of shadow and suggestion Yet the graphic nature of early 1930s films only came to light in the home video DVD era Along with gangster movies and sex pictures horror films drew audiences during the Great Depression with sensational content Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934 This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship Early works like *Murders in the Rue Morgue* 1932 and *The Raven* 1935 may be more akin to *The Texas Chain Saw Massacre* 1974 and *Hostel* 2005 than many critics believe Seven Richard Dyer,2024-06-13 David Fincher s *Seven* 1995 follows two detectives David Mills Brad Pitt and William Somerset Morgan Freeman as they investigate a series of gruesome murders One of the most acclaimed films of the 1990s it explores themes of moral decay human darkness and the blurred lines between good and evil Richard Dyer s study of the film unpacks how its cinematography sound and plot combine to create a harrowing account of a world beset by an all encompassing irremediable wickedness He explores the film in terms of sin story structure seriality sound sight and salvation analyzing how *Seven* both epitomizes and modifies the serial killer genre which is such a feature of recent cinema This new edition includes a new afterword by the author re assessing the film s lasting impact and influence over contemporary filmmaking aesthetics Searching for Sycorax Kinitra D. Brooks,2018 *Searching for Sycorax* highlights the unique position of Black women in horror as both characters and creators Kinitra D Brooks creates a racially gendered critical analysis of African diasporic women challenging the horror genre s historic themes and interrogating forms of literature that have often been ignored by Black feminist theory Brooks examines the works of women across the African diaspora from Haiti Trinidad and Jamaica to England and the United States looking at new and canonized horror texts by Nalo Hopkinson NK Jemisin Gloria Naylor and Chesya Burke These Black women fiction writers take advantage of horror s ability to highlight U S white dominant cultural anxieties by using Africana folklore to revise horror s semiotics within their own imaginary Ultimately Brooks compares the legacy of Shakespeare s *Sycorax* of *The Tempest* to Black women writers themselves who deprived of mainstream access to self articulation nevertheless influence the trajectory of horror criticism by forcing the genre to de centralize whiteness and maleness *Possessed Women, Haunted States* Christopher J. Olson,CarrieLynn D. Reinhard,2016-11-02 Since the release of *The Exorcist* in 1973 there has been a surge of movies depicting young women becoming possessed by a demonic force that only male religious figures can exorcise thereby saving the women from eventual damnation This book considers this history of exorcism cinema by analyzing how the traditional exorcism narrative established in *The Exorcist* recurs across the exorcism subgenre to represent the effects of demonic

possession and ritual exorcism This traditional exorcism narrative often functions as the central plot of the exorcism film with only the rare film deviating from this structure The analysis presented in this book considers how exorcism films reflect reinforce or challenge this traditional exorcism narrative Using various cultural and critical theories this book examines how representations of possession and exorcism reflect reinforce or challenge prevailing social cultural and historical views of women minorities and homosexuals In particular exorcism films appear to explore tensions or fears regarding empowered and sexually active women and frequently reinforce the belief that such individuals need to be subjugated and disempowered so that they no longer pose a threat to those around them Even more recent films produced after the emergence of third wave feminism typically reflect this concern about women Very rarely do exorcism films present empowered women and feminine sexuality as non threatening In examining this subgenre of horror films this book looks at films that have not received much critical scrutiny regarding the messages they contain and how they relate to and comment upon the historical periods in which they were produced and initially received Given the results of this analysis this book concludes on the necessity to examine how possession and exorcism are portrayed in popular culture
