Recriminalizing Delinquency Violent Juvenile Crime And Juvenile Justice Reform:

Recriminalizing Delinquency Simon I. Singer,1997-11-13 Recriminalizing Delinquency examines attempts to transfer jurisdiction over juveniles accused of violent crime to criminal court *The Oxford Handbook of Juvenile Crime and Juvenile Justice* Barry C. Feld,Donna M. Bishop,2012-01-12 State of the art critical reviews of recent scholarship on the causes of juvenile delinquency juvenile justice system responses and public policies to prevent and reduce youth crime are brought together in a single volume authored by leading scholars and researchers in neuropsychology developmental and social psychology sociology history criminology criminal justice and law **Controversies in Juvenile Justice and Delinquency** Peter J. Benekos,Alida V. Merlo,2014-10-10 After providing a history of the development of the juvenile court this book explores some of the most important current controversies in juvenile justice Original essays review major theories of juvenile delinquency explore psychological and biological factors that may explain delinquent behavior and examine the nexus between substance abuse and delinquency A final chapter provides a comparative analysis **The Handbook of Juvenile Delinquency and Juvenile Justice** Marvin D. Krohn,Jodi Lane,2015-04-27 This handbook is an up to date examination of advances in the fields of juvenile delinquency and juvenile justice that includes interdisciplinary perspectives from leading scholars and practitioners Examines advances in the fields of juvenile delinquency and juvenile justice with interdisciplinary perspectives from leading scholars and practitioners Provides a current state of both fields while also assessing where they have been and defining where they should go in years to come Addresses developments in theory research and policy as well as cultural changes and legal shifts Contains summaries of juvenile justice trends from around the world including the US the Netherlands Brazil Russia India South Africa and China Covers central issues in the scholarly literature such as social learning theories opportunity theories criminal processing labeling and deterrence gangs and crime community based sanctions and reentry victimization and fear of crime Juvenile Crime Lawrence V. Moore,2003 Criminal justice professionals and the media have noted the rise of juvenile crime rates nationwide and a growing surge in youth violence This in turn has highlighted the debate over juvenile transfers to adult courts Proponents of treating violent juvenile offenders as adults argue that juvenile offenders should be held accountable and receive punishment that is appropriate to the seriousness of their offences and that society must be protected by their removal from law abiding communities They urge that young offenders must be held accountable for both lesser and more serious crimes especially when the former offences if unpunished may lead offenders to commit the latter Opponents of treating violent juveniles offenders as adults argue that harsh punishment of juvenile offenders is counterproductive creating recidivism Their contention is that youths who are committing crimes should still be tried in juvenile courts rather than adult courts for a greater effect This informative book presents all the current issues problems ideas as well as some background on the controversies surrounding juvenile crime Juvenile Crime and Justice William J. Chambliss,2011-05-03 The authors of the 20 chapters in

Juvenile Crime and Justice address various hotly debated topics along three loosely connected themes prevention prosecution and corrections Each author presents arguments both in favor of and opposed to various treatments programs and punishments examining issues such as youth curfews juveniles in adult courts legal representation for juveniles juvenile boot camps group homes out of home placement and more The chapters included cover the leading arguments pertaining to key topics in this field and point out where more research needs to be done which at present includes many of the most controversial issues in juvenile justice policy The Series The five brief issues based books in SAGE Reference s Key Issues in Crime Punishment Series offer examinations of controversial programs practices problems or issues from varied perspectives Volumes correspond to the five central subfields in the Criminal Justice curriculum Crime Criminal Behavior Policing The Courts Corrections and Juvenile Justice Each volume consists of approximately 20 chapters offering succinct pro con examinations and Recommended Readings conclude each chapter highlighting different approaches to or perspectives on the issue at hand As a set these volumes provide perfect reference support for students writing position papers in undergraduate courses spanning the Criminal Justice curriculum Each title is approximately 350 pages in length

Reforming Juvenile Justice National Research Council, Division of Behavioral and Social Sciences and Education, Committee on Law and Justice, Committee on Assessing Juvenile Justice Reform, 2013-06-22 Adolescence is a distinct yet transient period of development between childhood and adulthood characterized by increased experimentation and risk taking a tendency to discount long term consequences and heightened sensitivity to peers and other social influences A key function of adolescence is developing an integrated sense of self including individualization separation from parents and personal identity Experimentation and novelty seeking behavior such as alcohol and drug use unsafe sex and reckless driving are thought to serve a number of adaptive functions despite their risks Research indicates that for most youth the period of risky experimentation does not extend beyond adolescence ceasing as identity becomes settled with maturity Much adolescent involvement in criminal activity is part of the normal developmental process of identity formation and most adolescents will mature out of these tendencies Evidence of significant changes in brain structure and function during adolescence strongly suggests that these cognitive tendencies characteristic of adolescents are associated with biological immaturity of the brain and with an imbalance among developing brain systems This imbalance model implies dual systems one involved in cognitive and behavioral control and one involved in socio emotional processes Accordingly adolescents lack mature capacity for self regulations because the brain system that influences pleasure seeking and emotional reactivity develops more rapidly than the brain system that supports self control This knowledge of adolescent development has underscored important differences between adults and adolescents with direct bearing on the design and operation of the justice system raising doubts about the core assumptions driving the criminalization of juvenile justice policy in the late decades of the 20th century It was in this context that the Office of Juvenile Justice and Delinquency Prevention OJJDP asked the National Research Council to convene

a committee to conduct a study of juvenile justice reform The goal of Reforming Juvenile Justice A Developmental Approach was to review recent advances in behavioral and neuroscience research and draw out the implications of this knowledge for juvenile justice reform to assess the new generation of reform activities occurring in the United States and to assess the performance of OJJDP in carrying out its statutory mission as well as its potential role in supporting scientifically based reform efforts Juvenile Justice Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field **Early Prevention of Adult Antisocial Behaviour**

David P. Farrington, Jeremy W. Coid, 2003-04-17 This book presents a comprehensive summary of how well adult crime antisocial behaviour and antisocial personality disorder can be prevented by interventions applied early in life It reviews important childhood risk and protective factors for these adult outcomes and the alternative strategies of primary prevention targeting the whole community and secondary prevention targeting persons identified as high risk are discussed The book also contains extensive information about prevention programmes in pregnancy and infancy pre school programmes parent education and training programmes and school programmes including the prevention of bullying There is special emphasis on preventing the intergenerational transmission of antisocial behaviour by focusing on family violence and a special review of whether risk factors and prevention programmes have different effects for females compared to males Cost benefit analyses of early prevention programmes are also reviewed leading to the conclusion that adult antisocial behaviour can be prevented both effectively and cost efficiently **Courting Kids** Carla J. Barrett, 2013 Despite being labeled as adults the

approximately 200 000 youth under the age of 18 who are now prosecuted as adults each year in criminal court are still adolescents and the contradiction of their legal labeling creates numerous problems and challenges In Courting Kids Carla J Barrett takes us behind the scenes of a unique judicial experiment called the Manhattan Youth Part a specialized criminal court set aside for youth prosecuted as adults in New York City Focusing on the lives of those coming through and working in the courtroom Barrett s study reflects the costs challenges and consequences the tough on crime age has had especially for young men of color Through observation interviews and the construction of court narratives that trace several kids through the progression of their cases Barrett shows how members of the court worked to develop a humanizing model of justice cognizant of the often difficult realities of adolescent lives Skillfully engaging with some of the most critical issues facing our justice system today from routine judicial practices to the appropriate legal responses to serious adolescent transgression Courting Kids is a compelling study of the law in action Unedited summary for book cover *White-Collar Crime and*

Criminal Careers David Weisburd, Elin Waring, 2001-02-12 Weisburd and Waring offer here the first detailed examination of the white collar criminal career

The Black Child-Savers Geoff K. Ward, 2012-06-29 During the Progressive Era a rehabilitative agenda took hold of American juvenile justice materializing as a citizen and state building project and mirroring the unequal racial politics of American democracy itself Alongside this liberal manufactory of citizens a parallel structure was enacted a Jim Crow juvenile justice system that endured across the nation for most of the twentieth century In *The Black Child Savers* the first study of the rise and fall of Jim Crow juvenile justice Geoff Ward examines the origins and organization of this separate and unequal juvenile justice system Ward explores how generations of black child savers mobilized to challenge the threat to black youth and community interests and how this struggle grew aligned with a wider civil rights movement eventually forcing the formal integration of American juvenile justice Ward's book reveals nearly a century of struggle to build a more democratic model of juvenile justice an effort that succeeded in part but ultimately failed to deliver black youth and community to liberal rehabilitative ideals At once an inspiring story about the shifting boundaries of race citizenship and democracy in America and a crucial look at the nature of racial inequality *The Black Child Savers* is a stirring account of the stakes and meaning of social justice

Choosing White-Collar Crime Neal Shover, Andrew Hochstetler, 2005-11-14 For more than three decades rational choice theory has reigned as the dominant approach both for interpreting crime and as underpinning for crime control programs Although it has been applied to an array of street crimes white collar crime and those who commit it have thus far received less attention *Choosing White Collar Crime* is a systematic application of rational choice theory to problems of explaining and controlling white collar crime It distinguishes ordinary and upperworld white collar crime and presents reasons theoretically for believing that both have increased substantially in recent decades Reasons for the increase include the growing supply of white collar lure and non credible oversight *Choosing White Collar Crime* also examines criminal decision making by white collar criminals and their criminal careers The book concludes with reasons for believing that problems of white collar crime will continue unchecked in the increasingly global economy and calls for strengthened citizen movements to rein in the increases

Prisoner Reentry and Crime in America Jeremy Travis, Christy Visher, 2005-08 The contributors question the causes of public concern about the number of returning prisoners the public safety consequences of prisoners returning to the community and the political and law enforcement responses to the issue

New Directions in Restorative Justice Elizabeth Elliott, Robert Gordon, 2013-06-17 This book is based on papers originally presented at the 6th International Conference on Restorative Justice in Vancouver It is concerned with several new areas of practice within restorative justice with sections on restorative justice and youth aboriginal justice and restorative justice victimization and restorative justice and evaluating restorative justice

The Criminology of Criminal Law William Laufer, 2017-07-05 *The Criminology of Criminal Law* considers the relation between criminal law and theories of crime criminality and justice This book discusses a wide range of topics including the way in which white collar crime is

defined new perspectives on stranger violence the reasons why criminologists have neglected the study of genocide the idea of boundary crossing in the control of deviance the relation between punishment and social solidarity the connection between the notion of justice and modern sentencing theory the social reaction to treason and the association between politics and punitiveness Contributors include Bonnie Berry Don Gottfredson David F Greenberg Marc Riedel Jason Rourke Kip Schlegel Vered Vinitzky Seroussi Leslie T Wilkins Marvin E Wolfgang and Richard A Wright The Criminology of Criminal Law concludes with an analysis of the results of a study on the most cited scholars in the Advances in Criminological Theory series This work will be beneficial to criminologists sociologists and scholars of legal studies Advances in Criminological Theory is the first series exclusively dedicated to the dissemination of original work on criminological theory It was created to overcome the neglect of theory construction and validation in existing criminological publications *The Routledge International Handbook of Juvenile Homicide* Kathleen M. Heide,2023-12-22 The Routledge International Handbook of Juvenile Homicide is the definitive work on juvenile homicide This volume provides an up to date comprehensive and in depth exploration of what is known about juveniles involved in murder Taking an interdisciplinary approach to juvenile homicide this handbook brings together the leading experts in social sciences mental health and law from many countries The volume covers the phenomenon of juvenile homicide from beginning to end by addressing the questions why do kids kill all the way to how does society stop them from killing The tough issues involved in sentencing youths who take the lives of others often deliberately and in horrific ways are confronted through chapters addressing the legal issues child development factors risk assessment public attitudes and ethical concerns The volume brings together research specifically conducted for this volume in addition to summaries and discussions of clinical and empirical findings Each chapter ends with key takeaway points Contributors include psychologists psychiatrists criminologists sociologists lawyers economists biologists epidemiologists and public health and public policy experts Uniquely they examine murder by juveniles across the globe The volume includes research pertaining to the causes correlates and theoretical explanations of juvenile homicide offending Moving beyond discussions of juvenile homicide offenders JHOs as a homogenous group the volume includes research on specific types of JHOs and research investigating age and gender differences among JHOs In addition it draws attention to the empirical factors associated with juvenile homicide offending effective treatment of JHOs recidivism and prevention of violent behavior The volume also makes recommendations for policy and practice including how to shift government policy from punishing lawbreakers to saving lives This volume is essential reading for scholars and students researching youth violence juvenile homicide across a variety of disciplines including criminology criminal justice law psychology psychiatry sociology social work public health and education It is also an invaluable reference for mental health professionals practitioners in the juvenile and criminal justice systems policymakers and government leaders *Policing Gangs in America* Charles M. Katz,Vincent J. Webb,2006-01-09 Policing Gangs in America describes the assumptions issues problems and events that

characterize shape and define the police response to gangs in America today The focus of this 2006 book is on the gang unit officers themselves and the environment in which they work A discussion of research statistical facts theory and policy with regard to gangs gang members and gang activity is used as a backdrop The book is broadly focused on describing how gang units respond to community gang problems and answers such questions as why do police agencies organize their responses to gangs in certain ways Who are the people who elect to police gangs How do they make sense of gang members individuals who spark fear in most citizens What are their jobs really like What characterizes their working environment How do their responses to the gang problem fit with other policing strategies such as community policing Marking Time in the Golden State Candace Kruttschnitt,Rosemary Gartner,2005 In recent decades the nature of criminal punishment has undergone change in the United States This case study of women serving time in California in the 1960s and 1990s examines key points in this recent history The authors begin with a look at imprisonment at the California Institution for Women in the early 1960s when the rehabilitative model dominated official discourse They compare women s experiences in the 1990s at the California Institution for Women and the Valley State Prison when the recent get tough era was near its peak Drawing on archival data interviews and surveys their analysis considers the relationships among official philosophies and practices of imprisonment women s responses to the prison regime and relations between women prisoners The experiences of women prisoners reflected the transformations Americans have witnessed in punishment over recent decades but they also mirrored the deprivations and restrictions of imprisonment Key Issues in Criminal Career Research Alex R.
