Meeting at the Milestone Sigurd Hoel, 2002 In this moving and profound novel Hoel explores patriotism and treason through the major character's memories of the Resistance movement in Nazi occupied Norway during

World War II At the dark centre of the work are questions of why certain individuals turn against their own country their own values their very selves Hoel who was himself active in the Resistance has created a complex web of fact and fiction in which the good Norwegians and the traitors are not always easily distinguishable **Suites** Federico García Lorca,2001 Suites is one of the most charming and melodious of all of Lorca's poem series Written early in his career most of these poems remained unpublished during his lifetime and were later reassembled from notebooks The first appearance of this work in English was in a small chapbook entitled Suites and in the Collected Poems of 1988 but the current edition of Selected Verse contains only a fraction of this important series This is the first complete single volume edition of this great work **Pedra Canga** Tereza Albues,2001 A major new novel by Brazilian writer Tereza Albues **Demonology** Kelly Stuart,2003 A fantastic and yet credible play on gender *Arcanum 17* André Breton,2004 Considered radical at the time Breton's ideas today seem almost prescient yet breathtaking in their passionate underlying belief in the indestructibility of life and the freedom of the human spirit Breton wrote *Arcanum 17* during a trip to the Gaspé Peninsula in Quebec in the months after D Day in 1944 when the allied troops were liberating Occupied Europe Using the huge Perce Rock its impermanence its slow motion crumbling its singular beauty as his central metaphor Breton considers issues of love loss aggression war pacifism and feminism **The Peripheral Space of Photography** Murat Nemet-Nejat,2003 This profound short essay by Turkish born poet and translator Murat Nemet Nejat explores what separates photography from other artistic media He argues that photographic seeing is not a plastic experience but a meditative one built around a relationship between image and words Through a critique of photographs in the Metropolitan Museum of Art exhibition of 1993 he shows repeatedly how the focal points in photographs are often their mistakes blurs over or under exposure etc and spatially exists in their peripheries

Selected Poems Else Lasker-Schüler,2002 A new collection of poetry revised from the original collection published by the Jewish Publication Society *The Exterminating Angel* Luis Buñuel,Luis Alcoriza,2003 An aristocrat called Nobile invites several society friends to his house after the opera But even as the dinner preparations are underway servants feel compelled to leave Despite threats of dismissal the footman also leaves and as other guests arrive other servants escape Dinner is served and hours pass but the guests do not leave Finally each refusing to be the first to leave the party distrust sets in and the guests turn on their host blaming him for their self induced captivity One of Bunuel's most sardonically humorous and visually stunning works **The Sea Below My Window** Ole Sarvig,2003 A woman awakens in a strange room with the sea roaring below She has no idea where she is and even worse who she is As she slowly gains consciousness and tries to piece things together she does not get far She does not understand the language of the country she is in or its currency She knows only that something is terribly wrong and that she is in mortal fear of something she cannot identify Is the eerie quality of everything about her only an illusion Danish writer Sarvig serves up a metaphysical tale of mystery in the vein of Graham Greene **Two Plays** Armand Gatti,2002 Written more than 20 years apart the two plays of this volume reflect the author's
