Red Bologna Max Jäggi, Roger Müller, Sil Schmid, 1977 **Molecular Red** McKenzie Wark, 2015-04-21 In *Molecular Red* McKenzie Wark creates philosophical tools for the Anthropocene our new planetary epoch in which human and natural forces are so entwined that the future of one determines that of the other Wark explores the implications of Anthropocene through the story of two empires the Soviet and then the American The fall of the former prefigures that of the latter From the ruins of these mighty histories Wark salvages ideas to help us picture what kind of worlds collective labor might yet build From the Russian revolution Wark unearths the work of Alexander Bogdanov Lenin's rival as well as the great Proletkult writer and engineer Andrey Platonov The Soviet experiment emerges from the past as an allegory for the new organizational challenges of our time From deep within the Californian military entertainment complex Wark retrieves Donna Haraway's cyborg critique and science fiction writer Kim Stanley Robinson's Martian utopia as powerful resources for rethinking and remaking the world that climate change has wrought *Molecular Red* proposes an alternative realism where hope is found in what remains and endures

Free Public Transit Prince Jason Prince, 2019-10-15 Just like we don't pay to use elevators this book argues that we shouldn't pay to ride public transit In an age of increasing inequalities and ecological crisis movements advocating free public transit push us to rethink the status quo and consider urban transit as a fundamental human right Editors Jason Prince and Judith Dellheim have collected a panorama of case studies from around the world the United States Canada Estonia Greece France Italy Sweden Poland China Australia Brazil Mexico and more These movements are spread across the world and they aim to achieve two main outcomes ecological good and fair wealth distribution Free public transit coupled with increased capacity and improving service of public transit might well be the only viable strategy to eliminating car usage and achieving greenhouse gas targets in industrialized cities within a reasonable timeframe Movements for free mass transit also aim to see public transit treated as a public good like water and garbage service that should be paid for out of general tax revenues or a fairer regional tax strategy This book covers the rapidly changing transport options in cities today including bike and car share options Uber and Lyft and the imminent arrival of driverless vehicles The first English language book ever written on the subject *Free Public Transit* is a ground breaking book for those concerned about the future of our cities and an essential resource for those who make or try to change urban planning and transport policies

Social Movements and Political Power Carl Boggs, 1986 Author note Carl Boggs teaches political science at the University of Southern California *After Difference* Paolo Heywood, 2018-02-19 Queer activism and anthropology are both fundamentally concerned with the concept of difference Yet they are so in fundamentally different ways The Italian queer activists in this book value difference as something that must be produced in opposition to the identity politics they find around them Conversely anthropologists find difference in the world around them and seek to produce an identity between anthropological theory and the ethnographic material it elucidates This book describes problems faced by an activist politics

of difference and issues concerning the identity of anthropological reflection itself connecting two conceptions of difference whilst simultaneously holding them apart

The Red Sea Najeeb M.A. Rasul, Ian C.F. Stewart, 2015-04-02 This book presents a broad overview of the current state of knowledge regarding the Red Sea from its geological formation and oceanographic development to the environmental influences on its ecology and the changes it is experiencing due to the rapid development of its coastlines and role as one of the world's major transport routes The book gathers invited contributions from researchers with an interest in the geology geophysics oceanography and environment of the Red Sea while also providing comprehensive new data and a complete review of the literature It will be of interest not only to researchers actively studying the sea and its surroundings but will also appeal to all those involved in planning and managing the Red Sea its environment its resources and the countries which rely on its existence

Social Economics and the Solidarity City Brendan Murtagh, 2018-09-25 Social Economics and the Solidarity City explores the impact and potential of the social economy as a site of urban struggle political mobilization and community organization The search for alternatives to the neoliberal logic governing contemporary cities has often focused on broad and ill defined political social and environmental movements These alternatives sometimes fail to connect with the lived realities of the city or to change the lives of those exploited in neoliberal restructuring This book seeks to understand the capacity of the social economy to revitalize urban ethics local practices and tangible political alterity Providing a critical account of the social economy and its place in urban and state restructuring this book draws on a range of international cases to argue that the social economy can be made a transformative space Evaluating community enterprises social finance and solidarity economics author Brendan Murtagh maps the possibilities contradictions and tactics of moving the rhetoric of the just city into local and global action

Speaking Out and Silencing A. Bull, 2017-07-05 Commonly referred to collectively as the anni di piombo years of lead the 1970s have been seen as a parenthesis in Italian history which was dominated by political violence and terrorism The seventeen essays in this wide ranging collection adopt different scholarly perspectives to challenge this monolithic view and uncover the complexity of the decade exploring its many facets and re assessing political conflict The volume brings to the fore the ruptures of the period through an examination of literature film gender relations party politics and political participation social structures and identities This more balanced assessment of the period allows the vibrancy and dynamism of new social and cultural movements to emerge The long lasting effects of this period on Italian culture and society and its crucial legacy to the present are lucidly revealed dispelling the widely held belief that the 1970s were largely a regressive decade With the contributions Anna Cento Bull Adalgisa Giorgio The 1970s through the Looking Glass Piero Ignazi Italy in the 1970s between Self Expression and Organicism Paola Di Cori Listening and Silencing Italian Feminists in the 1970s Between autocoscienza and Terrorism Amalia Signorelli Women in Italy in the 1970s Lesley Caldwell Is the Political Personal Fathers and Sons in Bertolucci's Tragedia di un uomo ridicolo and Amelio's Colpire al cuore Jennifer Burns A Leaden Silence Writers

Red Bologna: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Red Bologna : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Red Bologna : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Red Bologna : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
