Jollett began writing *Hollywood Park* the gripping and brutally honest memoir of his life. Published in the middle of the pandemic it has gone on to become one of the summer's most celebrated books and a New York Times best seller. *Los Angeles Magazine* *HOLLYWOOD PARK* is a remarkable memoir of a tumultuous life. Mikel Jollett was born into one of the country's most infamous cults and subjected to a childhood filled with poverty, addiction, and emotional abuse. Yet ultimately his is a story of fierce love and family loyalty told in a raw poetic voice that signals the emergence of a uniquely gifted writer. We were never young. We were just too afraid of ourselves. No one told us who we were or what we were or where all our parents went. They would arrive like ghosts visiting us for a morning, an afternoon. They would sit with us or walk around the grounds to laugh or cry or toss us in the air while we screamed. Then they'd disappear again for weeks, for months, for years, leaving us alone with our memories and dreams, our questions and confusion. So begins *Hollywood Park*. Mikel Jollett's remarkable memoir. His story opens in an experimental commune in California which later morphed into the Church of Synanon, one of the country's most infamous and dangerous cults. Per the leader's mandate, all children, including Jollett and his older brother, were separated from their parents when they were six months old and handed over to the cult's School. After spending years in what was essentially an orphanage, Mikel escaped the cult one morning with his mother and older brother. But in many ways, life outside Synanon was even harder and more erratic. In his raw poetic and powerful voice, Jollett portrays a childhood filled with abject poverty, trauma, emotional abuse, delinquency, and the lure of drugs and alcohol. Raised by a clinically depressed mother, tormented by his angry older brother, subjected to the unpredictability of troubled stepfathers, and longing for contact with his father, a former heroin addict and ex-con, Jollett slowly, often painfully, builds a life that leads him to Stanford University and eventually to finding his voice as a writer and musician. *Hollywood Park* is told at first through the limited perspective of a child and then broadens as Jollett begins to understand the world around him. Although Mikel Jollett's story is filled with heartbreak, it is ultimately an unforgettable portrayal of love at its fiercest and most loyal. Flight, 1926 **The Manic Pixie Dream Boy Improvement Project** Lenore Appelhans, 2019-03-05 Riley lives in TropeTown where everyone plays stock roles in novels. Riley, a Manic Pixie Dream Boy, is sent to group therapy after going off script. Riley knows that breaking the rules again could get him terminated, yet he feels there must be more to life than recycling the same clichés for readers' entertainment. Then he meets Zelda, a Manic Pixie Dream Girl, Geek Chic subtype, and falls head over heels in love. Zelda's in therapy too, along with several other Manic Pixies. But TropeTown has a dark secret, and if Riley and his fellow Manic Pixies don't get to the bottom of it, they may all be terminated.
