Gladchuk,2013-10-11 This work concentrates on tracing the evolution of the so called red menace phenomenon as a means of demonstrating the correlation between growing American paranoia and the success of the anticommunist campaign 1935 1955 The House Committee on Un American Activities 1947 investigation of Hollywood the nation s most visible industry served a critical role in conjuring up anti red hysteria and fanning the flames of virulent anticommunism Using conveniently unjust tactics the Committee painted targeted Hollywood personalities red and established the infamous blacklist certified proof in the minds of many that subversives were indeed conspiring from within A failed attempt on behalf of the Hollywood Ten to demonstrate the Committee s undemocratic nature allowed HUAC to forge ahead with its investigation and establish the anticommunist foundation upon which Joseph McCarthy would construct his campaign Hollywood and Anticommunism stands as an important contribution to McCarthy era literature and should appeal to all interested in the early Cold War and the impact that unwarranted hysteria has had and continues to have on the growth and development of the nation **The Red Menace #1** James P Mullaney,2013 **Captain America** Ed Brubaker,2011-06-29 Six months ago Crossbones kidnapped the Red Skull s daughter Sin from a government re education facility and disappeared into the night Now he and his spawn of infinite evil have come to the American Midwest to tear a new hole in A I M but none of them counted on Cap and Agent 13 stumbling into the mix Collects Captain America 2004 15 21 **THE RED MENACE** Albert DeMond,Gerald Geraghty,1949 **Red Menace** Danny Bilson,Paul Demeo,Adam Brody,2007 HUAC s notorious Red hunter Senator Joe McCarthy and his merciless chief counsel Roy Cohen have subpoenaed the City of Angel s own two fisted superhero the Eagle Revealed under the mask is Steve Tremaine dedicated father and war hero Tremaine wants nothing more than to protect his town But his friendship with Soviet crimefighter the Bear brands the stunned Tremaine a Communist a Red menace Should the Eagle continue his vigilante actions he ll be arrested and jailed P 4 of cover **Television and the Red Menace** J. Illuminating the Dark Arts of War David Tucker,2012-03-01 Since 9 11 the dominant view is that we have entered an era of new conflict in which technology has empowered non state actors who now pose unprecedented and unmanageable

threats to U S national security This unique work studies a range of threats from homegrown and foreign terrorism to the possibility of cyber or Chinese sabotage and fears of religious subversion to challenge every aspects of this new conflict argument and expose its underlying exaggerations and misunderstandings Examining such issues as political violence the role of religion in terrorism the impact of technology and the political aspects of homeland security this unique survey demonstrates how such activities as terrorism are limited by their clandestine nature It also addresses why we need to switch our strategic focus and increase the role citizens have in dealing with such threats This historically informed and critical analysis fills a void in the debates on the threats and conflicts that the U S confronts at home and abroad and will appeal to anyone interested in national security and terrorism

Framing China Ariane Knüsel,2016-04-15 Framing China sheds new light on Western relations with and perceptions of China in the first half of the twentieth century In this ground breaking book Ariane Kn sel examines how China was portrayed in political debates and the media in Britain the USA and Switzerland between 1900 and 1950 By focusing on the political economic cultural and social context that led to the construction of the particular images of China in each country the author demonstrates that national interests anxieties and issues influenced the way China was framed and resulted in different portrayals of China in each country The author s meticulous analysis of a vast amount of newspaper and magazine articles commentaries editorials cartoons and newsreels that have previously not been studied before also focuses on the transnational circulation of images of China While previous publications have dealt with the occurrence of the Yellow Peril and Red Menace in particular countries Framing China reveals that these images were interpreted differently in every nation because they both reflected and contributed to the discursive construction of nationhood in each country and were influenced by domestic issues cultural values pre existing stereotypes pressure groups and geopolitical aspirations

The Terrible 10 Burton A Abrams,2013-10-01 The U S economy made impressive gains in the 20th century but this progress makes it easy to forget a harsh reality Americans were the victims of disastrous government policies that cost trillions of dollars in wasted resources created mass unemployment and kept millions of people in poverty who otherwise would have participated in the nation s growing prosperity A complete dissection of the 10 most egregious economic blunders of the past century this work provides the key lessons to help in avoiding such policy mistakes in the future The Terrible 10 notes that unlike the private sector when the governance of the federal government fails the role and scope of government is usually increased and that politicians from both parties tend to favor short run benefits for friends while imposing costs on current and later generations With issues and blame divided equally among Democrats and Republicans this work stands as a highly readable history of how government economic blunders affect everyone

Criterion Jeff C. Carter,2018-04-05 Criterion is the world s mightiest hero His sidekicks just found his body The Cadets are shattered by the death of their idol Unable to maintain their brave and plucky fa ade they are consumed by strife and jealousy The only thing keeping them together is terror Once protected from on high they are now isolated and vulnerable

Can they cover up Criterion's death and avoid a global meltdown while his murderer is still on the loose? What hope do they have against an enemy that can kill anyone? Who killed Criterion? Who will die next? India on Trial John Evans

Woolacott, 1929 **Border Crossing** Alexander Burry, 2016-04-08 Each time a border is crossed there are cultural, political, and social issues to be considered. Applying the metaphor of the border crossing from one temporal or spatial territory into another, *Border Crossing: Russian Literature into Film* examines the way classic Russian texts have been altered to suit new cinematic environments. In these essays, international scholars examine how political and economic circumstances from a shifting Soviet political landscape to the perceived demands of American and European markets have played a crucial role in dictating how filmmakers transpose their cinematic hypertext into a new environment. Rather than focus on the degree of accuracy or fidelity with which these films address their originating texts, this innovative collection explores the role of ideological, political, and other cultural pressures that can affect the transformation of literary narratives into cinematic offerings.

China Michelle Murray Yang, 2017-06-14 Despite the U.S. and China's shared economic and political interests, distrust between the nations persists. How does the United States rhetorically navigate its relationship with China in the midst of continued distrust? This book pursues this question by rhetorically analyzing U.S. news and political discourse concerning the 2008 Beijing Olympic Games, the 2010 U.S. midterm elections, the 2012 U.S. presidential election, and the 2014-2015 Chinese cyber espionage controversy. It finds that memory frames of China as the yellow peril and the red menace have combined to construct China as a threatening red peril. Red peril characterizations revive and revise yellow peril tropes of China as a moral, political, economic, and military threat by imbuing them with anti-communist ideology. Tracing the origins, functions, and implications of the red peril, this study illustrates how historical representations of the Chinese threat continue to limit understanding of U.S. Sino relations by keeping the nations' relationship mired in the past. *Professional Boxing* United

Subcommittee on Antitrust and Monopoly, 1960 **Political Repression in Modern America from 1870 to 1976** Robert Justin Goldstein, 2001 Enhanced with a new introduction and an updated bibliography, *Political Repression in Modern America* remains an essential record of the relentless intolerance that suppresses radical dissent in the United States.
