Red On Roundball:

Headlights on the Prairie Robert Rebein, 2017-07-15 At the long term care facility where Robert Rebein's father lands after a horrific car crash a shadow box hangs next to each room its contents suggesting something of the occupant's life In *Headlights on the Prairie* Rebein has created a literary shadow box of sorts a book in which moments of singular grace and grit encapsulate a life and a world In the tradition of memoirs such as Tobias Wolff's *This Boy's Life* and Ivan Doig's *This House of Sky* these essays bring a storyteller's gifts to life's dramas large and small Following his award winning turn on his hometown of Dodge City Rebein takes us back to the high plains world where his family has farmed and ranched since the 1920s It is a world populated by feedlot cowboys stock car drivers and farm kids dreaming of basketball glory Here too we find the darker tales of damaged young men returning from war long haul truckers addicted to crystal meth and the sadly heroic residents of a small town nursing home grandiloquently named Manor of the Plains Whether contemplating a fiery crash at a race track coming to terms with an aging parent or navigating the last days of a beloved family dog Rebein offers a subtle unsparing often moving look at the moments that go into making a writer and a man Seen in sharp detail and recalled from a distance his is a story of how a man can leave his home on the prairie and yet never really get out of Dodge

Ostler,2001-10-01 In this first volume Blake T Ostler explores Christian and Mormon notions about God Written for both Mormons and non Mormons interested in the relationship between Mormonism and classical theism his path breaking Exploring Mormon Thought The Attributes of God is a critique of classical theism regarding some of the central concepts that have formed the Christian understanding of God He deals with questions of traditional philosophical theology including free will and foreknowledge the nature of God and Christology The approach to these questions is from the analytic philosophical tradition and includes detailed arguments relating to the coherence of Christian belief scripture and practice However he recognizes that religious faith is far more a product of intimacy with the divine than of ultimacy of reason more a product of relationships than of logical necessities He provides an overview of the most influential Christian notions of deity exploring themes and resources within this discourse that might be helpful to Latter day Saint explorations Also highlighted are various perspectives within Mormonism itself including a detailed analysis of Joseph Smith s Lectures on Faith and discussion of the thought of Orson and Parley Pratt B H Roberts and John Widstoe Earlier Mormon thought is demonstrated to have included a concept of God as a being in process He suggests areas in which Mormon approaches to questions about free agency and God s omnipotence might suggest resolutions to some of the difficult issues that have troubled theologians and philosophers for centuries For the first time ever Ostler formulates a systematic Mormon Christology

Puzzled?! Richard Kenneth Atkins, 2015-03-05 *Puzzled* seamlessly fuses two traditional approaches to the study of philosophy at the introductory level. It is thematic, examining fundamental issues in epistemology, metaphysics, philosophy of religion, and more. It is also historical, introducing major philosophical arguments that have arisen throughout the history of Western philosophy. But its real innovation lies elsewhere. Each of its twelve chapters begins with a traditional argument of a thoroughly puzzling kind: a valid philosophical argument with highly plausible premises but a surprising conclusion. The remainder of the chapter shows how major innovations in the history of philosophy arise as logical responses to that argument. Written with a light touch, *Puzzled* nevertheless offers a rigorous introduction to the ideas it explores and to the foundations of critical thinking itself. It will serve as effectively as a main or supplementary text in an introduction to critical thinking as it will in *Philosophy 101*. *Proceedings, American Philosophical Society (vol. 70, 1931)*, **Kindergarten Primary Magazine**, 1915. The Kindergarten for Teachers and Parents, 1914. **The Kindergarten-primary Magazine**, 1915. The Kindergarten-primary Magazine. Bertha Johnston, E. Lyell Earle, 1915.
