[Michelangelo and the Reform of Art](#)

Alexander Nagel, 2000-09-11

Michelangelo was acutely conscious of living in an age of religious crisis and artistic change and for him the two issues were related. Michelangelo and the Reform of Art explores Michelangelo's awareness of artistic tradition as a means of understanding his relation to the profound religious uncertainty of the sixteenth century.

Concentrating on Michelangelo's lifelong preoccupation with the image of the dead Christ, Alexander Nagel studies the artist's associations with reform-minded circles in early sixteenth-century Italy and reveals his sustained concern over the fate of religious art.

Michelangelo Barbara A. Somervill, 2005

Profiles the life of Italian artist and sculptor Michelangelo, well known for his marble statue of David and his painting of the ceiling of the Sistine Chapel.

Michelangelo's Sculpture Leo Steinberg, 2018-11-28

Leo Steinberg was one of the most original and daring art historians of the twentieth century, known for taking interpretative risks that challenged the profession by overturning reigning orthodoxies. In essays and lectures that ranged from old masters to contemporary art, he combined scholarly erudition with an eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it. His works, sometimes provocative and controversial, remain vital and influential reading. For half a century, Steinberg delved into Michelangelo's work, revealing the symbolic structures underlying the artist's highly charged idiom. This volume of essays and unpublished lectures explicates many of Michelangelo's most celebrated sculptures, applying principles gleaned from long hard looking

Almost everything Steinberg wrote included passages of old fashioned formal analysis but here put to the service of interpretation He understood that Michelangelo's rendering of figures as well as their gestures and interrelations conveys an emblematic significance masquerading under the guise of naturalism Michelangelo pushed Renaissance naturalism into the furthest reaches of metaphor using the language of the body and its actions to express fundamental Christian tenets once expressible only by poets and preachers or as Steinberg put it in Michelangelo's art anatomy becomes theology Michelangelo's Sculpture is the first in a series of volumes of Steinberg's selected writings and unpublished lectures edited by his longtime associate Sheila Schwartz The volume also includes a book review debunking psychoanalytic interpretation of the master's work a light hearted look at Michelangelo and the medical profession and finally the shortest piece Steinberg ever published

Michelangelo Lilian H. Zirpolo, 2020-08-09 Michelangelo A Reference Guide to His Life and Works cover the life and works of Michelangelo Buonarroti Michelangelo is considered to be one of the greatest masters in history and he produced some of the most notable icons of civilization including the Sistine Ceiling frescoes the Moses and the Piet at St Peter's Includes a detailed chronology of Michelangelo's life family and work The A to Z section includes the major events places and people in Michelangelo's life and the complete works of his sculptures paintings architectural designs drawings and poetry The bibliography includes a list of publications concerning his life and work The index thoroughly cross references the chronological and encyclopedic entries [Drawings of Michelangelo](#) Michelangelo di Lodovico Buonarroti

Simoni, 1991-12-01 *Discovering Michelangelo* William E.
