Alien Abductions Justin Erickson, 2007-08-01 Thousands of people around the world have claimed to have been abducted by aliens Is there truth to these reports or did the people make them up in order to get into the headlines This book explores the history of alien abduction stories some of the commonly reported themes and whether or not the stories could be true

Alien Abductions Conrad Bauer, 2020-10-18 The ideas of alien abductions have fueled our imagination What if it happened to you Discover true cases of alien abductions from people claiming being taken by aliens and that came back to tell their story Imagine you're out alone at a park somewhere taking in the scenery and simply enjoying the exercise of a nice walk Suddenly there's a strange feeling in the air You don't know what it is but things somehow just don't seem quite right You look up and there's a light in the sky You see a bright flash and then moments later the light is gone and you resume your hike through the park According to many alleged alien abductees these experiences are often the few sparse moments of conscious recall of an abduction The individual does not know it at the time but he has been an unwilling participant in an extraordinary event In such a situation the only real clue would be a quick glance at the time Our hypothetical hiker looks down at his watch and realizes that over an hour has passed completely unaccounted for Abductees and UFO researchers contend that it is within such an hour of so called missing time that alien entities from who knows where conduct examinations and experiments on us hapless humans Once the aliens have finished their tasks these diligent ET scientists wipe our conscious memories and return us safely to Earth But their technology is apparently not perfect

because some Earth dwellers have allegedly been able to uncover these supposedly lost memories through hypnotic regression This book takes a look at some of these startling claims of alien human interactions that the world has come to know as alien abductions This is not an attempt to prove the veracity of these claims but simply to present them as they are reported so that readers can decide for themselves Scroll back up and click the BUY NOW button at the top right side of this page to order your copy now **A Cosmic Encounter** Stewart W. Bench, 2021-09-08 When an alien craft stalled Stewart Bench's truck on a back country road he tried his best to just forget about it But then they came back and made it personal In *A Cosmic Encounter* for the first time Stewart tells the incredible true story of being encountered and then abducted by aliens As an engineer Stewart uses his technical experience to describe the specifications of the alien craft their technology their communications and their mission You will discover the details of the alien device implanted in his nose the telepathic communication displayed by the aliens and a wealth of information about the layout and operation of their vehicle and equipment This is a highly detailed close up look at how aliens are able to infiltrate our airspace and conduct experiments on humans without any official acknowledgement as well as the personal toll these encounters have on the abductees
